WILL SUBURBS GET A HOSPITAL?

'Zero Hours' Are Set For Million Dollar Fund Goal

THERE'S NO DOUBT ABOUT IT. We of the northwest suburbs need a community hospital.

Wheeling, Elk Grove, Barrington, Palatine and Schaumburg townships have mushroomed in the past decade. For the most part, expansion has been well-balanced, needs being met as created.

Now our greatest need is a community hospital.

This need must be met. And it's being met by contributions of money and work.

A site, on Central rd. in Arlington Heights, has been picked. Architects are now at work on construction plans. Over $100,000 in pledges have already been received.

Early next month fund-raising drives begin to collect additional money needed. Residents of the area have been asked to donate $750,000.

The new hospital may truly be called a community hospital.

It will be located half-way between Barrington and Des Plaines, extremes of the area to be served.

The hospital will be 1 mile from the center of Arlington Heights; 3 and a half miles from the heart of Palatine; 3 miles from Mount Prospect; 4 miles from Prospect Heights; 6 from Wheeling; 1 from Rolling Meadows; 4 from Hoffman Estates, Elk Grove village and O'Hare city.

In 1 day not so long ago, 157 accidents were reported in this area. Emergency cases had to be rushed to Elgin, Evanston, Highland Park or Chicago for treatment. Time and money were wasted.

Time and money—and perhaps lives—will be saved by our community hospital effort.

The hospital will not only benefit each of us on individual and family levels, but also the northwest suburbs as a growing community.

A nearby hospital is an assurance of community security, an incentive to home-building and establishment of good industry and business.

A community hospital sets high standards for community growth.

Almost 2 years ago the 5-township program for establishing a community hospital was born in the offices of Paddock Publications.

Since then we have worked closely with the many committees, trustees, volunteer groups and chairmen who are turning ideas into realities.

Now the end is in sight. A spring deadline has been set for start of actual construction.

The November drive for pledges is the last area-wide effort standing between blueprints and a fully equipped, expertly staffed, modern hospital of our own.

We will be asked for $750,000.

Let's try to give it.

PROPOSED MILLION DOLLAR NORTHWEST COMMUNITY HOSPITAL CENTER

Present First Hospital Plans

Several area chairmen this week announced dates for residential fund drives to raise a million dollars to help finance construction of the Northwest Community Hospital center.

Earl K. Riley and Byron J. Sayre, co-chairmen for Arlington Heights, said Arlington will be canvassed November 8 through 19.

Rolling Meadows chairman Richard L. Windsor has scheduled the same days for canvass of that city.

And Mount Prospect chairman Louis G. Langpop announced November 9 through 23 as drive days in Mount Prospect.

Definite dates are yet to be confirmed by groups in Wheeling, Palatine, Barrington, Prospect Heights and Des Plaines. Early November dates are anticipated.

The architectural firm of Skidmore, Owings & Merrill this week presented its first rendering of the new Northwest Community Hospital Center.

It represents preliminary thinking of the architects and illustrates a 1-story building for central services such as operating rooms, administration, dining rooms and lobby, and a 3-story nursing unit with rooms and beds for 100 patients.

Addition of a second 3-story wing on the opposite side of the building would increase hospital facilities to 200 or 300 beds.

Architects emphasized that final designs will depend upon acceptance by the building committee and area doctors.

Preliminary plans outlining the proposed hospital's specific accommodations will be presented and discussed at a meeting of the architects, building committee and doctors at Arlington Heights village hall Sunday, October 28, at 2 p.m.

Among buildings designed by the firm are the Air Force Academy at Colorado Springs, the Lever Brothers building at New York and

THE FUND drive with a goal of a million dollars was announced last week.

Nicholas M. Lattof, general chairman, has reported progress and mounting enthusiasm in the campaign organization that will include more than 1000 area citizens.

Along with announcement of dates for the Arlington Heights drive, meetings preceding the drive were scheduled for 5 consecutive evenings beginnings October 29 for the 5 groups participating.

Mt. Prospect has called a final meeting of the organization November 8, and Rolling Meadows plans a meeting of area captains October 25.

LATTOF IS encouraged with the number of people presenting unsolicited contributions at hospital headquarters, 8 E. Northwest highway, Arlington Heights.

Wheeling Township Teas For Hospital Aid Hailed

In all townships in the hospital district women continue to sign up as charter members of the Northwest Community Hospital Center Women's Auxiliary, according to Mrs. Albert Peters, vice president of Wheeling township.

The women of Arlington Heights, Prospect Heights and Wheeling have shown tremendous interest in the Auxiliary. Final results of the membership drive cannot be tabulated as yet as the application cards are still coming in and many teas are yet to be given.

Any women residing in Wheeling township who still desire to become charter members of the Auxiliary before January 1, please contact any one of the following women.

Perfection

'God never made His work for man to mend." — Dryden.

Horse's Hoof Lands On Laura's Foot

Seven-year-old Laura Baranowski of N. Yale st. in Arlington Heights, still likes horses.

And that fact is quite surprising after you consider what happened to her last Saturday.

AFTER A PARADE around Westgate shopping center some of the horses and their riders remained nearby and naturally a group gathered around. Laura's mother has been unable to learn exactly what happened but anyway a horse and a rider backed into her daughter, the horse stepping on Laura's right foot.

The girl was rushed to a doctor and it was found that the toenail on her big toe was practically off.

Laura now has a new pair of shoes to go with her sore toe but the main point, says her mother, is that she still likes horses.

Sign Volunteers; Watch For Enemy

Five volunteers have signed up to man a ground observer post expected to go into operation in Arlington Heights within several months, post director Charles Opela said this week.

Negotiations are now under way to locate the post on the grounds of Arlington high school.

OPELA SAID that the post will need 200 volunteers for a full 24-hour operation. Each volunteer skywatcher serves a 2-hour stint weekly. The director hopes for more volunteers from Rolling Meadows, Palatine, Mt. Prospect and Prospect Heights.

All volunteers to date have been Arlington residents.

"Ground observers form a vital link in our civil defense network and volunteers may rightly feel the are doing their country a fine service," noted Opela.

Hospital Auxiliary To Honor Wives

Arrangements have been made by Mrs. Laura Schutz, hospitality chairman of Northwest Community Hospital Women's auxiliary for the auxiliary board to be hostesses to wives of all ldoctors, dentists, and hospital board of trustees at a membership tea in Arlington Heights field house Friday from 2 to 4 p.m.

The auxiliary board consists of officers and chairmen of the parent organization representing Barrington, Maine, Palatine, Wheeling, Elk Grove and Schaumburg townships.

Two Firms Ask Permits To Expand

Further signs of the healthy state of business in Arlington Heights cropped up this week when 2 firms applied for building permits to construct new or larger quarters.

Edward Mayer, owner of Northwest Ornamental Iron works, applied for a permit to erect a $36,000 structure on the lot to the north of the firm's present quarters at 403 S. State rd. The one-story glass front building will be 60x75 feet in dimension and will contain 2 stores.

Building commissioner Fred Hammer Jr. said that the iron works will occupy the larger of the 2 stores.

* * *

AN AUTOMOBILE storage garage will be constructed at 811 N. Wilke rd. if the village board grants a permit to the Arlington Body and Fender shop, 201 W. Campbell. The permit value of the single story masonry building would be $35,000 according to the application submitted by owner John Heintz.

Cars Or Drivers?

Velocitized is a word originated by the American Automobile Association that refers to a condition brought about by continued driving at high speeds.

School Chiefs Urge Passage Of Blue Ballot

Strong endorsements of the Blue Ballot revenue article this week came from the superintendents of the Arlington Heights and Palatine-Rolling Meadows public elementary schools.

SUPT. MARION Jordan of Palatine-Rolling Meadows District 15 pointed out:

"Our present tax system cannot bear the burden of our growing financial problem. Only by a change in the state constitution can the tax base be enlarged to produce additional revenue."

IF THE REVISED revenue article is approved by Illinois voters, it will be up to the legislature to enact new tax laws. The Blue Ballot is on the November 6 referendum.

Supt. R. E. Clabaugh of Arlington Heights also surged voters to approve the measure, saying that it is a first step toward giving Illinois an up-to-date tax structure.

'Nike' Open House

The 13th Antiaircraft Missile Battalion has authorized an open house of the latest addition to the antiaircraft defenses of the Chicago-Gary area.

It will be held Saturday, Oct. 27, from 1 p.m. to 5 p.m. at the NIKE site, located a half mile north of County Line rd. on Quintens rd., north of Deer Grove.

The installation north of Deer Grove has been under construction for many months. In a previous announcement last spring, its cost was placed at a million dollars.

The Nike installation at the former Arlington airport on Central rd. will also have an open house. Tours of the base will begin at 1:30 and 3:30 p.m. with a movie and will include a viewing of missile emplacements. Refreshments at the mess hall will wind up the tours. They will be conducted by personnel of battery A, 86th AA missile battalion, commanded by Capt. William L. Davis.

Take Handcuffed Teen From School

A 14-year-old Mount Prospect schoolboy led Arlington Heights police a not-so-merry chase last Thursday morning until he dropped at the foot of a staircase in Arlington high school, too tired to keep running.

The incident late Thursday morning caused quite a commotion in the neighborhood around the high school. And students in Arlington high school were, to say the least, surprised when 2 policeman came into the school and took the boy away in handcuffs.

* * *

POLICE SAID the lad got into trouble at the school in Mt. Prospect which he attends and was afraid to return home Wednesday night.

The lad, whose father is a serviceman stationed at the Arlington airport, gained entrance to the Elms apartment house at Ridge and Euclid aves. sometime Wednesday night and spent the rest of the night in the basement.

The youth took an empty 12-guage shotgun out of a locker in the basement. It belonged to Richard W. Olson, living in one of the apartments.

THURSDAY morning a janitor, Eric H. Petersen, spotted the youth in the basement. The boy dropped the gun and ran. Petersen saw him around the basement several times more in the morning and called police.

The police chased him out of the building and he fled south across the railway tracks. Exasperated police fired several warning bullets into the air but the boy failed to stop.

Officers Kohler and Bauer attracted the attention of passersby, who joined in pursuit as the lad crossed the tracks again and hustled north along Ridge toward the high school.

High school art teacher Edward J. Fischer, hearing the shouts, called police after the tired boy stopped in his tracks inside the school.

Better Late Than Never

The happiest man in Arlington Heights Tuesday was C. J. (Doc) Williams who became the father of a boy that day. Doc is as old as many a grandfather but is now convinced that everything comes to him who waits.

Stolen Car Overturned

A car stolen from Arlington high school parking lot was overturned and abandoned on Buffalo Grove rd. a mile north of Dundee rd. Thursday afternoon.

Mrs. Carol Jane Martin, Libertyville, was driving north on Buffalo Grove rd. when she saw a 1947 model car totally wrecked and lying on its top on the shoulder of the road.

She told police she saw 2 youths in colored T-shirts and jeans running away from the accident into the fields.

Wheeling and County Sheriff's police joined in a futile search for the youths.

* * *

A DRIVER'S license belonging to Frank Peterson, an Arlington high student living at 318 S. I-Oka, Mt. Prospect, was found in the overturned car. A check showed Peterson, owner of the car, was attending school at the time of the accident.

Police said the car was evidently stolen from the school parking lot.

At Teen Dance

Ramble Inn, the Arlington Heights youth center, will stage its annual Halloween dance in the field house night.

Special guest will be Jim Lounsbury, WGN and WGN-TV disc jockey, who will arrive at 9 p.m.

HIGHLIGHT of the affair will be presentation of a hi-fidelity phonograph set donated by Arlington Heights Lions, sponsors of the center.

This was their first visit to the Wetterhuses since they moved here from Phoenix.

Robert Vetter, son of Mr. and Mrs. Charles Vetter, has been transferred from Camp Leonard Wood, Mo., to Ft. Lee, Va. He is with the Quartermaster corps.

Getting Members

There have been 2 teas and 2 coffees given in Sherwood to get members for the new Northwest Community Hospital Center Women's auxiliary. Mrs. Kenyon and Mrs. Faust gave a tea last week and Mrs. Auld, Mrs. T. C. Carlson and Mrs. W. L. Johnson gave one jointly. Mrs. Nat T. Burgeind and Mrs W. W Holloway each gave a coffee. Several teas have been given all over Arlington Heights to acquaint people with the hospital project and to raise money for it.

The Henry A. Inselbergers went to Warren, Ill. over the weekend to visit his cousin, Herman Wolfrem and family.

Mr. and Mrs. L. W. Gleason came for the weekend to visit their son, Les, and his family. Mr. and Mrs. Gleason live in Remington, Ind.

Mr. and Mrs. R. A. Beckman's daughter, Mrs. Philip Johnson from Riverdale, visited them Saturday with her husband and daughters, Jennifer and Joellyn. Because of the intense fog they stayed overnight before they returned home. Sunday the Beckman's oldest daughter, Mrs. Robert Soderborg, came from Flossmor with her family to have dinner with them. This was the first time the new baby had been to see grandma and grandpa.

Second Son

October 5 was an important day at the Harry Lee home. That was the day Daniel David was born in Sherman hospital, Elgin. He weighed 8 pounds 2 ounces and his sister, Linda, and brother, Terry, are thrilled with him. (A

Charlotte and Jim Ronayne entertained Mr. and Mrs. Casimir Korbecki and 2 of their 3 children October 14. The 2 couples were in college together. The Korbeckis live in Missouri and were in Chicago for the weekend to attend the wedding of Mr. Korbecki's cousin.

Bureau Chief To Give Address On The Christian Science Monitor

The public is cordially invited to hear Max K. Gilstrap, chief of the central news bureau of The Christian Science Monitor, speak on "The Mission of The Christian Science Monitor in the World Today" at Maine township high school on Monday, Oct. 29, at 8 p.m.

As bureau chief of what is considered one of America's three top newspapers, Mr. Gilstrap co-ordinates the activities of Monitor correspondents throughout the twenty midwestern states.

Mr. Gilstrap is a graduate of the University of Oklahoma school of journalism and has done graduate work at Harvard university. He resigned his position as ranger-naturalist in the National Park Service to become natural science editor for The Christian Science Monitor.

During World War II he was editor of The Stars and Stripes in Britain, France, Belgium and Germany. After V-J day he was transferred to the Pacific theater where he served as officer in charge of [illegible] the army weekly.

Prior to assuming his present position in Chicago, he served as assistant to the managing editor of The Christian Science Monitor.

This address is free to the public and is sponsored by First Churches of Christ, Scientist, Park Ridge, Arlington Heights and Skokie.

Catastrophe 'Dry Run' Scheduled

How much medical care would the injured and the dying receive if a major catastrophe were to occur in the northwest suburbs tonight?

Area medical authorities are seriously concerned about this question. Thus twice yearly doctors, nurses and other medical personnel in the area will go through a catastrophe practice at Resurrection hospital.

• • •

AT LEAST 25 doctors will participate in the dry run. Shortly after 7 p.m. the doctors will be notified that a serious accident has occurred and asked to come to the hospital. Nurses and doctors will be on hand as ambulances bring mock casualties into the hospital.

All patients will be examined in a control center set up in the main lobby of the hospital. Then they will be sent to 5 different areas, depending on the seriousness of the injury.

Purpose of the tests is to continually improve the operation of such an emergency-care clinic and to have a standby unit immediately ready to activate in case of a catastrophe. (AF

Weekend Visits

Last weekend Bill and Gale Grashorn and children, Susan, Ann and David, visited Bill's parents, Mr. and Mrs. Lester Grashorn in Sheboygan, Wis. They reported having had a wonderful time, especially the children who took an unexpected swim, clothes and all, in Lake Michigan. "Guess the water was too inviting to resist."

The Dick Evans family, 215 N. Beverly, spent the weekend in La Salle, Ill., with Lois's folks, Mr. and Mrs. William Confrey. The trip was part of a birthday celebration for son Dickie, who was 9 years old October 18.

Norm and Nyna Hoym, 210 N. Lincoln lane, took a 2-day trip last week to Baraboo, Wis.

Scout troop 66, of which Jack Mutti and Billy Kasper are members, went on a weekend camporee at Herick lake.

Friday saw the return of Mr. and Mrs. Charles McCoy, 707 E. Euclid, from a 3-week motor trip to Florida. They visited with their nephew, Aldon Rolf in St. Petersburg, and spent a week in Fort Lauderdale.

Hole-In-One

Friday at Rolling Green Frank Patton, 1019 E. St. James, shot a hole-in-one at the 11th. Congratulations are in order. After the game the Patton family took off for a weekend in Detroit, visiting the R. C. Davis family.

Guest last week of Mae and Paul Peterson, 710 E. St. James, was Mae's 4-year-old grandniece, Nancy Audette of McHenry.

Word has it that Mel and Gracelyn Anderson, former Eastwoodites, are flying to the islands of Nurranu Pali and Windward Oahu. After a brief visit they will be on their way home to Florida.

Sympathy

Sympathy is expressed to the Lee Gustafson family on the death of Lorraine's brother, Don Ballard of Richmond, Cal., who died October 15.

Midget Football

Saturday saw the end of the Midget football games at the recreation park. The games ended as they had begun, without a single mishap all season, for which, needless to say, parents are all thankful.

TV viewers who saw the Courtesy theatre Sunday will be interested to know that the girl who played the part of "Mary Pemberton" is in real life Rita Johnson, sister of Bill Johnson, 315 N. Lincoln lane.

Wednesday all the witches, spooks and what-have-you will be trick or treating. Parents are asked to put something bright on the children so they may be easily seen by motorists.

Party

October 13 Bill and Helen Kasper, 302 N. Lincoln lane, attended a dinner party at the Villa D'Estes in Cary. Bill was guest of honor for it was his birthday. Friends who helped him celebrate were George and Lor Brinke and Carl and Emilie Carlman. (A

Of course she can get along without a dryer

..but why—when ELECTRIC dryers cost so little, are fume-free, fast and thrifty!

Just 6¢ will dry a big load electrically!

One of the wonderful things about having an *electric* dryer is that your clothes come out as fluffy and sweet-smelling as if you'd had them in the sun all day.

No musty basement odor. No fumes. Just clean, dry, radiant heat—like the sun gives.

All electric dryers are fully automatic (a good deal more dependable than the sun). Fast, too. You can dry a load of cottons in 25 to 30 minutes—and for only 6¢ worth of electricity!

You'll notice that all the "no vent" dryers are electric. Heat, lint and moisture just disappear down the drain. Your laundry area stays clean, dry and comfortable.

Why not see your electric appliance dealer?

Public Service Company

Big Saving—ask your dealer about our Share-the-Cost Installation Plan. It's the low-cost way to get the modern 100-amp home wiring you need for today's electric living appliances. The Plan is available to qualified home owners on terms up to 2 years.

If you own an electric range, you save up to $25 on a new dryer! In fact if you have any 240-volt appliance your home probably has modern wiring already. So your complete, installed price on a new electric dryer will be less than any other kind.

Optometrist Opens Office In Westgate

Dr. Paul Newman, optometrist, has opened offices in the new Westgate Medical center at 15 S. Wilke rd., Arlington Heights.

Dr. and Mrs. Newman, with their 10-month-old daughter, Ilene Hope, are presently residing in Chicago and hope to locate in this area. Dr. Newman, who has been practicing in Albany Park, Chicago, received his degree in 1946 from the Chicago college of optometry. (AK

Volunteers Credited With Firehouse Improvements

When Arlington Heights' impressive new fire station is completed and occupied some months hence, the village will have its volunteer firemen to thank for several of its ingenious features.

For it has been the volunteers who have come forward with suggestions for at least 3 improvements not included in the original plans for the structure.

While the handsome brick building was going up on N. State rd. this summer, firemen were picking up ideas in neighboring communities. Another suggestion, for recessed lights near the floor level, was a product of the volunteers' own experience. They tired of carrying a light as they washed their trucks at night.

The 2 ideas adapted from other fire stations are a water pipe extension from a wall for easier filling of trucks water tanks and an electrical mechanism to automotically close doors after a fire truck leaves the station.

Des Plaines' new fire station has such doors while the water pipe idea was taken from Barrington.

* * *

WHILE THE walls are up and the roof on and tarred and plumbing fixtures in, much interior work remains on the structure. The general contractor, Ralph H. Meyer of Arlington Heights, said that work was delayed 3 weeks until a roofing subcontractor could get his men on the job.

It may be around the end of the year before firemen can move in, he indicated.

Meyer is a volunteer fireman himself and proudly described the contributions made by members of the department.

A contract for the $85,000 building was let in May and ground broken in June. On the south side of the main bay, to hold 5 pieces of equipment, will be an entrance hall, reception room, day room, office, a dormitory to sleep 6, shower and toilet facilities and a large room for storage and repair of equipment. Also on the south side are a clothes drying room and a hose-drying tower.

North of the main bay are a kitchen, recreation and meeting room, entrance hall with closets and men's and women's rest rooms.

IN THE CURRENT village budget there is an appropriation for 4 full-time firemen, the village's first.

No examinations have yet been scheduled for the positions. A spokesman for the fire and police commission, which supervises hiring of employees under civil service, explained last week that the commission feels that salaries set by the board of trustees are too low.

Initially, the spokesman said, the salary set was $3,900 yearly. Later it was upped to about $4,200 but the commission hopes for another raise to at least $4,500. Tuesday the village board raised the starting salary to $4,500, matching that in the police force.

The village board must also decide who will answer fire calls on days when the full-time firemen are off. A fifth regular fireman apparently must be hired unless trustees call upon volunteers to man the station weekends. (AF

Mother-Daughter Tea At Our Saviour Sunday

Women's guild of Our Saviour United Lutheran church, Arlington Heights, is sponsoring a mother and daughter tea Sunday at 3 p.m. in Dryden school, Dryden and Rockwell sts. All 3 circles of the guild, under the leadership of their chairmen, Mrs. Daniel Anderson, Mrs. Theodore Meyer and Mrs. Gust Hermanson, are combining to present the event.

A program is being planned which will be of interest to everyone from the youngest daughter to the oldest mother attending, according to the committee. Mrs. D. Wayne Goodpasture, program chairman, will introduce Mrs. John Pfingsten, who will give a toast to the daughters, and Caroline Neas, who will present the toast to the mothers. A group of small daughters from the nursery department of the church school will sing under the leadership of Mrs. Kenneth Machacek, and a string trio from the music department of the high school will play.

Mrs. Vern Heim, president of the guild, has coordinated in the planning the tea, which will have a Halloween theme. All women of the church and their friends are invited. (A

Reformation Festival Is Planned For Our Saviour

Festival of the Reformation will be commemorated at the 11 o'clock chief worship Sunday at Our Saviour United Lutheran church, Arlington Heights, meeting in Dryden school. The Rev. John P. Petersen will preach on the sermon topic, "How Many Luthers?"

At the close of the service, the second in a series of reports from the architectural research committee of the church building committee will be presented. By means of colored slides and recorded commentary, the committee is to describe the new sanctuary of Christ church in Clarendon Hills. Following the report the congregation will again be asked to evaluate its preferences to assist the building committee in making plans for Our Saviour's new church building.

LUTHER LEAGUE will hold a progressive dinner party Sunday evening, meeting at 6 o'clock at the home of Bonnie and Donna Quigley, 707 E. Davis st. All teenagers are invited to meet with the group for this social evening.

Two events are scheduled for men of the Brotherhood later this week, with the regularly monthly meeting of the organization being held Friday at 8 p.m. in Dryden school, and the Illinois Synod Brotherhood convention set for Saturday, A group of men from Arlington Heights will attend the convention sessions, which will be held at Trinity church, Rockford.

Short Lives

A generation is generally considered to be about 33 years, or about three generations to the century.

YMCA Dance, Bridge Classes

Teen and adult dance groups are new being formed at the Northwest Suburban YMCA.

Teen-age dancers are forming a dance club to meet on Fridays at 7:15 p.m. beginning November 2. Opportunity will be available to learn latest rock and roll steps and other dances that will make the fall and winter high school dances a success.

Adult classes for beginners will begin the same evening at 8 p.m. and a specialized dance class for those wishing to learn and others who wish to improve their techniques in the Rhumba, Tango, Jitterbug and other special dances will begin at 9 p.m.

THE DANCE program is under the direction of Orace V. Hansen, one of Chicago's most popular ballroom dancing instructors.

The YMCA is welcoming her back after an absence of nearly 2 years due to an injury incurred in a skating accident. Mrs. Hansen is in demand as a faculty teacher all over the country, had demonstrated and taught on several recent TV shows, and for the sixth year has been invited to serve as judge in the Sun-Times Harvest Moon festival held at the Chicago Stadium. She has also served as president of local and national dance associations.

* * *

ALL OF HER friends are urged to attend the first evening to welcome her back to the YMCA program. Classes all begin Friday, November 2 at the New North school on Rand rd. just west of the Des Plaines river. For further information, call the YMCA office (VA. 4-4156).

Bridge classes will begin on Wednesday, October 31 at the YMCA office at 1488 Miner st. in Des Plaines. Beginners and those wishing to review point count fundamentals will meet from 7 to 8 p.m. The Goren point count system will be taught and small classes will allow for more personal instruction to be given. Those who have been playing bridge, but who feel they are somewhat confused, will find this class ideal to ask questions and receive information that may aid in straightening out their method of play. Both bidding and play will be covered in this class. A day time beginners class will also be organized beginning November 2nd at 1:30 p.m. at the 'Y' office if enough interest is expressed.

* * *

THOSE WHO prefer to do more play of the hand, may enjoy another group forming also on October 31st at 8:15 p.m. This will be a 2 hour session of duplicate play where an opportunity will be given to compare your play with those playing the same hand at different tables.

An emphasis will be made in both groups on the social aspects of bridge and all participants will gain a better foundation from which to play bridge with friends.

All who would like to improve their feeling of ease at the bridge table are welcome to participate. Individuals or couples may join by paying a small membership fee of $5.00 per year. Couples enrolling in just the duplicate session may enroll for just the single $5.00 membership fee.

For further information, call VA. 4-4156 or inquire at the YMCA office. (B

Imperial Model DI-57

It's the new Sheer Look from Frigidaire. Fits to a "T" your kitchen counters. Blends in or builds in anywhere. Lifetime Porcelain Finish, inside and out.

• Hanging heavy, wet laundry is hard work. It's responsible for more rough, red hands than all the dishpans put together—and for more colds than any other household chore. But, they'll all be a thing of the past when you have a '57 Imperial Electric Dryer!

Everything about it is as new as its Sheer Look.

This slim, trim beauty has the sensational new Control Tower that takes over the whole job—does it faster and safer, at little current cost to you. Makes drying clothes a breeze, anyway you please—turns them out billowy-soft or just damp enough for ironing.

The 4-Way Heat Selector lets you choose the heat that's best for your clothes.

A mere touch of the Press Toe Door Opener opens it all the way to give you two hands and room to spare for loading.

Inside, the Frigidaire Filtrator catches and holds lint and sticky moisture before it can get to your room. No venting, no costly plumbing needed.

When drying time is over, pull your fluffy-dry clothes into your hamper, and that's it.

The entire drying job is done and you've hardly lifted a finger. You owe it to yourself to see this new Dryer marvel in action.

Paintin' the Town

JOHN ALLEN

Everyone today wants quality in his products and is always willing to pay for it. It doesn't make any difference what the product is, whether it's PAINT, or something else.

Here's something, ladies and gentlemen, that is quantity, quality and lots of entertainment for a very nominal price: of course, I speak of the "Sixth Annual Night of Harmony." Get a load of this roster:

The Schmidt Bros. Quartet
The For-Mor Quartet
The Barber-Q-Four

Bob Hager will act as M. C. and will present all three of these quartets on the night of November 18, in the gymnasium of the High School. You couldn't ask for more for your money, only $1.50 for adults and 75c for high school or grade school students. All proceeds go to the Community School for Retarded Children. Honestly, you couldn't find a more pleasant way to spend an evening or contribute to a more worthy cause. Members of the Womans Club are co-sponsoring this wonderful program and tickets are available through them.

I know that we of this community can and will support this program, not only because of the proceeds going to such a worthy cause, but because of our own civic pride. Please, get your tickets now.

Virginia Terrace News

Scout News

Wilson school Brownies have had a busy schedule to adhere to in October with 3 excursions planned by their leader, Mary Ellen Van de Merkt. A visit to Paddock Publications on a day when the newspaper was going to press proved to be an exciting and educational experience. A bus and driver supplied by the navy served as a wonderful aide for a tour of Arlington Heights, which included a thorough inspection of the race track facilities and the new construction going on there. Last Wednesday the troop drove to Haegar pottery, Dundee to tour the plant and learn how pottery is made.

The chief money making project for the St. James Boy Scout troop 66 is their annual pancake breakfast which is to be served from 7 until 1 Sunday morning, Nov. 4. Tickets may be obtained from Danny Murray, CL. 3-8143 or Michael and David Ber, CL 5-1197.

Questionnaires Distributed

The committee investigating the possibilities of a tuition kindergarten for the Wilson school district reports that the answers to the questionaires, which were distributed to every family in Virginia Terrace having children 5 years old or under, have been tabulated and that 83 per cent expressed an interest in establishing such a kindergarten and an overwhelmingly large proportion of those interested expressed a desire to help with the work of organization. The next job facing the committee is the distribution of questionnaires to the greater portion of the school district outside of Virginia Terrace. Anyone who was inadvertently missed in the distribution of questionnaires may obtain one from Joan Johnstone, CL 3-8904 or Nancy Griffith, CL 5-0263.

Effective November 1, Lois Kibbe, 1257 N. Illinois, will be the next secretary for the cooperative baby sitting group.

Baptized

Gail McBride, daughter of Connie and Rex McBride, was baptized October 7 in St. John Episcopal church, Mt. Prospect, by the Rev. Robert H. Manning. Gail's godparents were Mrs. Curtis Winters, Los Angeles, Cal., Mrs. Robert Heinze, Chicago, and Dr. Jesse Bond, Akron, Ohio. After the service Connie and Rex entertained at dinner Gail's maternal grandparents, Mr. and Mrs. Stephen Love, her paternal grandmother, Mrs. Eva McBride, Mrs. Jean Heinze and Mrs. Irene Bedor. Mrs. Bedor and Mrs. McBride journeyed from Akron for the occasion.

Michael McArdle Gordon, son of Louise and Wally Gordon, was baptized Sunday in St. Mary Catholic church, Evanston, by the Rev. Paul L. McArdle with Joan and Harry Stevens serving as his godparents. Following the baptism the Gordons served brunch at their home, 1204 N. Race. Those who attended were Michael's maernal grandmother, Mrs. Vermont Folet, Mrs. Francis Griffin, Mrs. Harry Brummel, Joan, Harry and John Stevens and Wally's mother, Mrs. Orin Watts, who is here to visit the Gordons from Eau Claire, Wis.

Timely Shower

A timely surprise stork shower was given for Polly Herbert by Florence Hindon and Sally Freeburg at Sally's home, 1228 Illinois, October 15. Following the party Polly left for Sherman hospital, Elgin, where the George Herbert's third child, Michael Joseph, was born October 16. Those invited to the shower were Mary Ann McCabe, Sonny Meyer, Jo Wayne, Claire 'Cavanaugh, Marylou Crouch, Doris Silver, Arlene Verbeck, Norma Els, Verna Stassevitch, Kathy Gunnison and Gerry Williams.

Indian summer provided time for an outdoor barbecue given Saturday night by Pat and Elm Lechelt. Their guests were Isabel and Raymond Nottoli, Don and Dorothy Ballard, Marie and Tom Bandy, Pauline Carmody, Pat and Dick Davis, Betty and Bill Moreno, June and Vern Hacker and Ray and Virginia Pemberton.

Jean and Kenneth Stevens, 1716 Olive, gave a luncheon party for the children in their neighborhood. Guests included Gregg Meyer, Karen Goodpasture, Billy and Candy Cardinell, Kirk Horter, Kenny Massa, Boyd Francis, Sherry and Cindy Howard, Robin Morrill and Jeanne and Whitney Kellogg.

Visiting Barbara and Joseph Herrity, 1347 Jo lane, is one of Joe's business associates, Kenneth Foy of Washington D. C.

Birthdays

Louise Wilmot celebrated her 10th birthday with an after school party. Her guests included Janet Crowe, Christine Dowell, Linda Lechelt, Sherry Sikorski, Susan and Johnny McCabe and Patricia Cavanaugh.

Seven year old Gail Guderley entertained a group of her friends at her home, 1228 N. Yale, for a birthday party. Those invited were Nancy Kibbe, Nancy Kale, Jane Hult, Kathy Seppala, Pat Courvoisier, Kathy Klint, Gail Shipple, Claire Lowell and her sister, Jean.

Nancy Burra celebrated her fourth birthday with 2 separate parties at her home, 1223 N. Wilke. Saturday her parents, Robert and Carolyn, entertained at dinner Nancy's maternal grandmother, Mrs. Louise Lawrence, her paternal grandparents, Mr. and Mrs. Ben Burra, her uncle who has just returned from a tour of duty with the army, Ben Burra, his finance, Miss Rita Bearer, and other aunts and uncles. Monday Nancy's contemporaries attended an afternoon party. Those invited were Mark and Kenny Francis, Kathy Wolszczak, Susan Whittier, Denny and Debby Burda and Johnny Van de Merkt.

Nancy Raymond, 1337 N. Race, entertained Circle 11 of the First Presbyterian church of Arlington Heights at her home October 17. Virginia Terrace residents included in the group were Mary Margaret Francis, Lorraine Jensen and Helen Zabel.

The Boy Scout fall camporee for the Blackhawk district was held last weekend at Herrick lake near Wheaton. Jay Meyer, Danny Murray and Michael and David Ber attended. (A

Parents Night—Huge Success

Last week 1900 parents visited the classrooms of the K-5 schools. Parents night has always been a big attraction for moms and dads. This year more parents than ever before came to find out what Suzie and Johnny are doing in school and what they hope to accomplish during the year. After the session, parents and teachers compared notes over refreshments during the social hour. This column will have a report on the Junior high parents nights next week.

Parents—Take Heed!!

Did you know that a bicycle license is compulsory in our town? Did you know that a license cannot be obtained unless the bike passes inspection by the police department? Did you know that 694 bicycles were **REJECTED** out of the 1099 bikes inspected during fall inspections held last week at all the schools. This is rather a poor measure of interest in children's safety. Mrs. James Moore, safety chairman, announced that post cards would be mailed reminding parents of the corrections necessary to make the bike safe. She expressed the thanks of all parents to the police for their participation in this activity and to all the school principals, safety representatives and their committees and to the patrol boys for their assistance in the bicycle inspections.

Sabrina Fair Plays To Full Houses

Sabrina came — and conquered — not only the darkly handsome Linus Larrabee Jr. but also the 900 or more people who came to see the play last Friday and Saturday evenings. Talents of the Village Theatre group provided fine entertainment of professional quality. Mrs. Wilbur Simpson, PTA event chairman, and her committee, Mrs. Howard Wittenburg, Mrs. Ellis Larson, Mrs. Herman sen and Mrs. Ervin Kuzera provided the house service that helped make the show pleasant.

Jack Flora Announces Benefit Plans For Foundling Home

Jack Flora, 108 S. Louis, Mt. Prospect, outlined plans at the last meeting of the North Shore auxiliary of the Chicago Foundlings Home for its annual fall benefit play for the home. Flora, who was recently elected president of the auxiliary, stated he had completed arrangements with the Threshold Players to sponsor their first production of "A Roomfull of Roses" November 15. According to Flora this is a family situation comedy which had a successful run on Broadway last year and which also was presented by summer theatre groups in the Chicago area during the past summer.

This is the eighth consecutive season that the North Shore auxiliary will sponsor a Threshold production as one of its fund raising projects for the Chicago Foundlings home. The play will be presented at the Central school in Glencoe.

Palatine couples having an active interest in the success of this project are Mr. and Mrs. Harold Berg, Mr. and Mrs. Clifford Hagberg and Mr. and Mrs. Thomas Stebbings. Mr. and Mrs. William Strevig of Arlington Heights, and Mr. and Mrs. Arnold Watson of Barrington also will be working actively for the benefit. Mrs. Berg is secretary of the auxiliary.

Flora asked the group to put forth extra effort this year to assure the success of raising the balance of the funds required for the John H. Letsinger memorial chapel in the new building planned for the Chicago Foundlings home in Chicago's west side medical center. The John H. Letsinger memorial is a special project sponsored by the North Shore auxiliary. (AMP

Presbyterians To Hold Annual Stewardship Dinners October 29, 30

First Presbyterian church of Arlington Heights is planning to hold its annual stewardship dinners Monday, Oct. 29, and Tuesday, Oct. 30, in Fellowship hall beginning at 6:30 p.m., according to announcement made by Earl G. Ogier, chairman of the stewardship committee. Reservations for the dinner, which is for members and friends of the church only, must be made by Thursday, Oct. 25, as admission is by ticket.

Following the dinner, 30 minutes of movies of various church activities for the past 2 years are to be shown. The movies, which have been photographed and edited by Carl H. Bowen, are to be narrated by Mr. Ogier.

Chairmen in charge of the dinners, which are being prepared by members of the Women's association, include Mrs. Melvin Kurtz, Monday and Mrs. Clarence Davis and Mrs. T. L. Archibald, Tuesday.

Members of the stewardship committee, under whose auspices the dinners and programs are being planned, are Earl G. Ogier, chairman; Mrs. Raymond Voelker, Women's association; James M. Buck, building fund committee; Charles K. Boonette, elder; Albert S. Dunham, G. Howard Tellier and Herman L. Berthold Jr., board of trustees.

Tickets may be purchased by calling Mrs. Ray Voelker at CLearbrook 3-0048 or at the church office at CLearbrook, 3-0492. (A

RETAIN THIS MAN IN THE ILLINOIS SENATE

[X] W. RUSSELL ARRINGTON

W. Russell Arrington, of 929 Edgemere Court, Evanston, has since 1944 represented the old Sixth Senatorial District (Chicago and Evanston) in the Illinois Legislature. He now seeks election on the Republican Ticket to succeed himself as Senator from the new Fourth Senatorial District (Evanston, Niles, New Trier, Northfield and Wheeling).

During his tenure in office he has been continuously endorsed by the Better Government Association, Chicago Crime Commission, Evanston Republican Organization, Evanston Women's Republican Club, Evanston Young Republican Club and by all the other regular Republican and Young Republican organizations in his District as well as numerous civic organizations and educational groups. He is the senior member of the law firm of Arrington and Healy.

The Better Government Association has consistently rated him as a "highly capable legislator." In polls conducted among newspaper and radio correspondents who covered the Sessions of the Legislature, he has been designated as "one of the six outstanding members of the General Assembly."

During the last Session of the General Assembly he introduced 110 measures, most of which were enacted into law (which is recognized as among the most extensive legislative programs ever undertaken by any legislator in the Illinois Legislature.)

Reasons Why Senatorial District No. 4 Should Elect W. RUSSELL ARRINGTON to the State Senate

(1) He has been one of the chief proponents of the so-called Crime Commission Bills, which, following a ten-year struggle, were enacted into law.
(2) He was one of the principal sponsors of the law permitting municipalities to adopt the City Manager form of government.
(3) He has been the chief sponsor in both the Senate and the House of the proposed amendment to the Judicial Article of the Constitution, acclaimed as among the greatest current needs of the State.
(4) He supported the entire school aid program.
(5) He has been one of the principal sponsors of the Revenue Article Amendment.
(6) He was a chief sponsor of the wholly-rewritten Illinois Banking Law, which if approved by the voters at the November referendum will operate to strengthen very substantially the regulation of all Illinois banks.
(7) He handled the Metropolitan Sanitary District's entire legislative program in the Senate during the last Session.
(8) He introduced and passed bills improving administrative procedure for the Chicago, Cook County and Forest Preserve District.
(9) He was one of the chief sponsors of the new drivers license law.
(10) In addition he introduced and had enacted during the past Sessions series of bills effecting improvements in the Illinois corporation laws, which were proposed by the Illinois and Chicago Bar Associations.
(11) The Arrington law providing for a County Assessment Supervisor in downstate counties has been declared by the Illinois State Chamber of Commerce to be one of the most important measures adopted in recent years.
(12) He continued his activities of prior Sessions in striving for substantial improvement in the unemployment compensation laws of the State.

Two Book Reviews For Evening Class

The adult education division of Arlington high school has announced the titles of the 2 book reviews to be given in the evening school course "The World of Books."

Mrs. Purdie Nelson Meissner presents the reviews the second Monday of each month for members of the class. Single admissions are also available for any review.

November 13 at 8 p.m. Mrs. Meissner will review "The Last Hurrah" by Edwin O'Connor. The book to be reviewed for the December meeting of the group on December 10 will be "The Nun's Story" by Kathryn Hulme.

* * *

MEMBERS of the travel and adventure lecture series at Arlington high school will see a film on rapidly changing Africa Tuesday.

"Across Tropical Africa" is an all-color film story of the people and resources of the countries in the tropics, ranging from Kenya on the east coast through the Congo to Liberia on the west coast.

Nine Hole Golf Course, Tire Yard Before Zoners

A 9-hole golf course near Arlington Heights and a 10-acre tire storage yard in Elk Grove township are among projects to be outlined before the Cook county zoning board of appeals next Thursday night.

In public hearing beginning at 5 p.m. in Mount Prospect the board will listen to petitioners requesting zoning changes for 5 new businesses.

The 5 p.m. hearing will be for a change to permit a used tire sorting and storage yard within the boundaries of the proposed O'Hare City. An Arlington Heights used tire dealer, Frank R. Chupich, of 1316 N. Yale, wants to locate on 10 acres on the east side of Busse rd., about 400 yards south of Algonquin rd. A rezoning from farming to light industry will be asked.

Attorney Frank P. Zaleski said that a fence would "have to be" placed around the yard and that a small office building would be erected on the premises. He said the site is about a quarter-mile from the "tanktown" along Oakton st.

* * *

THE ZONING board will move to the Arlington Heights village hall for a 7:15 p.m. hearing on a proposal for a change from farming to B-1 business for a gas station which would be located on the southeast corner of Rand rd. and Thomas ave. just outside the village. The petitioner is Carter Woltman, rt. 2, box 196, Arlington Heights.

There will be 3 more hearings in Palatine village hall, starting at 8:30 p.m. The first seeks a rezoning from farming to B-1 business for property on the northwest corner of Algonquin rd. and Linden lane in Palatine township. Petitioner Tates K. Ladas, 13 E. Miner, Arlington Heights, could not be reached for comment.

* * *

A ONE-THIRD acre parcel on the northwest corner of Rohlwing rd. and Kirchoff rd. in Palatine township will also be up for rezoning from R-3 residence (20,000 square feet) to B-1 business. Petitioner John Phillippe of Palatine said he was "not sure" what type of business he would place on the lot, which is across the street from Rolling Meadows.

The golf course is under construction on 40 acres on the north side of Northwest highway about a quarter-mile west of Wilke rd. Owner Harry G. Paske of Chicago said the rezoning petition was for 7 acres of highway frontage. A farmhouse and buildings are on the course, which includes a large portion of the original Wilke homestead. The course is already graded and seeded. No zoning change was needed for the golf course itself, according to the owner. (B7

Barber-Q-Four To Appear November 18

Sixth annual Night of Harmony will be presented November 18 in the gymnasium of the high school with the Barber-Q-Four as one of 3 quartets vieing for top entertainment honors. The others are the Schmidt Brothers and For-Mor quartet.

The program is being co-sponsored by the Women's club and tickets are available from the members. Proceeds will go to the Community School for Retarded Children. (A

Area Anti-Aircraft Sites To Conduct Open House

An open house will be conducted by all Anti-aircraft sites in the Chicago area Saturday, it was announced by Col. Frank T. Folk, commander of the 45th AAA Brigade.

The date will mark the third anniversary of the first firing of a guided missile at Fort Bliss, Tex., on October 27, 1953, and will be the first time that the citizens of Chicago and vicinity have been offered the opportunity of visiting a site and observing its operations.

Visitors to any of the sites will be given a briefing on the mission of anti-aircraft, the construction of a defense site, training of the individual soldier and then taken on a conducted tour of the radar and launcher sites.

* * *

THE IMPORTANCE of the Niki guided missile in the defense of the nation is best explained by Gen. Maxwell D. Taylor, Chief of Staff, U. S. Army, who said last April:

"The provision of Anti-aircraft defense is one of the most important missions assigned to the Army.

"Ten years ago, the Army gave thought to developing the world's first operational guided missile, NIKE 1, which by now has been effective against every type of drone, missile, and aircraft made available to its targets. Today, the NIKE emplaced around the critical points of our nation can operate effectively against any currently operational aircraft, regardless of height or speed.

"Behind this missile, the NIKE B, is coming along, which anticipates the capabilities of even higher performances of weapons in which the new evolves naturally from the experience gained from the old. Each new version uses a part of the equipment and sites of the preceding one, so that the family grows with maximum economy."

All Anti-aircraft sites in the Chicago-Gary area will be open to the public from 1 p.m. until 5 p.m., Saturday. Nearby sites to be open are near Arlington Heights and Palatine.

* * *

VISITORS will be taken on tours of the Arlington airport installation at 1:30 and 3:30 p.m. by Capt. William L. Davis, commanding officer of Battery A, 86th AA Missile battalion and battery personnel.

Tours will start with a background film on the Nike missile followed by a tour of the base, including missile emplacements. Refreshments will be served to visitors in the mess hall. (B7

Elk Grove Manor

Mr. and Mrs. Harry Zender returned October 15 from a week's trip to Iowa and Nebraska. In Audubon, Iowa, they visited Mrs. Zender's brother. In Nebraska they stayed with friends, Mr. and Mrs. Lumir Ehrenberger in Schuyler, another friend, Mrs. Lincoln Applegate, in Sutherland and then Lincoln, where they visited the capitol buildings and the University of Nebraska, which Mrs. Zender attended.

Also taking a short trip were Mr. and Mrs. Ed Ostrowski. They visited friends in Merrimac, Wis., October 16 and 17.

Mrs. Ray Johnson and son, Paul, visited Mary Johnson at Beloit college October 14.

Goes to Crystal Lake

Mrs. Regina Schroeder left October 17 after a 4-month stay with her son and family, the John Schroeders. She will be spending some time at the home of another son in Crystal Lake.

Saturday a birthday party was held for Susan Blast at the Blast home. Her guests for games and refreshments were Pamela Blakely, Linda Kappa, Cheryl Kim and Susan and Sandra DePalma. Sunday Susan's relatives came for coffee and birthday cake.

Eddy Moder went to Potawotamie park October 10 with the altar boys from Holy Ghost school.

Mr. and Mrs. William Cowing of Chicago were Sunday afternoon visitors at the Frank Kessler home.

While adjusting a swing stage Thursday afternoon Frank Kessler suffered a badly torn hand when a piece of iron equipment smashed against it.

Steering Failure

Erling Blast escaped severe injuries when his car somersaulted into a ditch on Landmeier rd. Thursday evening. A failure of the steering equipment made it impossible for him to take a curve in the road.

Elk Grove Manor Home Owner's association held a meeting Friday in the basement of the E. Blast home, Martha st. There were 10 members attending. It was disappointing to the officers that some of the ladies from the subdivision did not attend as they had hoped to get their view points on the planning of a social affair for the near future. Ed Ostrowski of Lincoln lane was appointed chairman of the upcoming social affair.

The problem of getting the public school bus to come into the subdivision to pick-up and return the children was talked over, and although a letter had been sent to the school board with a formal request for this, the decision of the school board had not yet been received. Drainage and incorporation problems were discussed, but no definite decisions were made.

TAKING LESSONS on any instrument is a chore to many youngsters, but to Jerry Campbell, 41 S. Ridge, Arlington Heights, a student at Carter Music studio in Mt. Prospect, his talent paid off on a TV program to the tune of this handsome hi-fi set. Jerry appeared on "Rising Generation" TV show on Channel 7.

Jerry is a freshman at Arlington high school, and plays trumpet. He will appear on the all-winners show the first and second Saturdays in November. Winner of that series will be flown to New York where he will be given a big-time audition and meet many celebrities.

Schools Key To Election, Declares Democrat Kinser

The financial crisis confronting the schools of the area is the paramount issue of the current election campaign, according to Harry L. Kinser, Democratic candidate for state representative in the new 6th District.

Kinser added that the northwest suburban area of Cook county, which comprises most of the 6th District, has in his view the most serious school problem in the state. He attributed this in large part to the rapid population increase.

* * *

HE CALLED for immediate action by the legislature to meet the crisis.

He outlined the following program:

1. Increased state aid to financially distressed school districts.
2. The creation of a revolving fund by the state for the purpose of making school construction loans to districts with inadequate school facilities.
3. A more equitable system of assessment of taxes so as to produce increased revenue for the support of the school system.

* * *

4. **ADOPTION** by the state of such measures as necessary to qualify Illinois for obtaining any federal school aid which may be forthcoming.
5. Establishment of a state advisory body whose function would be to plan for the years to come with respect to school financing.

Arlington High School Has New Electrical Training

If your boy in Arlington high school recently carted off the family radio, television or high fidelity apparatus under the excuse of "testing it out at school," you probably know that the school has something new in the way of electronics.

That something new is described as an electronic training kit and it was purchased from the Radio Corporation of America for a cool $3,447.

No other high school in the nation has one, says the firm, which has, however, sold them by the dozens to industry and the armed forces.

The kit is a valuable educational tool for students in electrical workshop courses, points out instructor John W. Griffiths. For with it, students can learn through observation how some 30 different types of electronic circuits operate.

* * *

TYPICAL circuits which can be set up are super-heterodyne and frequency modulated circuits, all types of high fidelity gear and radar circuits. Students can study such mysteries as circuit voltage and wave form characteristics and in general learn how and why electronic gadgets work (or don't work).

Ten different circuits can be operated at one time and if you think the noise in your home is bad sometimes, you ought to stick your head into the electrical shop some afternoon.

"With the kit we can duplicate actual operating conditions of a great variety of equipment," noted Griffiths. "The boys are as enthusiastic about the kit as I am, and that means they're learning more." B7)

Windows Will Get Hallow'en 'Face Lifting'

The Arlington Heights Chamber of Commerce will again sponsor Halloween window painting contest from 9 a.m. to noon Saturday.

Students of the 7th and 8th grades will paint 198 windows throughout the major shopping areas of the village, according to Dwight Wallace, Executive Secretary of the chamber. Each pair of young artists will be assigned a space and washable paint will be provided. Sketches will be approved at the child's school, and may not be changed once they are approved.

* * *

JUDGING WILL BE done by 4 members of the Women's club art committee Saturday afternoon. Winning notices will be placed on the successful painting. The art work will be judged upon originality, composition, quality of drawing, and over-all attractiveness. Cash prizes will be awarded.

Dutch Family Needs A Home

A family of 4 which arrived in Arlington Heights Friday after a plane trip from the Netherlands is seeking to rent a home in the village.

The Rev. Paul L. Stumpf, pastor of the First Presbyterian church, sponsors of the family, said that a 2-bedroom home at a "reasonable" rental is being sought for the Huibert Visee family.

Visee, a toolmaker and dental technician, is temporarily employed at Lattof's. The family is living with the John P. Hightower family until they can find a home of their own. (AF

A WINNING TEAM—the HI-LIGHTS—will appear as featured guests of the Young People's Dance Sunday night at Our Lady of the Wayside, Arlington Heights. The dance will be held in the parish hall with the music of Al Ragland and his Trio. The Hi-LIGHTS will make 2 appearances later in the evening and will sing their current favorite, City of Angels.

With The Blue Birds

Friendly Bluebirds

After a short business meeting, the Friendly Bluebirds worked on Halloween decorations. The group then played "Looby Loo" and "Blue Bluebird."

Hostess for the day was Grace Bellino.

Honey Bear Bluebirds

Members discussed future plans including their Halloween party. Committees were formed and a great deal of enthusiasm was displayed. Cake was served by Christie Schumaker. The girls finished lacquering their snack plates, and the entire meeting was held in Mrs. Crommelin's yard. Remainder of the time was spent playing games.

Merry Bluebirds

Plans were made for a pinning ceremony to be held at Mrs. Roth's home next week. The girls made carnation nosegays and wrote invitations to their mothers to attend the pinning ceremony. Some new songs were learned and refreshments were served by hostess, Nancy Chlupsa and Linda Genevich. Memory books were completed and plans were made for a Halloween party. Meeting closed with friendship circle.

Forest View Bluebirds

Plans were made by the Forest View Bluebirds at their last meeting for a Halloween party. Barbara Schwake served the treat at the meeting. Mrs. Smital, leader of the group, was absent for the meeting.

Helping Pixies

The meeting of the Helping Pixies was held outside and members learned several new games and also to dance the Virginia Reel.

Susan Barr was hostess for the day.

Minnehaha Bluebirds

Mrs. Mears and Mrs. Knutsen escorted the group on a tour through the Creamery Packaging Co. The girls enjoyed seeing the many steps necessary to transforming a piece of metal into a shiny milk can. (A

CORA DORNAN

Ladies and gentlemen, meet Cora Dornan. Cora is the new manager of our fountain at the Harris Pharmacy. Many of you will recall that she and her husband owned and operated Cordels on the highway for a number of years. Cora is anxious to welcome her old friends, so why not drop in and pay her a visit. You'll find that same deft touch has been added to the food—the touch that made Cordels known for its fine food.

Incidentally, I'm proud to be able to help promote the Sixth Annual Night of Harmony to be presented at the High School the night of November 18. Not only is the program one of the finest ever to be presented, but the cause for which it is being run is certainly worthy, The Community School for Retarded Children. This is work being done right in our own back yard, and I certainly believe that we should support a cause as worthy as this.

Tickets are available from any member of the Womans Club (co-sponsors)—adults $1.50 and grade school or high school students just 75c. Let's show other communities that we can present and support a cause that will take care of those less fortunate than ourselves. See you November 18th?

NEW FICTION

"Rachel Cade" by Charles Mercer. Against a stirring background of Africa, the exciting and moving story of a woman's search for love and understanding. "That Egyptian Woman" by Noel Gerson. A novel of Caesar and Cleopatra. "The Captain General" by John P. Stevenson. A novel of Spanish intrigue and Dutch valor; of men and women who ruled the richest gem in Spain's colonial treasure.

"The Royal City" by Les Savage Jr. A novel of Santa Fe in the days of the Pueblo revolt; filled with action and intrigue. "The Trumpet of God" by David Duncan. A novel of one of the most moving and mysterious events of the Middle Ages — the Children's Crusade.

"One Small Candle" by Mary MacKinnon. A novel about a woman's fight to win her husband's love. "Captain Rebel" by Frank Yerby. The story of the daring exploits of the Confederate blockade runners.

"Face Toward the Spring" by Faith Baldwin. The inspirational almanac of a woman's year. "The Rib of the Hawk" by Rosamond Marshall. A novel of Renaissance Rome. "The Hungry Leopard" by Mary Borden. A novel of sustained suspense that deals with the eternal mystery of human personality.

"The Night of the Tiger" by Al-Dewlen. Against the background of a small Texas frontier town in the 1880's. "Queen of the East" by Alexander Baron. A historical novel of the third century, A.D. presenting a solid picture of Rome's decline. "A Call for Doctor Barton" by Elizabeth Seifert. A dramatic story of suspense and injustice in a small town.

"Without Regret" by F. W. Kenyon. A novel of modern marriage. "If I Forget Thee" by Robert S. deRopp. A biblical historical novel with a setting in Jerusalem 66 A. D. "Our Valiant Few" by F. van Wyck Mason. The author brings to life the great Southern ports of Charleston and Savannah struggling in the grip of the Union naval blockade.

"Never Too Late" by Angela Thirkell. Another one of the author's stories of Barsetshire. "When the Wind Blows" by Leon Phillips. The story of a boy and girl who fell in love during the great depression of the 1930s in Chicago.

THINKING OF BUYING A BIGGER HOME?

. . . WE'RE PLANNING TO BUILD ONE FOR YOU

in Rolling Meadows

There's more to a home than just four walls and a parcel of land. It takes a vast amount of architectural-engineering research and planning before a foundation is poured, a nail hammered, a door opened to welcome guests. And one of the most important phases in home planning is complete knowledge of current trends . . . what home design and features people want and how much they want to pay. That is precisely the information we're after in Rolling Meadows, so we can plan a new, special home series. Inquiries to our office indicate that a good number of Rolling Meadows residents are interested in bigger homes with more convenience features. To these families we direct this home survey-questionnaire.

As soon as the results are tabulated and studied, we are going to design and build the homes you want with the features wanted most. These homes will be offered in a special section of Rolling Meadows to its residents before they are made available to the general public.

Waysiders To Hold Annual Holiday Fair November 4

Our Lady of the Wayside Catholic Woman's club, Arlington Heights, invites all parishioners and general public to visit the annual Holiday Fair Sunday, Nov. 4, from 8 a.m. to 6 p.m. in the parish hall, 432 S. Walnut.

Hundreds of items have been made by women of the club, and will be grouped into various sections. There will be Christmas decorations, toys and doll clothes, felt skirts for the young miss, baby apparel and other unusual gift suggestions. Home-made fruit cakes will be available for the early shopper and youngsters will find a special table of inexpensive gifts for their own shopping list.

The Holiday Fair, one of the many undertakings of the school committee, has become more popular each year because it affords such an excellent opportunity to do early Christmas shopping, reports Mrs. Edmund Deal, chairman of the fair. She continued, "women have been working for the past 3 months to present unique as well as attractive handmade items."

Mrs. Daniel Bittner is chairman of the school committee and Mrs. Russell E. Gilmore is president of the club. (A

PEOPLE WISE
MARTINIZE

Say, just took onto myself a new bride, will soon be settled here in Arlington Heights in our new home, have a wonderful job with Barney Erickson and everything seems to be wonderful. Just had to tell all of our customers that I'll soon be back performing "Miracles" with this wonderful cleaning process called "Martinizing." Man, it's real good to be alive.

It just doesn't seem right that one man should be so happy when there are so many around that are so much more worthy. That brings to mind that more than worthy cause, the Community School for Retarded Children. The Sixth Annual Night of Harmony being presented at the High School November 18 is donating all proceeds to this school, which I think is very commendable. Here is a show that offers one of the finest nights of entertainment that you will see anywhere and all proceeds go to help others. Let's all make this a big SUCCESS. Tickets are available from any member of the Womans Club.

Thanks, Mr. Erickson for letting me get the message across, and I assure you that my WIFE and I will see and hear those wonderful quartets November 18.

Mayor Goedke Honors Oil Industry With Proclamation

Mayor Goedke has officially proclaimed October 14 to 20 as Oil Progress Week in Arlington Heights.

The proclamation sets aside the week to call attention to contributions of the oil industry toward modern living.

The proclamation statement was presented to the mayor by the local service station dealers, bulk fuel oil dealers and other residents associated with the industry.

* * *

LOCAL OIL MEN explained how new and improved products of the petroleum industry are playing a more important role in daily living. Such things as clothing, medicines, plastics, and products for the home are made better and cheaper because of the highly technical and competitive oil industry, they said.

Mayor Goedke said in the proclamation that for nearly a century the men and women of the oil industry have championed those principles of competitive freedom, initiative, and industrial liberty on which our nation is founded. He also said that through the practice of these principals the oil industry has come to symbolize the attainment of a standard of living previously unknown. (AF

Ask School Site In New Annexation

Victor L. Bedingfield, president of the Arlington Heights elementary board of education, Monday put in a bid for a school site in a subdivision newly annexed to the village.

The board hopes that the village will turn over to the school district land donated in an addition to Stoltzner's Greenview Estates, a subdivision along Foundry rd.

The plan commission decided after a pro and con discussion by neighborhood residents that Salem ave. is to be a full-size street.

A subdivider developing 4 lots bounded by Campbell, Wing and Salem, asked to be allowed to dedicate only 17 feet for the right of way for the eastern half of Salem between Wing and Campbell. The board rejected his request and ruled in favor of a 33-foot dedication. (A

Along the Camp Fire trail

At the Tawanka Campfire Girls' weekly meeting members worked on rank requirements. They wrote up the hike they took October 13 and told about the 3 things of nature they had found. A new game was played and then they had popcorn.

The meeting was closed with the friendship circle.

Ordinance No. 972

AN ORDINANCE REZONING THE SOUTH HALF OF LOT SIXTEEN (16) IN A. T. McINTOSH'S ARLINGTON HEIGHTS FARMS, AND AMENDING AN ORDINANCE ENTITLED: "AN ORDINANCE TO CLASSIFY, REGULATE AND RESTRICT THE LOCATIONS OF TRADES AND INDUSTRIES AND THE LOCATION OF BUILDINGS DESIGNED FOR SPECIFIC USES; TO REGULATE AND LIMIT THE INTENSITY OF THE USE OF LOT AREAS AND TO REGULATE AND DETERMINE THE AREA OF YARDS, COURTS, AND OTHER OPEN SPACES WITHIN AND SURROUNDING SUCH BUILDINGS, AND TO ESTABLISH THE BOUNDARIES OF DISTRICTS FOR THE SAID PURPOSES AND PRESCRIBING PENALTIES FOR THE VIOLATION OF ITS PROVISIONS," PASSED ON THE 29TH DAY OF AUGUST, A.D. 1927, AND APROVED ON THE 29TH DAY OF AUGUST, A.D. 1927.

WHEREAS heretofore a petition of the owner for rezoning and reclassification of the premises and tract hereinafter described, from Residence District A to Residence District B, was filed with the Clerk of this Village and referred to the Zoning Board of Appeals for hearing thereon, and

WHEREAS the Zoning Board of Appeals of this Village, after giving due notice of such hearing as required by law, held a hearing on said petition and has recommended to the President and Board of Trustees of this Village that said parcel of land and premises, which is now zoned as falling within Residence District A, be rezoned by placing same in Residence District B, and classified the same as Residence District B property; and,

WHEREAS it appears that the property adjacent to the north has recently been acquired by the Trustees of Schools of Township 42 North, Range 11, East of the Third Principal Meridian, and is now being improved by a large school house, and therefore is no longer subject to Residence District A use, and that the property immediately to the west is now zoned for industrial purposes, and has been so zoned since 1927 when the original Zoning Ordinance of this Village went into effect, and is now planned to be improved commercially on a large scale; and,

WHEREAS such improvement of the property to the north and to the west will make the petitioner's property no longer desirable for single family residential development, and the requested rezoning of said premises will create a buffer between the industrially zoned and commercially developed property to the west thereof and the Residence District A property to the east thereof; and

WHEREAS the requested rezoning of said lot and parcel of land is not contrary to the purposes and intent of the Act of the Legislature of the State of Illinois authorizing the zoning of property, and is in conformity with the principle of creating a buffer area between property zoned for industrial purposes and property zoned for single family residence purposes; therefore,

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS:

SECTION 1. That the ordinance entitled:

"AN ORDINANCE TO CLASSIFY, REGULATE AND RESTRICT THE LOCATIONS OF TRADES AND INDUSTRIES AND THE LOCATION OF BUILDINGS DESIGNED FOR SPECIFIC USES; TO REGULATE AND LIMIT THE INTENSITY OF THE USE OF LOT AREAS AND TO REGULATE AND DETERMINE THE AREA OF YARDS, COURTS, AND OTHER OPEN SPACES WITHIN AND SURROUNDING SUCH BUILDINGS, AND TO ESTABLISH THE BOUNDARIES OF DISTRICTS FOR THE SAID PURPOSES AND PRESCRIBING PENALTIES FOR THE VIOLATION OF ITS PROVISIONS."

passed on the 29th day of August, A.D. 1927, and approved on the 29th day of August, A.D. 1927, and published according to law, as amended, be amended, and that the classification of the property hereinafter described made under the provisions of said ordinance and any amendments thereto, be changed by taking out of Residence District A, as therein defined, and rezoning and placing same in Residence District B, as therein defined, the following described premises, to-wit:

The South Half of Lot Sixteen (16) in A. T. McIntosh's Arlington Heights Farms, a subdivision of the South Half of the Southwest Quarter of Section Twenty-eight (28), Township Forty-two (42) North, Range Eleven (11), East of the Third Principal Meridian, also of the Southeast Quarter of the Southeast Quarter of Section Twenty-nine (29), Township Forty-two (42) North, Range Eleven (11), East of the Third Principal Meridian, in Cook County, Illinois,

all of which premises hereinbefore described being and lying within the present corporate limits of the Village of Arlington Heights, and that said lot and parcel of land shall be entitled to all of the privileges and be subject to all of the restrictions relating to property classified as Residence District B, as set forth in said ordinance.

SECTION 2. All ordinances or parts of ordinances conflicting with the provisions of this ordinance are hereby repealed insofar as they conflict herewith.

SECTION 3. Any person, firm or corporation, who shall violate, disobey, omit, neglect or refuse to comply with or who shall resist the enforcement of any of the provisions of this ordinance shall be fined not less than TWENTY-FIVE ($25.00) DOLLARS nor more than TWO HUNDRED ($200.00) DOLLARS for each offense. Each day that a violation is permitted to exist shall constitute a separate offense.

SECTION 4. This Ordinance shall be in full force and effect from and after its passage, approval and publication, according to law, and shall be known as Ordinance No. 972.

PASSED this 16th day of October, 1956.

CARL H. WEINRICH
Village Clerk

APPROVED this 16th day of October, 1956.

ALBERT W. GOEDKE
President

Ordinance No. 973

AN ORDINANCE REZONING LOTS SEVENTEEN (17), EIGHTEEN (18), NINETEEN (19) AND TWENTY (20) IN BLOCK FOUR (4), IN NORTHWEST HIGHLANDS, AND AMENDING AN ORDINANCE ENTITLED: "AN ORDINANCE TO CLASSIFY, REGULATE AND RESTRICT THE LOCATIONS OF TRADES AND INDUSTRIES AND THE LOCATION OF BUILDINGS DESIGNED FOR SPECIFIC USES; TO REGULATE AND LIMIT THE INTENSITY OF THE USE OF LOT AREAS AND TO REGULATE AND DETERMINE THE AREA OF YARDS, COURTS, AND OTHER OPEN SPACES WITHIN AND SURROUNDING SUCH BUILDINGS, AND TO ESTABLISH THE BOUNDARIES OF DISTRICTS FOR THE SAID PURPOSES AND PRESCRIBING PENALTIES FOR THE VIOLATION OF ITS PROVISIONS," PASSED ON THE 29TH DAY OF AUGUST, A.D. 1927, AND APPROVED ON THE 29TH DAY OF AUGUST, A.D. 1927.

WHEREAS heretofore a petition of owners and persons interested, for rezoning and reclassification of the premises, lots and tracts hereinafter described, from Residence District A to Commercial District, was referred to the Zoning Board of Appeals for hearing thereon; and,

WHEREAS the Zoning Board of Appeals of this Village, after giving due notice of such hearing as required by law, held hearings on said petition and has recommended to the President and Board of Trustees of this Village that said lots and premises which are now zoned as falling within Residence District A, be rezoned by placing the same in Commercial District, and classifying same as Commercial District property; and,

WHEREAS it appears that said lots herein sought to be rezoned are vacant and unimproved, and that this Village has an option for the purchase thereof for the purpose of erecting thereon a water storage tank in connection with the expansion and improvement of its municipal water system, and the aforesaid contemplated use of said premises is in the public interest; and

WHEREAS said premises are located adjacent to the north limits of said Village and the rezoning thereof is not contrary to the purposes and intent of the Act of the Legislature of the State of Illinois authorizing the zoning of property, and is in conformity with and will permit the orderly expansion and improvement of the municipal water system of this Village; therefore,

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK, AND STATE OF ILLINOIS:

SECTION 1. That the ordinance entitled:

"AN ORDINANCE TO CLASSIFY, REGULATE AND RESTRICT THE LOCATIONS OF TRADES AND INDUSTRIES AND THE LOCATION OF BUILDINGS DESIGNED FOR SPECIFIC USES: TO REGULATE AND LIMIT THE INTENSITY OF THE USE OF LOT AREAS AND TO REGULATE AND DETERMINE THE AREA OF YARDS, COURTS, AND OTHER OPEN SPACES WITHIN AND SURROUNDING SUCH BUILDINGS, AND TO ESTABLISH THE BOUNDARIES OF DISTRICTS FOR THE SAID PURPOSES AND PRESCRIBING PENALTIES FOR THE VIOLATION OF ITS PROVISIONS,"

passed on the 29th day of August, A.D. 1927, and approved on the 29th day of August, A.D. 1927, and published according to law, as amended, be amended, and that the classification of the property hereinafter described made under the provisions of said ordinance and any amendments thereto, be changed by taking out of Residence District A, as therein defined, and rezoning and placing in Commercial District as therein defined, the following described premises, to-wit:

Lots Seventeen (17), Eighteen (18), Nineteen (19) and Twenty (20), in Block Four (4) in Northwest Highlands, a subdivision of the East Half of the South East Quarter (except the 2 acres in the extreme Southeast Corner) of Section Nineteen (19), Township Forty-two (42) North, Range Eleven (11), East of the Third Principal Meridian,

all of which premises hereinbefore described being and lying within the present corporate limits of the Village of Arlington Heights, and that said lots and parcels of land shall be entitled to all of the privileges and be subject to all of the restrictions relating to property classified as Commercial District as set forth in said ordinance.

SECTION 2. All ordinances or parts of ordinances conflicting with the provisions of this ordinance are hereby repealed insofar as they conflict herewith.

SECTION 3. Any person, firm or corporation, who shall violate, disobey, omit, neglect or refuse to comply with or who shall resist the enforcement of any of the provisions of this ordinance shall be fined not less than TWENTY-FIVE ($25.00) DOLLARS, nor more than TWO HUNDRED ($200.00) DOLLARS for each offense.

The Village of Arlington Heights, Illinois, will receive sealed Proposals for the construction of Business District Parking Facility No. 1 until 8:00 P. M. (Central Standard Time) on the 7th day of November, 1956, at the office of the Village Clerk at the Village Hall, Arlington Heights, Illinois.

All Proposals received will be publicly opened and read aloud in the Village Hall at Arlington Heights, Illinois, at 8:00 P. M. (Central Standard Time) on November 7, 1956.

The contract documents, including plans and specifications, are on file and available for inspection at the office of the Village Clerk of the Village of Arlington Heights at the Village Hall.

Copies of documents, including plans and specifications, required for review or bidding purposes may be obtained only from the Village Clerk by depositing $3.00 with the Village Clerk for each set of documents so obtained.

The full amount of the deposit for one set of documents and one-half of the deposit for any additional sets of documents will be refunded to each Bidder who submits a formal proposal to the Village of Arlington Heights and who also returns the plans (and specifications on additional sets) in good condition to the Village Clerk within ten (10) days after his bid security has been returned to him.

A certified check or cashier's check drawn on a solvent bank in the State of Illinois, payable without condition to the Village of Arlington Heights, Illinois, in an amount not less than ten per cent (10%) of the bid shall be submitted with each Proposal.

No bid shall be withdrawn after the opening of Proposals without the consent of the Village of Arlington Heights for a period of thirty (30) days after the scheduled time of closing bids.

The Village of Arlington Heights reserves the right to reject any or all Proposals and to waive any informalities in bidding.

The successful Bidder will be required to furnish a satisfactory performance bond in the sum of the full amount of the contract.

In general, the improvement on which Proposals are requested will require the following construction: Approximately 3,000 square yards of eight inch Waterbound Macadam Base Course with 2" Bituminous Concrete Surfacing (1-11), together with lighting and drainage appurtenances for Business District Parking Facility No. 1, located between Vail Avenue and Dunton Ave., and between Sigwalt Street and Campbell Street.

Plans and specifications for this project were prepared by Consoer, Townsend & Associates, Consulting Engineers, 360 East Grand Avenue, Chicago 11, Illinois.

Dated at Arlington Heights, Illinois this 15 day of October, 1956.

NEEDLE in the GROOVE

by PAUL LITTLE

by PAUL LITTLE

The "do-it-yourself" trend has come to high fidelity, much to our approval.

The Heath Company of Benton Harbor, Mich., has pioneered complete hi-fi home systems in kit form, which can be put together even by the rankest tyro who need only follow the explicit instructions and use a soldering iron and a pair of long-handled pliers.

To hear music with superb realism on a system you have put together yourself is a rewarding experience in this day and age of passive enjoyment. And the economy is plain: a system with a radio-FM tuner, 25-watt amplifier and preamplifier and 4-way speaker system in cabinet costs about $275, as against nearly double for the same system if bought assembled. Your critic will appear on Channel 11, TV, next month to demonstrate hi-fi on records and tape and show how you can bring "live" music to your living room easily and inexpensively.

* * *

NOW TO A stack of lps of great artistic and sonic merit, to please all tastes.

From Classic Editions, we applaud another stimulant to "do-it-yourself;" and this is the famous "Music Minus One" series.

For example, if you're a violinist, you can get a 12-inch disc with a Haydn quartet recorded on it, all except one violin part. Printed score comes with the album, so that you can play your violin with the other three musicians, vastly improving your technique, to say nothing of the enjoyment.

Classic has now begun a jazz series in the same manner: "I Got Rhythm" lets you play piano along with jazz stars like guitarist Barry Galbraith, bassist Milt Hinton and the great drummer stars Osie Johnson in tunes like "Body and Soul," "April in Paris," "The Man I Love," "Sometimes I'm Happy."

Chords are furnished in score form, and you can improvise to your heart's content, really get the "feel" of jazz. It's fun!

* * *

ALSO FROM Classic, 2 important 12-inch albums featuring music by the great Russian composer Nicholas Miaskowsky, who was born in 1881 and died six years ago. He wrote 27 symphonies, only the Sixth and Seventh of which are well known in America. But his passionate eloquence, his mastery of style and orchestration, shine in these albums; one offers his last symphony and the engaging Divertimento, the other his powerful and dramatic 16th symphony and the youthful Overture in G Major, both recordings being by the State Radio Orchestra of the USSR under noted Soviet conductors.

Here is another indication of the value of lp, in acquainting us with deserving music often denied us at the concert hall. Excellent sound, as well.

* * *

FROM EPIC, a magnificient 2-disc album by the Cleveland Orchestra under George Szell of Dvorak's wonderfully rollicking, heartwarming Slavonic Dances, Opus 46 and 72, and Szell's own admirable arrangement for full string orchestra of the moving, autobiographical quartet by Bedrich Smetana, "Aus Meinem Leben." Stunning in artistic concept and breathtaking in sonic reproduction.

And don't miss Epic's 2-disc recorded performance of Donizetti's sparkling comic opera, "Don Pasquale," with Renato Capecchi outstanding in the title role and soprano Bruna Rizzoli as the flirtatious, guileful Norina, achieving one of the most delightful performances on operatic discs; this is a treat from beginning to end, suing and acted to the hilt!

* * *

FROM ELEKTRA Records, a marvelous "pops" piano disc (EKL-111) by Stephen Kovacs, the Hungarian-born artist who placed fourth in a 1936 world competition for piano (Emil Gilels was second!). Kovacs' virtuosity in the Khachaturian "Sabre Dance," Gould's delicious "Pavanne," Gershwin's "Somebody Loves Me" the bouncy "12th Street Rag."

Eisenhower's Birthday Is Celebrated By Citizen Group

The Arlington Heights Citizens for Eisenhower staged a birthday celebration Saturday in honor of the President.

This non-partisan group working for the re-election of Dwight D. Eisenhower also participated in Prospect Heights merchants' parade. Their float was a mammoth red, white and blue birthday cake with local high school girls singing "Happy Birthday, President Eisenhower."

* * *

IN THE AFTERNOON, birthday cakes baked and decorated by members of the committee were delivered to the Arlington Heights Rest Home, Magnus Farm, St. James Convent, the Lutheran Home for the Aged, Our Lady of the Wayside Convent and the U. S. Amy Nike base.

The opening of an information booth in the lot at 20 W. Campbell street coincided with the other birthday activities. Members of the committee will staff the booth each Saturday from 9 a.m. to 5 p.m. until Election day.

Eisenhower jewelry and literature will be available to contributors. (A

The music department of Arlington high school has been busy putting the finishing touches on its operetta, "No, No, Nanette."

Some 108 students are taking active parts in the 3-act comedy. Production dates are November 2, and 3, at 8:15 p.m. in the girls' gym.

"No, No, Nanette" is a light-hearted creation by Vincent Youmans. The plot switches from a present day living room of Mr. and Mrs. James Smith to the beach at Atlantic City.

A cast of 15 will handle the individual numbers. Lola Hamm has been cast as Nanette, a friend of Mrs. Smith (Charlene Curatti). The part ofMr. Smith, a millionaire, will be handled by Bruce Burgess.

The cook (Linda Clemens) and 3 friends of Nanette's (Mary Jansen, Sandy Bjorgo, and Sue Stevens) become involved in the procedures, as do the lawyer (David Curtis), his wife (Brenda Rudolph), her nephew (Eugene Freeman), and 2 friends (Mary Ann Fabian and Francis Gemmil). Completing the cast are three traveling Misses (Gail Streich, Judy Clabaugh, and Linda Spratt).

* * *

THE TITLE SONG, "No, No, Nanette," is joined by some other notable melodies, including "Too Many Rings Around Rosie," "I Want To Be Happy," "Tea for Two," "Call of the Sea," and "I'll Be Waiting for You."

A 65-member choir will back up the soloists and furnish "The Maids," "The Marrieds," and "The Bachelors," smaller choral groups taking parts as cast members.

Dancing included in the operetta will be performed by members of the Orchesis, Arlington high dance group directed by Miss Jo Rene Bond. Twenty-eight girls compose the orchesis roster.

Vern Stahnke and boys from the freshman boys chorus and choir are handling the stage construction. Edward Fischer and students from his art classes are designing all of the sets.

* * *

ROBERT EATON and a student committee will be handling the lighting effects. Student committees also managed the costume, properties, and make-up.

June Leick and Robert Wolff are directing the operetta. Department chairman Fredrick Schmoyer has trained the orchestra and Martin Dahlberg is serving as business manager. (ACM

BAR-BER-Q-FOUR will appear at the Night of Harmony Sunday night, November 18, at the Arlington high school gymnasium.

Heights Juniors Open Season With Mardi Gras

Arlington Heights Junior Womans club opened its season with a mardi gras dance at Fred's Place October 13. Claude Johnson's orchestra provided music at the affair.

Proceeds, which amounted to $500, will go to the club's philanthropies which include Northwest Community hospital, Community School for Retarded Children and others.

Decorations were the result of efforts of the dance committee and various club members. Those in attendance were able to display their ingenuity at costume making and it was difficult to choose winners for the best costumes. Mr. and Mrs. George Bond won first couple's prize dressed in very authentic Chinese costumes. Their prize was a gift certificate at Bowen's Hardware store.

Woman's individual prize was won by Mrs. Herbert Herrmann wearing a black flapper dress including appropriate jewelry and pink satin jeweled shoes. Her prize was a gift certificate at the Town and Country shop in Prospect Heights.

Stephan Bratko was awarded the man's individual prize of a gift certificate at Sundberg's Store for Men in Mt. Prospect for his original Indian costume.

Refreshments of sandwiches and coffee were served during the evening. (A

Trinity Women Invite Area To Shop Early For Yule

"An early Christmas shopping spree" is what members of the Rolling Meadows Trinity Lutheran Women's guild are hoping will take place Saturday, November 3 when the women sponsor their second annual bazaar in Kimball Hill school auditorium, Park st. and Meadow dr.

Starting at 2 p.m., the sale will run until 7 p.m. Booths featuring a variety of merchandise will be operated by guild members. Among items available will be fancy work, baby goods, baked articles, candy, clothing, Christmas cards and wrappings, as well as novelty articles.

* * *

A FEATURE of the bazaar will be the "Colonial Lady." In a large hoop-skirted dress, the Colonial Lady will have surprise pockets for the children.

Funds raised through the bazaar will be used for the new church building fund. The church building is under construction at present on Meadow dr. south of Kirchhoff rd.

Neighbors In Need

This isn't a tale taken from a book, but a story of real people—the Kleiner family of Zurich Heights. After being in their new home only two weeks, the father, W. T. Kleiner, age 48, came down with bulbar polio. That was fourteen months ago. Spending time in an iron lung at first and having had a tracheotomy performed, he miraculously recovered sufficiently to return home many months later. His wife, Katherine, and family of six boys and one girl, aged from eighteen months to sixteen years, didn't have an easy time of it trying to maintain a normal home until he could come home.

* * *

ONE MONTH AGO, this same W. T. Kleiner was admitted to Highwood hospital with a possible middle ear infection. Making no progress under treatment, a brain surgeon was brought in for consultation. He immediately transferred Mr. Kleiner to Mercy hospital in Chicago. Last week, Mr. Kleiner underwent surgery for removal of a tumor located at the base of the brain. His chances for recovery aren't even a hundred to one. He is now in an oxygen tent and in coma.

The community of Lake Zurich is going to hold a dance on Saturday, October 27, at the Lake Zurich Fire House on Old Rand Road. All proceeds will go into a Kleiner Trust Fund. Even if you can't dance, just come and help a mighty deserving family. Mothers and teenagrs of Lake Zurich are making a house-to-house canvass with tickets for the dance. Abbie Koehler of Zurich Heights is the chairman of ticket sales.

TICKETS are available at all Lake Zurich stores or checks can be mailed to the Kleiner Fund, 18 E. Main St. Lake Zurich.

Appoint Raymond Kirk Pastor Of Winthrop Harbor Meth. Church

Bishop Charles W. Brashares has announced the appointment of Rev. Raymond H. Kirk as pastor of the Winthrop Harbor, Ill. Methodist church, effective October 28. Mr. Kirk has been assistant pastor of Arlington Heights Methodist church for 1½ years while doing graduate work at Garrett institute in Evanston.

Rev. Birger Dahl,, district superintendent of the Chicago northern district, and a former pastor of Arlington Heights Methodist church, explained that he was reluctant to disturb the happy relationship in Arlington Heights but that he knew Mr. Kirk's fine qualities and felt that he was needed in Winthrop Harbor more than in Arlington Heights.

Dr. Hughes B. Morris, pastor of the Arlington Heights church, stated he was "sorry to see Mr. Kirk leave Arlington Heights but this is an opportunity for him to have a church of his own and since it is his desire, we could not stand in his way." Mr. Kirk replied, "while we want very much to go, we leave Arlington Heights with mixed emotions." (AMPh

To Dismiss School Early For Parleys

Children of the public elementary schools will be dismissed early in the afternoon for 2 weeks beginning October 29, to provide time for parent-teacher conferences, Supt. R. E. Clabaugh announced.

Junior high school students will go home at 2:03 p.m., and kindergarten through fifth grade groups on regular sessions will be dismissed at 2:35 p.m. Double session classes, including kindergartens, will not be dismissed early, except that all kindergarten classes will be dismissed on October 29.

Mrs. L. Knudsen and 2 children of Mundelein spent Thursday visiting the Gale Best family. Mrs. Knudsen is Mr. Best's sister.

Mrs. Florence Fingle and Mrs. Gloria Fole of Glenview spent last week on a trip to Minneapolis and St. Paul. On the way back they spent a couple of days in Luck, Wis., as guests of the Henry Hansens.

Mr. and Mrs. Robert Currier went to Lincoln, Ill., Saturday to visit their son Bruce.

Mrs. Fred Gutekunst, mother of Mrs. Robert Currier of Algonquin rd., celebrated her birthday last Wednesday. Helping her celebrate were her sisters, Mrs. Georg Krumbach of Deerfield and Mrs. William Hildebrandt from Des Plaines. (A

Arlington Masons Host To Past Masters Night

In one of its biggest meetings of the year, Arlington Heights Lodge No. 1162, A.F.&A.M., was host Thursday to more than 160 Masons at its annual Past Masters night.

Speakers included the Most Worshipful Brother Milton T. Sonntag, Grand Master of the State of Illinois, and The Reverend Hughes B. Morris, pastor of the First Methodist Church, Arlington Heights, both members of the Masonic Lodge at Plainfield, Ill.

* * *

MORE THAN 60 attending the ceremonies at Arlington's Presbyterian Church were from various out-of-state lodges, as well as Illinois lodges.

Fifty year, charter and twenty-five year members of the Arlington lodge were honored along with Past Masters of the local lodge.

Grand Master Sonntag recounted the growth of Freemasonry throughout the world since the end of the war, especially its rise in Germany, the Philippines, and Japan.

* * *

CHARLES WEISENBACH, Worshipful Master of Arlington's lodge, officiated at ceremonies. Dinner, prepared for the occasion by wives of the lodge officers, was held in the church dining room.

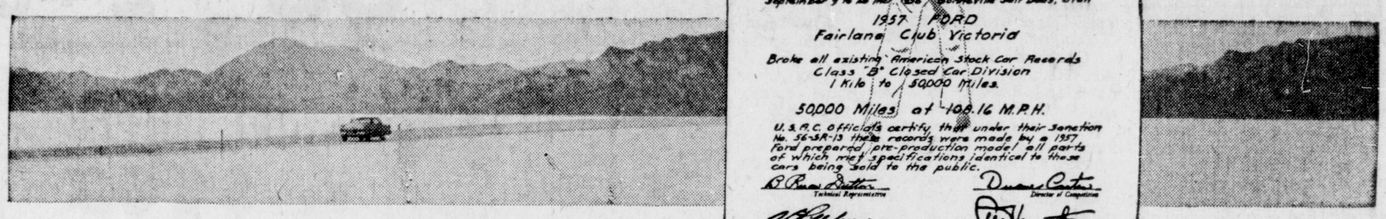
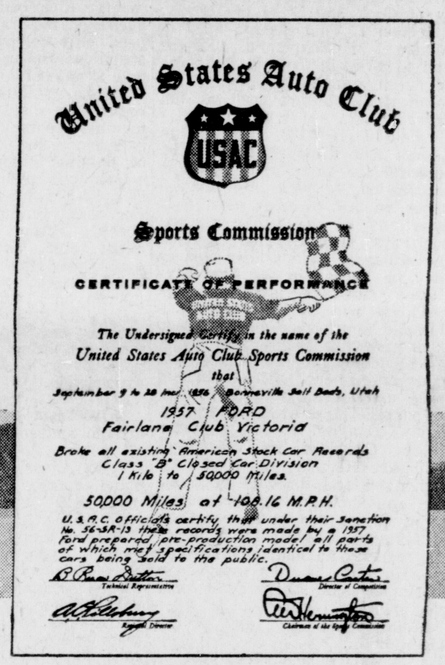
Never before in history has anything

built by man traveled so far in so short a time

—by land or sea!





An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords—identical in every respect with cars now being offered by Ford Dealers.

Under supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two '57 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run . . . Ford No. 2, over 107 mph. These averages include time for all pit stops.

In all, the '57 Ford smashed 458 national and international records.

This test was run on the Bonneville Salt Flats in Utah... it was the longest left turn in history.

A car, like a man, is known by its *deeds*, not *words*.

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

We wanted them to prove to you—in action—the *stamina* and performance we had built into them. No words of ours could speak with equal conviction.

Therefore, we engaged an independent engineering organization to test our '57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them.

Here is what they did:

They took these cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice around the world . . . a distance equal to 5 years of normal driving.

Not in all history has a man-built machine traveled so far in so short a time—by land or sea!

But this was not a test of *speed*—but of endurance of the "Inner Ford." A trial to take the measure of Thunderbird Y-block V-8 power without qualification of any kind. A test of running gear—of brakes, of materials in body and chassis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as *no* cars have ever undergone, let alone successfully concluded.

We feel that by their deeds, you shall know the '57 Ford cars.

Surely they have told you, in decisive terms, that they are *worth* more when you *buy* . . . and when you *sell!*

Your Ford Dealer will gladly place at your disposal the *new kind* of Ford that means a new kind of value for your car-buying dollar—the greatest the world has ever seen.

Cards Plan Victory Show For Dads Against Glenbard

KICKIN' IT AROUND

by Bob Paddock

BASKETBALL has snuck up on us once again, with initial workouts going on at most colleges by now, and official opening of practices in most suburban leagues slated to start next week. From Illinois we have received word that Coach Harry Combes is hoping to have a top-notch center combination of George Bon-Salle, who gained so many rave notices last season, and Ted Caiazza, former West Suburban league star from LaGrange.

Ted Caiazza

Ted, now standing 6-7 and weighing 235, appears to have recovered from a knee operation which prevented him from earning a letter last year as a sophomore. If his knee holds up the Illini might have one of the strongest center combinations in the country. Other lettermen returning for the Illini include Capt. Harv Schmidt of Kankakee, Don Ohl of Edwardsville and Bill Altenberger of East St. Louis.

When football is over Hiles Stout of Peoria Center will join the squad. Also listed on the varsity roster as of this moment are John Paul of St. Edward of Elgin, Roger Taylor of Rich, plus freshmen Mannie Jackson and Govoner Vaughn of Edwardsville. There are others, too, of course, but we thought these particular names would sound familiar to local fans.

★ ★ ★

WE WERE AMONG the thousands of fans at Wrigley Field Sunday who wondered just what the penalty was that cost George Blanda a field goal, and switched the Bears from 9 points ahead to 1 point behind in a matter of 2 plays. Field announcer stated "not reporting" as the cause.

Ever since the tackle eligible play was outlawed in pro football, any player going in on offense either in the backfield or at offensive end who does not ordinarily play that position must report to the referee that is playing at that spot.

M. L. Bracked, normally a defensive end, dashed into the game as offensive end, and reported to the umpire. He did not report to the referee, however. Blanda made his field goal, the failure to report to the proper official nullified the effort, and 2 plays later the Colts had a touchdown instead. Those 10 points could have been as important as the try for TD instead of a field goal was a year ago when it cost the Bears the western division title.

In the closing seconds that time the Bears elected to try for a touchdown when a field goal from close in would have brought them victory. The TD attempt failed and the Bears later lost the western division title by a half game.

FIVE BASKETBALL RULES interpreters appointed by the Illinois high school association met in Chicago Monday to receive instructions on the proper interpretations for the 1956-57 cage code. The interpreters, well-known basketball officials, will interpret the new rules at 19 basketball rules interpretation meetings sponsored by the IHSA and held in different parts of the state during the first 2 weeks in November. H. V. Porter, national federation executive secretary and secretary of the national basketball committee, was in charge of the discussion at the all-day session. The major part of the discussions were centered around the more important rules changes for the 1956-57 season. These changes are significant this year and some of them may have an important bearing on team play and game strategy.

Here are a few of the rules changes for 1956-57: (1) The rubber or composition covered ball, if approved by the national federation, is legal in every respect. If provided by the home team, visitors may not object. (2) On a jump, the ball becomes alive when it leaves the official's hand. The clock, however, does not start until the ball is legally tapped. (3) If a technical foul occurs before the jump to start any period, the period is started by administering the penalty. (4) Players during a free throw and non-jumpers during a jump ball may not have either foot across the plane of the restraining lines. (5) A throw-in may not be made from directly behind the basket. (6) On a free throw, the first two alleys on each side of the lane must be occupied by opponents of the free thrower. (7) The rule against goal tending now applies to the offense as well as the defense. (8) It is a technical foul if a player grasps the basket ring or net.

CROSS COUNTRY is picking up at Arlington . . . The local harriers finished third in the league tournament, and have a chance of making the first division in final duals . . . Bright spot is that the first 5 boys in the league meet included 2 juniors and 3 sophomores . . . Varsity football lineup is also going along with younger players with 7 juniors and 1 sophomore among the starters, though real purpose is partly due to such a small representation from the senior class on the squad.

It will be leatherneck night at Heights Friday night when a marine color guard from Glenview presents the colors as 4 ex-leatherneck coaches, Scott, Beckman, Mudge and Bohac, stand at attention.

York high school district voters will decide on a bond issue for a second high school Dec. 8 . . . LaGrange has 2 lettermen back for the tennis team, with both varsity and frosh-soph squads in the midst of fall workouts . . . New bowling lanes at Libertyville are expected to open soon . . . Glenn Johnson, who quarterbacked Michigan State football teams in '41, '42 and '45, won Michigan amateur golf crown in '54, '55 and '56 . . . The Spartans, by the way, will play home grid contests with Indiana, Purdue, Illinois, Notre Dame, Minnesota and Kansas State next fall.

There are only 7 full-blooded Swedes on the Minnesota football team this year, while there are 12 of German nationality.

Up Minneapolis way 1 sports writer has asserted "we'll have major league baseball soon, possibly by 1958 . . . It may be New York Giants, although 3 American league teams have indicated interest" . . . Quick quote from Ray Eliot after Illinois worked out in shorts 1 warm day: "I'm never going to do that again . . . Never realized how little some of those boys are without those pads."

★ ★ ★

NORB SARGENT, Arlington grad, is 130 pound veteran reporting to Illini wrestling coach Pat Patterson for initial workouts . . . List of men reporting includes several familiar names, including veteran Bill Muther of New Trier, and 2 boys who'll report right after football, Bob Salata of Waukegan and Jim McMillen of Antioch, son of the all-American of a few years back . . . Pro scouts regard 3 quarterbacks in the nation as being outstanding . . . Included are Lenny Dawson of Purdue, Paul Hornung of Notre Dame and Jim Brodie of Stanford.

Frank Stanicek of Hinsdale scored the only TD for Knox against St. Olaf Saturday, after the Siwashers had been breezing along the victory trail so happily . . . St. Olaf changed their tune, 40-6.

Former Palatine Relays star Ron Long of Mooseheart is No. 1 cross country runner for Indiana . . . Playing right end for DeKalb is Al Schoenbach of York . . . Tom Skubich of Hinsdale is listed at halfback . . . On the cross country team at Northern Illinois is John Kilcullen of Maine, currently No. 2, plus Nick Walsh of York . . . Proof that West Suburban league cross country is tops is borne out by Glenbard shellacking Elgin 15-58, and Maine whipping Evanston, 19-42 . . . LaGrange is tops in the state . . . Three schools from the league, by the way, finished among the first 7 in the state meet a year ago, including 1-2.

Arlington Has 7 Jrs., 1 Soph With Starters

Gala evening of festivities and football are planned at Arlington high school when the Cardinals take on Glenbard in the next to last 1956 football game, the dads of players and cheerleaders are honored, and a marine corps color guard will work withthe high school band in presenting the colors.

In addition the usual halftime band and baton twirling show will prevail. It will be dad's night with fathers of players sitting on the sidelines wearing the same numbers as their sons. A detachment of 6 marines will be on hand to escort and raise the colors, watched by many marine officers and their families.

* * *

THE VARSITY has a chance to cop a couple of victories in these final 2 games of the season. Glenbard won the first 3 games of the series between the 2 schools, but the locals have copped the last 2, including that 27-12 affair last year with Sujack scampering for 3 touchdowns.

Past scores:
51—Glenbard 22, Arlington 0.
52—Glenbard 13, Arlington 7.
53—Glenbard 18, Arlington 6.
54—Arlington 7, Glenbard 0.
55—Arlington 27, Glenbard 12.

* * *

COACH ORSBEE will start a lineup of 1 sophomore, 7 juniors and 3 seniors Friday night, looking toward next year. Another sophomore is certain to see plenty of action, so it'll be a young team that will attempt "to show dad" it can play winning ball.

Arlington's defense against LaGrange was acceptable last week, except for an interception and kickoff return, and coaches are hoping for more of the same against Glenbard.

* * *

THE FROSH-SOPHS hope to field a team at full strength for the first time this year. Many injuries have plagued the squad. Barbour and Sander expect to be back in action with ankles in order. Bader and Westergaard also will be taped up for Friday's encounter which could mean good news for frosh-soph fans.

Passing of Ken Hadland and Jeff Heintz against LaGrange was good, as well as the receiving by Dave Ebert. Fullback Allen Sander played his usual good game at fullback, with "Tennessee fireball" Jim Morris operating fine at halfback. Coaches Bill Beckman and Dick Mudge hope they can do as well against Glenbard.

Football Dads To Don Numbers Of Sons At Arlington Friday

Dads of varsity and frosh-soph football players at Arlington high school are asked to pick up numbers of their sons just prior to game time at the table located at the south end of the field Friday night.

The dads will sit in chairs along the west sidelines, including fathers of managers and cheerleaders, in the annual Dad's night game as the Cardinals meet Glenbard.

Frosh-soph dads are asked to turn in their numbers immediately following the preliminary game so varsity fathers can be re-issued the same numbers, according to athletic director Wally Grace. There is only 1 set of numbers for the dads available.

Card Frosh Top LaGrange

It remained for the freshmen to cop the only Arlington win of the weekend from LaGrange. Other 3 grid squads, plus the cross country runners, all bowed to the Lions.

But with Coach Curtis Larsen's yearlings it was a different story. The freshmen went ahead and were tied the first half, then took over the second half with darn good football to whip the young Lion Cubs, 13-7.

* * *

BOB LEEKLEY intercepted a LaGrange pass in the opening quarter and ran 20 yards for the score after a previous 35 yard drive by Heights had been stopped. Conversion pass was missed.

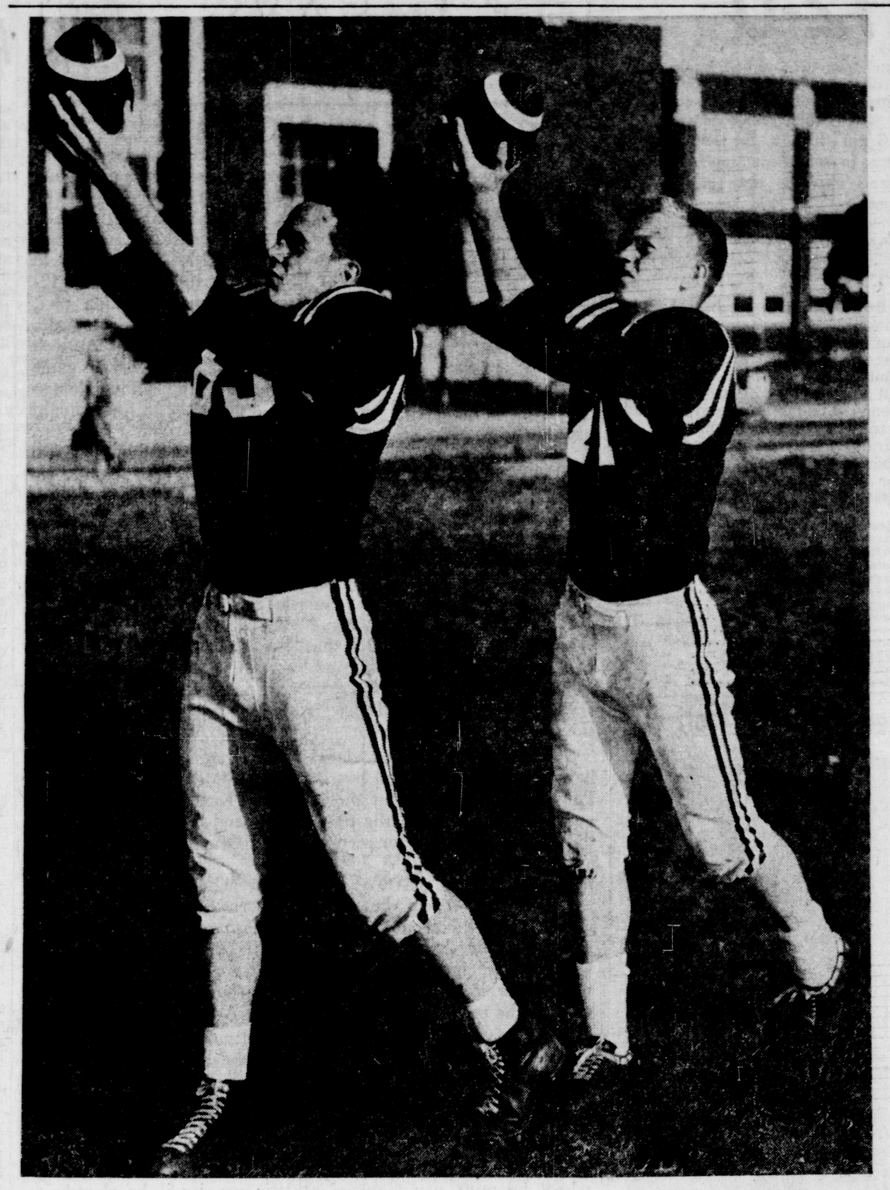
LaGrange evened things in the second perod with a diuble reverse around end for a 70 yard dash in a third-and14 situation. The losers used the same play for the point after.

* * *

IN THE THIRD period Heights scored again on a long pass from Bork to Johnston, the entire play good for 40 yards, an off tackle plunge by Leekley good for 10 more, Leekley picking up the remaining 10 on a repeat. The Bork to Johnston conversion pass was good.

Final segment was scoreless with both teams playing well. Arlington showed a marked improvement the second half with good blocking and tackling. Playing good defensive ball at the ends were Ricky Johnston and Art Nyblien. The latter has held opponents in the last 2 games to "minus yardage" around his end.

Leekley and Dundy showed well in the ground game, with both boys going both ways. George Bork called an impressive game. Offensive center Ron Hosek showed improved play. The young Cardinals were within the LaGrange 2 other times but couldn't score.



THESE 2 ENDS have been doing their best to bring home some victories for Arlington's Cardinals this season, but haven't had too much luck doing so. Capt. Dan Vittum has been a consistent performer, playing both ways, and looking particularly good on defense. Dean Skadberg was a guard in '55, and moved up to end this season due to a shortage of boys at that position. Dean played good ball early in the season, suffered a knee injury, and hasn't been able to regain that form since.

Alert LaGrange Trips Arlington Varsity 27-7

La Grange Lions took advantage of 3 breaks and added 1 legitimate touchdown to rack up a 27-7 victory over Arlington high school Saturday afternoon at LaGrange. The winners needed only 12 first downs and a net yardage of 223 to hand the locals their third loss, compared to 2 wins and 1 tie.

The first break came in the second quarter. Neither team had been able to move the ball during the initial stanza, registering only 1 first down apiece. LaGrange's drive early in the second quarter had apparently been stopped on the Arlington 41 when an offside penalty allowed the Lions to continue.

* * *

TWO PLAYS later saw the LaGrange fullback, behind plenty of interference, travel to the Arlington 3. From there halfback Charlie Davis went over for the game's first score. Ulrey added the conversion.

With less than 2 minutes remaining in the first half an Arlington pass ended in the hands of LaGrange end Jack Iverson. Iverson galloped 45 yards to pay-dirt and the half-time score stood at 14-0.

The Cardinals had moved the ball only 4 yards in the entire first half, thanks to the sturdy LaGrange forward wall, which pushed the Arlington blockers around. Arlington's defense had done a fairly good job, and LaGrange had only 5 first downs and a net of 82 yards to show for the first half's activity.

* * *

IF THERE WERE any questions running through the minds of the LaGrange Homecoming crowd as to who was going to win this WSC contest, those questions were answered shortly after the second half got underway. Arlington kicked, but when a LaGrange player was ruled offside, the Cardinals decided to kick over. This proved to be the wrong choice. End Bill Belohlavek took the second kick on his own ten and raced 90 yards for the third LaGrange tally. Ulrey's third conversion made the score 21-0.

It was Arlington's turn to capitalize on a LaGrange miscue. Howie Berg fell on a Lion fumble on the LaGrange 24. Despite this break it took a defensive holding penalty to assure the locals of denting the scoring column. Ashley Haase did the honors from the 1 yard line and Jack Weber added the extra point.

* * *

THE LIONS, as if angered by this display of scoring ability on the part of the Birds, roared right back with one last score. The tally climaxed a 60 yard drive. Quarterback Meyer plunged over from the one-half yard line after a brief goal line stand by Arlington. No one noticed that Jack Weber blocked the try for the extra point. The happy LaGrange Homecomers had what they wanted, a comfortable lead.

It was just a matter of holding on, from there on in. Arlington made one more serious threat but was thwarted by an interception on the LaGrange four yard line. (Sp

Arlington Harriers 3rd In Conference

Arlington high school cross country runners placed third in the West Suburban league harrier tournament in a pleasing performance for Coach Russ Attis, who had expected the worst after his fastest man, Bill Palmer, had pulled up lame.

Palmer ran for the first time in weeks, but was out of condition. Counting points for the Cards were Ken Courter 10th, Alan Hutchinson 15th, Bob Taggart 19th, Ron Marks 21st and Les Vaughan 32nd. This totalled 97, 15 points ahead of fourth place Maine. If Palmer hadn't pulled that tendon this past summer, the locals would probably have finished second for an even better performance.

* * *

PHIL SHEPHERD, Glenbard's standout distance runner, led the way for the league harriers in the meet at Western Springs. Other men of his team, however, finished 25th and beyond, giving the Bards fifth spot. LaGrange won the event with boys finishing 2nd, 4th, 5th, 13th and 16th.

Other Arlington boys finishing, though not counting in point totals, included Bob Anderson 33rd, Bob Lockwood 47th, Ted Geocaris 53rd and Dick Koopman 55th. Point totals:

LaGrange	40	Glenbard	115
York	66	Downers	147
Arlington	97	Hinsdale	168
Maine	112	Riverside	300

* * *

NEXT ACTION for the harriers will be the district run at Maine Saturday morning, starting at 10:00 a. m., with 15 schools competing. Entered for Arlington will be the first 5 mentioned in the league event, plus Anderson and Geocaris. First 5 finishers as well as members of first and second place teams in the 9 district cross country meets will advance to the state event at Urbana Nov. 3.

Medals will be awarded the first 5 finishers, as well as members of first and second place teams in the districts, as well as first 10 runners and members of first and second place teams in state meet. Team trophies will be awarded winners of district meets as well as the state event.

* * *

DEFENDING champ is LaGrange, which will be host in its own district event. Other schools entered at LaGrange include Bloom, Morton, Downers Grove, York, Evergreen Park, Glenbard, Hinsdale, Joliet, Reavis, Carl Sandburg, Rich, Riverside-Brookfield and Wheaton. Entered at Maine, in addition to the host, are Arlington, Elmwood Park, Evanston, Leyden, Grayslake, Highland Park, Maywood, Glenbrook, North Chicago, Oak Park, Palatine, Niles, Waukegan and New Trier.

Arlington lost to LaGrange Wednesday of last week, 22-37. Counting for Heights were Courter 1st in 9:20, Hutchinson 5th, Taggart 9th, Koopman 10th and Marks 12th. For LaGrange it was Woolridge 2nd, Agner 3rd, Osterling 4th, Reynolds 6th, Power 7th.

The Cardinals took the measure of Glenbrook Monday, 20-52. Counting for the locals were Courter 2nd, Hutchinson 3rd, Marks 4th, Taggart 5th and Geocaris 6th. For Glenbrook it was Frey 1st, Rembe 11th, Ayres 12th, Fuller 13th, Huck 15th.

First Call For Basketball!

First call for basketball has been made at Arlington high school where varsity mentor Howie Lester expects to assemble some of his squad Thursday, Nov. 1. That is the starting date for basketball workouts in West Suburban league.

Though turnouts for the various teams will start that day, complete squads are not expected to show until Tuesday, Nov. 6, after football is out of the way. The Cardinals will have just 1 letterman back, Bill Palmer, who has been out of cross country action all fall due to a pulled tendon which hasn't responded to treatment. Just when Palmer will be in shape is problematical.

Coaching setup includes Lester for the varsity, Frank Bohac leading the frosh-sophs, Ken Schaller and Larry Anderson the freshmen, and Dick Kinneman the junior-varsity.

Midget Grid Over At Heights

Midget football program of Arlington Heights park district has come to an end for another season. All players with park district equipment are asked to turn this in as soon as possible to coaches at the fieldhouse for cleaning and packing away. Last year a few uniforms were never turned in, with resulting loss to the park district.

The boys were scheduled to have another morning of workouts this Saturday, but conflict with Halloween window painting nullified the program. Turnout was not as large this year as in the past, but coaches were able to give more individual instruction.

* * *

THE PROGRAM was designed to teach fundamentals of football. This was accomplished by the excellent staff of coaches. Scrimmages were held between Cardinals and Lions, both heavies and lights, providing boys with game conditions in addition to workouts. Once again there were no injuries other than a few bumps and bruises.

The coaches included Ted Wissen, physical education instructor at Arlington junior high school, graduate of DeKalb; Roland Ceranci, former high school and college coach in Colorado, with New York Giant pro football experience; Keith Vernon, physical education instructor at Wheeling grade school; and John Graham, a man interested in working with youths, currently guiding a young peoples church group in Mt. Prospect.

Grant Leads Statistics But Palatine Wins, 12-0

Palatine spoiled Grant's homecoming Saturday night 12-0 but it was all the more disappointing to the beaten Bulldogs because they lost, though leading in the statistics. The Pirates were able to get only 4 first downs to Grant's 11 and gain 175 to Grant's 190. Palatine made only 41 yards on the ground, their low of the season but two long passes from Dick Wisner to Jordan Danforth was all Palatine needed to win their third victory against two defeats and remain tied for third place.

Palatine struck quickly in the first period, much as Antioch did against them a week earlier. Three minutes after the game started Palatine got the ball on their own 35 yard line. Passes of 4 yards to Danforth and 13 to Schwenk made it first down on the Grant 48 yard line. After Schwenk ran for 3 yards Dick Wisner faded back and shot a perfect pass 20 yards down field to Jordan Danforth who had no defender nearer than 10 yards. Danforth ran over unmolested for a 45 yard touchdown.

* * *

A FEW MINUTES later Palatine got the ball on their own 29 following a Grant punt. Don Teegan ran 10 yards for a first down on the 39 and then Wisner threw a 3? yard pass to Danforth who outran the opposition for a 61 yard touchdown play. Conversions were missed following both touchdowns.

The rest of the first half Palatine played with their backs to their goal line as Grant on two occasions had first down on the Pirate three but failed to score. One Grant touchdown was called back on an offside, Grant's only penalty of the game. Palatine's defense was really tough when it needed to be.

Grant had a ground gaining edge in the second half but both teams operated most of the time between the two 40 yard lines. Once Grant got a first down on the Palatine 31 but Dick Wisner intercepted a pass and ran the ball out of danger.

* * *

BOB NORDIN, who has been the Pirate's leading ground gainer, ran the ball only one play as he has been out due to a case of flu while Dan Lemanski fullback sat out due to a dislocated finger. Denny Lundgren played an outstanding defensive game for the Pirates at tackle. The victory enabled Palatine to remain in a tie for third place with Antioch who upset Grayslake.

Card Frosh-Sophs Lose To Lions

Arlington's young Cardinals took it on the chin Saturday afternoon, 33-14, at the hands of the LaGrange fresh-soph 11.

Plagued by injuries for the fourth straight game, the Arlington lads managed to score in the second and fourth quarters. Al Sander tallied the first touchdown, racing 55 yards off tackle. Jeff Heintz added the extra point on a plunge.

* * *

THE SECOND Arlington score climaxed a 70 yard drive late in the game. Heintz went over for the score on a quarterback keep. This time Jon Weisenbach added the conversion.

Coach Bill Beckman hopes to have his team at full strength for the remaining encounters with Glenbard and Riverside-Brookfield. Missing from the LaGrange fracas were end Dick Bader and regular quarterback Bob Barbour.

Palatine Harriers Outrun Glenbrook

Palatine outran Glenbrook last week Thursday to win another cross country victory 22-33. Little Dan Kusek set a Glenbrook course record of 9:34 to take first place with Frey of Glenbrook close behind in 9:40. Allen Danforth took third, Roy Hahnfeld fifth, Jack Russell was sixth, Terry Moore seventh and John Hicks eighth for Palatine.

It was Palatine's fourth victory in 7 meets this fall. The final duel meet is scheduled for next Monday, October 29 at Arlington Heights following the state district meet to be run at Maine Township high school this coming Saturday the 27th.

Dan Kusek is expected to be a stong threat for Palatine for a qualifying place in the state cross country meet. (Sp

Lake Park Sophs Lose 21-7 Tilt

Lake Park frosh-sophs dropped a 21-7 decision to Elmwood Park last week, with the Medinah team scoring its only TD in closing minutes of the game.

Dan McCarthy scored from 11 yards out after Lake Park recovered an Elmwood Park fumble.

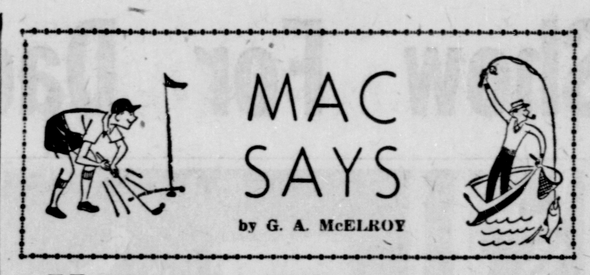
The winners carded its first TD after blocking a LP kick. A couple of plays later Elmwood Park scored on a buck lateral.

* * *

THE WINNERS scored again in the second period on a 30-yard pass play. They went around end late in the third quarter for the final tally with the final tally 21-7.

A 65-yard runback of a punt by Owen Rutherford for a Lake Park touchdown was called back because of a clipping penalty in the third period. (Sp

Ollie Matson, the Cards leading ball carrier, now has 372 yards gained—an average of 93 yards a game for each of the first four contests.



HOMECOMING has been a jinx to the home school this year in the Northwest conference. Only Glenbrook of the 8 team league has won its homecoming football game. Fenton came the closest by leading to the final 3 minutes when Wauconda tied them 12-12. Palatine lost to Antioch 32-7, Antioch lost to Grant 12-6, Grant lost to Palatine 12-0, Ela-Vernon lost to Wauconda 13-7, Wauconda lost to Glenbrook 38-13, and Grayslake was upset by Antioch 20-2. Fortunately the football game is only one part of the annual homecoming or losing the games might seem more of a catastrophe.

Walter Sherman

Glenbrook has to get by just two opponents, Palatine and Grant, to annex their third straight Northwest undefeated championship. The Spartans have played 24 games in a row without a defeat, though being held to a tie this season by Grayslake. It looks like Walt Sherman's boys will make it a string of 26 in a row without a setback as the Spartans are running over all opposition by big scores since that Grayslake scoreless tie.

* * *

THE BIG REASON that Antioch is third in the league with a 3-2 mark, and likely to stay there, is the strong right arm of a lad named Earl Deppe who, at quarterback, can really sling a football. Deppe is also the reason Ela-Vernon resides in the league cellar.

You see, Deppe was slated to do that throwing and ball handling for Ela this fall but instead moved to Antioch to keep Paul Kessenick's team in the running. Kessenick has had two seconds and a third in the past 3 years and it looks like another third, with a chance for second should Grayslake slip again.

* * *

DID YOU KNOW that a boy who changes residence and school during a semester must be in attendance in the new school one month before being eligible to compete in sports? If the shift is from a parochial or private school without changing residence he must lose eligibility for sports a whole year if he ever appeared in a game or was certified ligible in the non-public school.

One of the reasons for this strict rule concerning transfer from private institutions is that they are not bound by district lines in taking students into their schools and thus are free to recruit athletes while public schools can have as eligible players, only those whose parents live within the school district.

So, if a boy leaves his home district to attend a private school he must pay a severe athletic penalty if he chooses to return to his home district. This also discourages the local athletic fans from pressuring him to return after he has developed into a good athlete for the parochial or private school.

* * *

GRANT, without a doubt, has the finest football layout in the area for a school of its size. The Fox Lake district has $92,000 invested in the purchase and development of its 20 acres of athletic fields. Permanent stands to seat 3,000, a fine lighting system, a beautifully graded football field, a quarter mile running track, and an area fenced inside and out for control of parking and movement of spectators, makes the Grant layout ideal.

In addition there are baseball and football fields outside the main area with the whole setup just across the road from the school building which occupies another 20 acres or more of land. It is a real layout for a school of 500.

Grant had only one penalty called against them in its game with Palatine but it was a big one even though only a five yard offside infraction. It cost the Fox Lake team a touchdown when Selby passed to Bieneman in the end zone from the 10 yard line.

* * *

THE CHANGE by many state high school associations and college ball to 12 foot wide free throw lanes in basketball will not go into effect in Illinois high schools until the 1957-58 season. Next summer every gym will have to have its free throw area sanded and new lanes installed.

The new rule will further limit the effectiveness of tall center on offense and still further speed up a game which has already gone basket shooting crazy.

* * *

ELA-VERNON HIGH has quite a number of former grid greats playing on college squads this year. Lee Bathrick, all conference tackle the past 2 years, is out for football at Annapolis where he received an appointment this year. Al Bathrick, who is better known for his great basketball playing on last year's champ team, is at Lake Forest college. Don Prouty is in his second year on the varsity squad at Northern Illinois state college at DeKalb.

Ron Soos is at Colorado State; Tom Mylott, a 235 pound tackle, is in his junior year at Colorado School of Mines; and Louie Risi is on the squad at Bradley.

Don Fenner, who was asked to report for the varsity at Illinois as a soph quarterback, was injured this summer and will wait a year to enroll. Fenner was leading scorer and team leader of Ela's fine 1954 team but was not voted by the coaches to the all league team. Paddock Publications rectified this error by naming him all-league quarterback. This, and the placing of Bob Boyd of Glenbrook, leading conference scorer, on the defensive team prompted the Northwest principals to vote that the coaches leave the picking of all conference teams in the future to the newspapers.

* * *

BILL LEHMANN has been promoted to athletic director at Ela-Vernon. Lehmann has done more with less material than any coach in the conference. This year he has his first team to slip low in the standings but the Bears may still get a victory for they have finished every season with a show of strength and particularly a tough defense. Mel Eide, athletic director at Ela, has been made assistant principal but will continue his coaching of varsity baseball.

It is only a couple of weeks until the U. S. Olympic track squad goes to Melbourne, Australia for the 1956 games. Right now Coach Jim Kelly of the University of Minnesota is getting his athletes in shape in California with a series of meets. Making the team are the three top qualifiers in each event in the trials held last June 30 in Los Angeles. There is an alternate for each event and a number of them are hoping to make the grade.

It is a long layoff from June to October, with track events being held in the off season, so to speak, for the western nations. The U. S. track squad includes 10 world record holders and our athletes are considered a cinch to cop most of the events except those longer than 800 meters.

Favor Spartan Offensive Power Against Palatine

Northwest conference football schedule has only 2 weeks to go and locally Palatine has both of their remaining games at home with Glenbrook's undefeated Spartans coming to town this Friday night and last place Ela the following Friday. This will be 2 weeks of contrasts in record but may not be such a contrast in strength of opposition. Ela has always been tough for Palatine and doubly so near the close of the season. Last year they closed the season at Palatine with a tie game.

Palatine is a decided underdog as they prepare for Walter Sherman's Glenbrook eleven. Sporting a string of 24 games in a row without a defeat Glenbrook has a good line and a talented backfield.

Howard Rosley, who leads the league with 48 points; Gordon Lind; Frank Coffey, Dick Rinella and Tom Brown have shown great stuff as backs for the Spartans. Since their surprise tie by Grayslake Glenbrook has run up an average of close to 40 points a game in their last 3 contests against Wauconda, Fenton and Ela-Vernon. The largest crowd of the season is expected and fans should come early for the frosh-soph game between, Palatine 3-2 and Glenbrook with 4 wins and a tie may be just as interesting as the main event.

* * *

PALATINE TOOK a crippled team to Grant with 2 ailing halfbacks and minus an outstanding lineman, dropped for breaking training. The Pirates showed a very tough defense which won the game after Wisner's passes to Danforth gave Palatine 2 quick touchdowns. Defense every bit as good or better will be needed to contain the fast stepping Glenbrook Spartans.

This week Bob Nordin, leading ground gainer, and Dan Lemanski, regular fullback, will be ready to go but Mike Millay, Lee Mudlaff, Don Teegan, and Dick Scholz are out due to scholastic difficulties. Millay at guard and Mudlaff at line backer on defense were standout players at Grant and will be badly missed but Coach Charley Feutz has other capable boys to fill the gap and will present a team in better shape than was the squad for last week's game a Grant.

THE PIRATES have now won more games than anyone expected them to take the entire season and even if they lose to Glenbrook they should have a good chance to whip Ela-Vernon the following week for a 4-3 season and fourth place in the final standings.

Palatine's team has surprised because of the great improvement in line play from the beginning of the season and 2 of the big reasons have been the tackles. Denny Lundgren, a 165-pound scrapper, was in on a third of all the tackles at Grant last week and Ken Pietrucha, the big 235-pound 6' 3" lad from down Schaumburg way, has developed into the type of lineman who looks like a real good college prospect for next year. These 2 along with Frank Kiraly and Mike Millay at guards have been the backbone of a tough Pirate defense.

* * *

FENTON TRAVELS to Antioch for a double bill Saturday night against Antioch, the hottest team in the league. Grant will play at Ela-Vernon and Grayslake will try to maintain second place in games at Wauconda. Both these Saturday afternoon doubleheaders, which will vie with the Notre Dame-Oklahoma TV game for spectators, will start at 12:30.

If the games run true to the form charts Glenbrook, Antioch, Grayslake, and Grant will have added another victory to their record come Saturday night.

IRV HAHNFELDT had everything his way while bowling Friday night in Hi-Way Classic league in Palatine as he notched games of 233-245-247 for a grand 725 series. His team, Haseman Truckers, are far from first place in the local Classic league but Irv led the way Friday night. His opponent, Al Walter of Mel's Market, gave in early as he rolled 560.

Irv has been a member of Hasemans ever since that team and league was formed. The team took permanent possession of Paddock Publications Inter-League Handicap tournament trophy last January when it won the event for the third time. This year's men's tournament will be held at Gunnell's Lanes Sunday, Jan. 13, with first place teams as of Dec. 22 eligible. For the ladies it will be Sunday, Jan. 20, with first place teams as of Dec. 29 eligible for the big event Jan. 20 at Mt. Prospect Bowling Lanes.

Arlington JV's Lose

Arlington's JV football squad dropped a 20-6 decision to LaGrange last week.

Steil scored Arlington's only TD on a quick opener on which he scampered 60 yards. Pass attempt for the conversion was blocked.

LaGrange tied it up in the first half, and tallied again in third and fourth quarters. Arlington had a golden opportunity just prior to the end of the first half with first down on the 5, but an intercepted pass cancelled the drive.

TWO ARLINGTON HUNTERS each nailed a deer last week while bow and arrow hunting near Mercer, Wisconsin. George Harris, 1408 Kensington, and Charles Heiss, 315 W. Vine, pose with their kill just before letting the butcher carve 'em up, venison style. The 2 men used 55-lb. bows, nailing a 140-lb. 7-point buck, and a 158-lb. 8-point buck.

Determined NU Still After 1st Big Ten Win At Indiana

Disappointed but not disheartened by a 34-20 loss to Michigan last week, Northwestern's fighting Wildcats will be bent on gaining their first Big Ten win of the season Indiana, at Bloomington Saturday.

Although the Wildcats hold an 18-13 edge in the long time rivalry (there has been one tie), the Hoosiers have won the last 3 games, including a 20-14 triumph last year. Northwestern hasn't beaten the Crimson since 1952.

The Wildcats will strive this week to correct costly mistakes that proved damaging against Michigan. After averaging but one fumble a game all season, Northwestern committed 4 bobbles against the Wolverines. Two of these miscues led to Michigan touchdowns which ultimately proved to be the margin of victory.

* * *

IN SPITE of these errors, the Wildcats found much to be encouraged about in the Michigan game. The passing attack which had sputtered badly in earlier games (4 completions in 23 attempts) erupted for 8 completions in 11 attempts for 162 yards and 1 touchdown.

Sparkling as a receiver, just as he did in every other department, was Bobby McKeiver who caught 5 passes for 100 yards. The small (5-6, 161 pounds) but versatile halfback leads the Wildcats in every department except passing. He leads in scoring, 22 points; rushing, 338 yards in 56 carries for a 6 yard average; pass receiving, 7 for 127 yards; punting, 42.2 average; kick off returns, 7 for 172 yards and punt returns, 3 for 39.

In addition to McKeiver, the Wildcats possess other able runners in sophomore halfback Wilmer Fowler, a speedster who raced 46 yards for a TD against Michigan. In 14 carries this season he has gained 75 yards for a 5 yard average.

COACH RAY ELIOT'S Illinois football team has dropped 3 of first 4 games, but still is giving opponents a drubbing statistically.

Illini have made more first downs, gained more yards, run than combined figures of California, Washington, Ohio State and Minnesota. But they trail in the most important statistic — points scored.

Outstanding play in the Minnesota game by Abe Woodson and Dale Smith put them on top in rushing, Woodson with the most yardage (372) and Smith the best average per carry (6.9). Smith has carried only 15 times, however, compared with Woodson's 64 attempts.

WOODSON ALSO leads in pass receiving, with nine catches for 160 yards and 1 touchdown, and has a 40.5 punt average on 18 points for the season, 6 behind Senior Halfback Harry Jefferson with 24 points.

Bobby Mitchell, sophomore sensation of the 1955 season, is still far down in this year's rushing figures. Mitchell set a Big Ten record for best rushing average a year ago but a knee injury currently hinders his effectiveness. The Hot Springs, Ark., flash has played in only 2 games, gaining 76 yards for a 3.4 average.

Illinois' team passing percentage dropped below .500 for the first time this season. Quarterback Tom Haller, No. 1 signal caller, has connected with only 5 of 15 attempts for a .313 mark.

WITH A FOUR game winning streak in their favor, Coach Art Keller's Carthage college grid team will again take to the road this week. They will travel to Mankato, Minn. where they will meet Mankato State Teachers college Saturday, Oct. 27.

In last week's game with Central College of Missouri, the Carthage crew came out on top with a tally of 38-0. Scoring twice in the contest was freshman halfback Bill Larson, while quarterback John Eakins, fullback Ron Hilt and halfback Phil Hinkle accounted for one touchdown each. Two conversions were successfully booted between the posts by tackle Harry McWherter.

WAYNE LANGGUTH played his best game of the year for Fenton in the opener against Leyden JV's, and has been doing an acceptable job at left tackle ever since, playing both offense and defense. Wayne lettered at Fenton last year, stands 6-1, and weighs 200.

Antioch Knocks Grayslake From NW Lead, 20-2

Antioch knocked Grayslake out of a share of the conference championship and humiliated them at their homecoming by scoring a decisive 20-2 victory. It was Antioch all the way as Earl Deppe opened up with a passing attack which riddled the Grayslake defense. The Sequoits scored twice in the second period on a 1 yard plunge by Dick Srch and a 14 yard pass from Deppe to Roger Plechaty. The first TD was set up by a 30 yard pass. The third score was a 3 yard quarterback sneak by Deppe after passes had placed the ball in scoring position. Dick Srch scored two out of 3 conversion tries. Grayslake scored a safety when Joe Geraci tackled Lon Christensen behind the goal line.

GLENBROOK took undisputed lead of the Northwest Conference with a 41-6 defeat of Ela-Vernon Friday night as Grayslake lost their first game of the campaign to Antioch. Glenbrook frosh-sophs had no trouble winning 38-0.

Runs of 90, 80 and 50 yards featured Glenbrook's attack. Ela put up a tough defense in the first half but did not have the reserve strength to stay with the fast stepping spartans. Gordon Lind scored twice for Glenbrook in the first quarter on runs of 8 yards and 80 yards. Ela retaliated with a touchdown on a pass from Irv Pohlman to Norm Nehmer. Howard Rosley got away for a 50-yard run just before the half to give Glenbrook a 21-6 lead.

IN THE THIRD period Frank Coffey ran 8 yards to score and two more touchdowns were added in the last period on a 23-yard pass from Tom Thurson to Jim Bohn and a 90-yard run by Allen Tinker. Rosley kicked 5 conversions in 6 tries. It was Glenbrook's 24th straight game without defeat with only Palatine and Grant standing between them and their third straight undefeated championship.

Host To Washington

The Chicago Cardinals, seeking their fifth straight victory of the 1956 season, meet Coach Joe Kuharich's Washington Redskins in Comiskey Park, Sunday afternoon at 1:05 p. m.

The 20-6 victory over the Eagles in Philadelphia last Sunday was the Cards fourth and it was the first time in the 37 years of competition in the National Football League that the Cardinals had won the first four games of the season.

In 1947 when the Cards won the world's title they won their first three and dropped their fourth, and in 1948 when the Cards won western division honors, they won the first game, lost the second, and then went on to win 10 in a row, finishing the season with 11 wins and one loss.

Travelers Lose To Cudahy, Wis., 13-6

Elmhurst Travelers lost their second game of the 1956 season to Cudahay, Wisc. last Sunday 13 to 6 on the York high field in Elmhurst.

After receiving the opening kickoff the Travelers couldn't seem to get going and after some ragged play along with 40 yards in penalties gave Cudahy a touchdown when Buzz Grady fumbled on the 50 yard line where Earl Bye scooped it up and raced to the Traveler 6 before being stopped by Leon McRae who ran him down from behind. On the next play around his own right end George Berry scored. The PAT was low.

* * *

IN THE THIRD quarter, Cudahy opened up with a deadly passing attack that the Travelers could not stop. A fine pass from Tom McShane to end Dave Spies in the end zone gave them another score. The PAT was good and they had a nice 13-0 lead over a very frustrated Traveler team.

The fourth quarter found the Travelers desperately trying to get back in the ballgame and they passed and ran 70 yards to score on a fine aerial from Grady to Don Busch. Grady's try for the extra point was wide.

* * *

WITH 10 MINUTES left in the game, Cudahy drove to the Traveler 10 yard line only to lose the ball on a fumble which was pounced on by Leon McRae. Two first downs moved the ball out to the 30 yard line and it looked like Elmhurst might come back but a pass interception by Cudahy with only 4 minutes remaining cut the Travelers hopes of a possible tie or win to nothing.

Cudahy controlled the ball for the remainder of the game and even though they made only 6 first downs to the Travelers 12 walked off the field with another win.

* * *

THIS LEAVES Racine firmly entrenched in first place and only some exceptional luck just short of a miracle might allow the Travelers to finish in a tie for the league lead. To do this the Travelers would have to win their remaining 3 games and Racine would have to lose 2 out of 4 games left.

Next Sunday Elmhurst will journey to Delavan, Wis. to play the Red Devils on the high school field in Delavan. (Sp

Northwest Obedience Club Names Officers

Members re-elected David W. Terrill president of Northwest Obedience Club, Inc., Friday evening when elections were held during the annual meeting of the club. Other election results are as follows: D. H. Muster, Bensenville, vice president; Mrs. Willard Platt, Palatine, secretary; Mrs. Charles Berry, Arlington Heights, treasurer; Joseph Mertens, Elgin, director of training; new directors, Dr. Justin Fleischmann, Palatine, and Stanton Petry, Arlington Heights.

The meeting was held in the home of Dr. and Mrs. R. George Beatty, Palatine, with Mrs. Charles Berry and Mrs. Stanton Petry as co-hostesses.

Annual reports gave proof that the club has made definite progress in the past year. A sanctioned match was held in May, the third annual dinner this month and each new beginners class has been filled.

Training sessions are held every Wednesday in the basement of the Jewel Tea building, Palatine, starting at 8 p.m. Graduation for the members of the August class will be held October 31. (Sp

Weird Incidents Mark 30 Years Of Trotters History

Abe Saperstein, the human dynamo whose Harlem Globetrotters of basketball will be at Fenton high school gym in Bensenville Monday night, Nov. 5, has experienced some unique incidents in the 30-year history of the world-renowned aggregation.

Like the time in Wheatland, Ia., many years ago. The Trotters were playing in a hayloft. One of the opponents crashed into a Trotter. A door at one end of the hayloft failed to stop Saperstein's boy and out he fell into the night, a distance of 25 feet.

HORRIFIED, Abe rushed out to see what had happened to his fallen hero. Everything was all right. Well, almost all right. The Trotter had landed on a huge pile of fertilizer. His first name was Lester, and when he returned to the game, his teammates told him he smelled "just luscious." For years thereafter he was known as "Luscious Lester."

Then there was the time, back in 1949, when Saperstein & Co. first invaded Alaska. Playing before an Eskimo audience, they were completely flabbergasted when their best efforts produced not a single hand clasp or demonstration of approval or pleasure.

IT DEVELOPED, later, that this was the Eskimo method of showing appreciation — the more deathly the silence, the higher the approbation.

Quite the opposite took place in Hong Kong, China, in 1952, which was the "silver anniversary" of the Globetrotters and observed by the first around-the-world tour ever made by a basketball team.

A large crowd was on hand, something like 12,000, according to Saperstein. Most professional entertainers put forth their best efforts before a big audience, and the Globetrotters really cut loose that night.

THEY STARTED OUT with that wonderful passing routine to the whistled tune of "Sweet Georgia Brown." The boys form a circle and pass the ball around in their own inimitable fashion. There is ball juggling and a varied assortment of monkeyshines, with the ball handling sheer wizardry.

Whenever they appear, the Trotters have been cheered to the rafters when they finish this particular routine just before the start of a game. They were at their best this night. But here in Hong Kong they were dumbfounded and bewildered when from 12,000 Oriental throats came a sibilant hissing.

THE GAME began. The boys put out everything they had. Their teamwork was brilliant, their antics above and beyond the normal, their accuracy from the floor a thing of beauty. It was their best exhibition of the tour.

At halftime Abe soothed their wounded prides. Don't worry, lads," he said. "You're going great guns tonight. I just found out that over here the louder they hiss the happier they are. You've got them hissing in the aisles." (Sp

Gems Of Thought

SELF-RESPECT

Every one stamps his own value on himself.

—Schiller

Self-reliance and self-respect are about as valuable commodities as we can carry in our pack through life.

—Luther Burbank

Man is free born; he is neither the slave of sense, nor a silly ambler to the so-called pleasures and pains of self-conscious matter.

—Mary Baker Eddy

Ken and Ricky Johnson and Keith Ballard joined the Arlington Pals club in a hike to the forest preserves Saturday morning.

Kay Weehrheim, Elaine Jahnson, Maureen Kalwitz and Tom and Mae Bolland attended the St. Raymonds Women's club meeting Thursday evening. (A

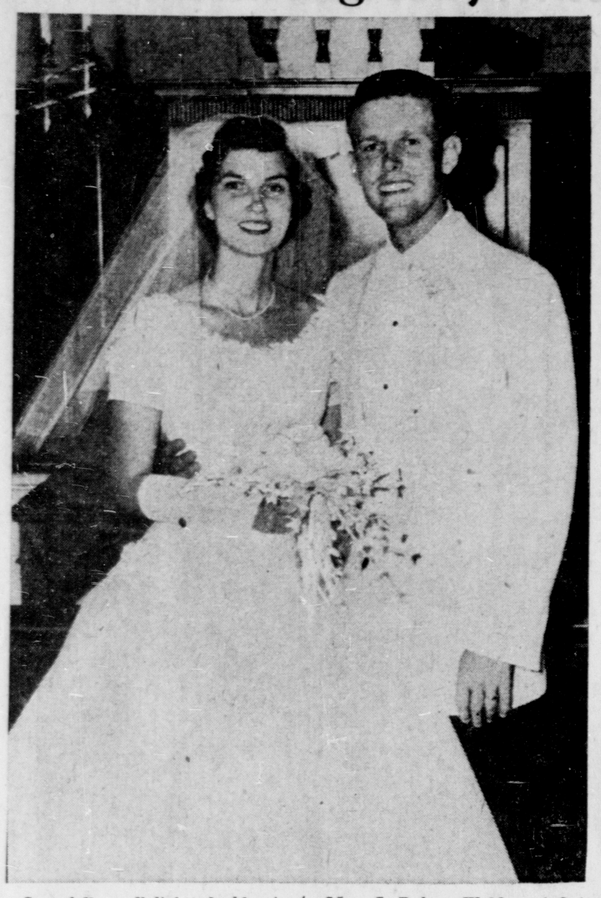
Ruth Ellen Davie Is Now Mrs. Roger Bjorvik



In a full candlelight, double ring ceremony at 3 p.m. September 2, Miss Ruth Ellen Davie, daughter of Mrs. LeRoy Gosh of Palatine, and J. Walter Davie of Chicago, and Roger Allan Bjorvik, son of John S. Bjorvik of Chicago, were united in marriage by the Rev. Carl G. Mettling in Barrington Methodist church.

The altar was decorated with pink and white gladioli. Miss Olive Dobson sang "Love," "Ich Liebedich" and "My Prayer," accompanied by Miss Barbara Crooks at the organ.

The bride wore a nylon sheer organdy gown with Venise lace trim and a sweep train. The veil had a matching head band decorated with seed pearls catching the imported silk illusion veil. She wore matching gauntlets and carried a bouquet of white orchids and stephanotis.

Mrs. J. Robert Walden of Quincy, Ill. was her sister's matron of honor and Miss Helen Johnsen of Chicago, formerly of Palatine, was her bridesmaid. They wore identical ballerina-length gowns of iridescent aqua silk and carried bouquets of rhubrum lilies. Kjell Bjorvik of Schiller Park, brother of the bridegroom, was best man and John Bjorvik of Chicago, also a brother, was usher.

Immediately following the ceremony, punch was served on the lawn of the church and a reception was held in the church parlors for 225 guests.

The bride's mother wore a pink linen dress with imported lace trim and matching accessories.

Mr. Bjorvik and his bride will reside at 711 S. Randolph st., Champaign, where the bridegroom is attending the University of Illinois law school.

Joan Stauber And Bert Brown Wed: Sail To Europe

Newlyweds Mr. and Mrs. Bert Brown sailed October 15 for a 3-month wedding trip to Europe and after April 1, 1957, will be at home at 4865 Glencairn rd., Los Angeles. Mrs. Brown is the former Joan Stauber, daughter of Mr. and Mrs. Frank L. Stauber, 18 Busse ave., Mt. Prospect. Mr. Brown is from Los Angeles.

Their wedding took place October 13, at 8 p.m. in Arlington Heights Presbyterian church with the Rev. Paul Stumpf officiating amid a setting of white mums. It was a double ring-candlelight service followed by a dinner and reception at the Villa d'Este in Cary.

The bride was given in marriage by her father and wore a light blue dress and 2-tone blue velvet hat. Her flowers were white orchids. Jessie M. Stauber of Mt. Prospect was maid of honor and George Rogers of Los Angeles was best man.

Mrs. Stauber wore a dress of red light weight wool with black accessories and a corsage of pink rose buds.

The bride was graduated from Libertyville high school and Bradley university. Mr. Brown was graduated from UCLA in Los Angeles. He is self-employed as a physical therapist.

Margaret Mason Is Bride of Lt. P. Knott

Seven attendants in velvet and taffeta gowns preceded Miss Margaret June Mason down the white-carpeted aisle of First Presbyterian Church of Arlington Heights for her marriage to Lt. Paul Knott, October 13. The bride is the daughter of Mr. and Mrs. James Mason, 902 S. State rd., Arlington Heights, and the bridegroom is the son of Mr. and Mrs. George Knott of Chicago.

The double ring service was held at 7 p.m. with the Rev. Paul Stumpf officiating amid a background of white mums and candelabra entwined with smilax. Mrs. Earl Auge was organist and soloist was Mrs. W. J. Willy.

Escorted by her father, the bride wore a blush pink satin taffeta gown with long sleeves and cathedral train. Her fingertip veil was of blush pink illusion and fell from a crown of pearls. Her only jewelry was a single strand of pearls, a gift from her bridegroom. She carried a white Bible, given to her by her grandmother, Mrs. Alexander Mason. On the Bible was mounted a white orchid with blush pink lily of the valley with satin ribbon streamers.

Miss Jean Langos of Bartlett was maid of honor and wore a sun burst rose velvet sheath with taffeta overskirt of the same shade. She carried a basket of white fuji mums with sunburst rose grapes.

Bridesmaids were the Misses Betty Phillips of Oak Park, Nancy Widmann of Lombard, Kay Laury of La Grange, Lois Peterson of Evanston and Ellen Veden of Mt. Prospect all wore identical gowns in a deep shade of velvet fashioned like the maid of honor's gown. In their baskets were fuji mums with deep orchid grapes.

Miss Marilou Winsauer, junior bridesmaid of Pekin, wore a sunburst rose gown like the maid of honor's gown and carried a basket of the same flowers.

Ring bearer was 4-year-old Tommy Oetzell of Arlington Heights, who was dressed in miniature formal attire.

Duncan Knott of Chicago was best man and ushers were William Muir, Walter Marguerite and Charles Corim, all of Chicago, Edward Zimbleman of Keenesburg, Colo. and Richard Fenner of Arlington Heights.

Following the service, a reception for 300 guests was held in the Arlington Country club where Mrs. Mason received in a sheath of vanilla satin twill with matching cummerbund. Her corsage was of cimbidium orchids. Mrs. Knott was in a grey tweed light weight wool sheath complemented with a corsage of white orchids.

Among the guests at the wedding and reception were the bride's grandparents, the Arch Gilchrists of Farmington and the Alexander Masons of Peoria. Other guests were from Chicago and suburbs as well as downstate.

Lt. Knott took his bride on a 2-week honeymoon to Miami Beach after which he will report to Harmon air force base in Newfoundland where he will be stationed for 18 months. He will then continue his study of law at Northwestern university and the couple will reside in Evanston. Both the newlyweds were graduated from North Park academy. The bride then studied at William Woods college in Fulton, Mo. from which she was graduated in June 1956. Her bridegroom was graduated in June from the University of Colorado at Boulder.

Ruth Bitter Becomes Mrs. Leonard Koelper

After a brief honeymoon at the Wisconsin Dells, Mr. and Mrs. Leonard Koelper are residing in an apartment at 71 S. Old Rand rd., Lake Zurich. The oride, the former Ruth Bitter, daughter of Mr. and Mrs. Herbert Bitter, 214 N. Milwaukee, Wheeling, and Mr. Koelper, son of Mrs. Mathilda Koelper of Palatine rd., Mt. Prospect, were married September 15 in St. John Evangelical Lutheran church, Wheeling.

Rv. W. G Fechner officiated at the 7:30 p.m. candlelight double ring service during which Elmer Jackisch served as organist. Miss Carol Faulstich sang 'Bless This House" and "The Lord's Prayer." Baskets of white baby mums decorated the church.

For her marriage, the bride chose a white lace gown lined with satin, fashioned floor-length, and a fingertip veil held in place with a crown of matching lace. A white orchid with white carnations made up her bridal bouquet. She was given in marriage by her father.

Maid of honor was the bride's sister, Miss Dorothy Bitter who wore a ballerina-length gown of shrimp colored crystalette. Her flowers were white carnations. Bridesmaids were the bridegroom's niece, Miss Karen Huber, and the bridegroom's sister, Mrs. Ronald Horne. Shirley Bitter, sister of the bride, was junior bridesmaid. Their gowns and flowers were identical to the maid of honor's gown and flowers.

The bridegroom's 4-year-old niece, Linda Huber, was flower girl and wore a yellow organdy dress. Her flowers were also white carnations.

Herman Koelper, brother of the bridegroom from Sylvan Lake, was best man and ushers were George Bitter, brother of the bride, Delbert Koelper of Northbrook, nephew of the bridegroom, and Lee Koelper of Arlington Heights, also a nephew of the bridegroom.

Mrs. Bitter wore a gown of navy blue chiffon wih a white orchid corsage for her daughter's wedding, while Mrs. Koelper was in blue lace. Her corsage was also a white orchid.

Three hundred guests attended the reception held in the Wheeling Amvets hall.

Both Mr. Koelper and his bride were graduated from Arlington Heights high school and both are employed at Public Service Co. in Northbrook.

Favorites For Flavor

Perhaps you consider spinach an unexciting vegetable? Or your children find it unpalatable? Then you'll want to try this appetizing method for preparing this nourishing vegetable.

Mrs. Edward M. Pfeiler has found her creamed spinach to be one of the most popular vegetables she has served to family and friends.

In this recipe, spinach is combined with cream of mushroom soup, with dry sherry, grated onion and seasoning adding zest.

It is simple to prepare and can be made in advance, if desired. It is delicious to serve with pot roast, chicken or roast beef; in fact, it compliments almost every meat dish.

The Pfeilers moved two years ago from Chicago to their home at 319 Can-Dota in Mt. Prospect. They have one son, Tom, who is 2 years old.

Creamed Spinach

3 tablespoons butter
4 tablespoons flour
1 can condensed cream of mushroom soup
1 14-ounce package frozen spinach
2 tablespoons dry sherry
½ teaspoon grated onion
Dash of nutmeg
Salt and pepper to taste

Melt butter in top of double boiler over direct heat. Then blend in flour and add condensed cream of mushroom soup. Cook slowly until mixture boils.

Place top of double boiler over bottom half which contains boiling water.

With a very sharp knife, cut the package of frozen spinach into 6 or 8 chunks. Add this to mixture in top of double boiler.

Cover and cook over boiling water, 25 to 30 minutes stirring occasionally.

Then add the sherry, grated onion, and seasonings. Mix well, heat and serve. Serves 4.

Toy Demonstration

Community School To Benefit From 'Autumn Sights'

Seventh District Junior Woman's club announces proceeds from 'Autumn Sights" benefit dance will go in part to the Community School for Retarded Children. The benefit will be held November 3, 9 to 12:30, at Elmhurst country club.

The Community School for Retarded Children, located in Rolling Meadows, accepts retarded children from the northwest suburban area and is currently housed in a barn, heated with space heaters. Plans are being made for more adequate space, but funds are a prerequisite to the accomplishment of such a move.

Mrs. Dave Carter, volunteer teacher, states that, in addition to improved housing, the school needs mechanisms for therapy, such as walking bars and exercise devices. Physical development precedes mental development and Mrs. Carter tells how more progress could be made with proper equipment.

Parents of the retarded find new hope from such sources as the Community School. One mother said that her child can now, because of the help received, have a social life and be accepted.

For tickets to "Autumn Sights" contact project chairmen: Mrs. Robert Spinks, Arlington Heights, CL. 3-7184; Mrs. Albert Glass Rolling Meadows, CL. 3-8987; or Mrs. Arthur Leimetter, Wheeling, Wheeling 638.

Episcopal Country Fair Scheduled for November 8

The Womans auxiliary of St. John Episcopal church will hold its annual bazaar November 8 in the new parish hall, corner of Thayer and Main sts. in Mt. Prospect.

Booths, set up after the fashion of the old time country fair, will feature many articles suitable for gifts or personal use. Doors will open at 11 a.m. and remain open until 9 p.m. Luncheon will be served from 11 a.m. to 2 p.m. for the convenience of shoppers.

Mrs. Maynard F. Perkins, chairman of the bazaar, and her committee have endeavored to make shopping as comfortable and easy as possible with baby sitting service available under the direction of Mrs. John Craig. This service will also feature puppet shows for the entertainment of children.

A booth of "trash and treasures" will be under the direction of Mrs. E. J. Graham and Mrs. V. K. Pearson. The "parcel post" booth is the project of Mrs. Earl Schmidt and Mrs. William Wendling. Mrs. Armand R. Bosso will have charge of "dolls and doll clothes," Mrs. Clark E. Thorp "children's clothing," Mrs. Eustace Smeed "home furnishings," Mrs. Charles F. Alexander "toys," Mrs. Joseph Vavra "jams and jellies," Mrs. James E. Lake "bakery goods" and Mrs. L. M. Gustafson will supervise the St. Elizabeth guild booth. Arrangements for the serving of luncheon are under the direction of Mrs. Frank W. Billmire and her committee.

Other added attractions will feature an old-fashioned "fish pond."

The auxiliary extends an invitation to everyone in the community and all surrounding communities to attend its country fair.

Modern Etiquette

by ROBERTA LEE

Q. When is the double card for man and wife in good taste?

A. It is sent with wedding presents, with flowers to a funeral, with gifts to high school or college graduates, or with any other gift that comes from both. It is, of course, used also for formal visits.

Q. I have noticed some persons taking a heaping spoonful of ice cream, and then making several mouthfuls of it. Is this all right?

A. No. Only enough ice cream for one mouthful should be taken on the spoon at one time.

Q. Should a couple make a public announcement if their engagement is to be a long one?

A. Yes; but include that "no date has been set for the wedding."

Q. When is it proper to begin calling new acquaintances by their first names?

A. People today call each other by their given names much earlier than formerly. One must, however, sense the proper moment to drop formalities. If everyone else in the circle in which you move used first names, you are at liberty to follow the trend.

Q. Is it considered proper for a bride to telephone her thanks for wedding gifts received?

A. Never, under any circumstances, should she substitute telephone or personal thanks for that handwritten note of thanks!

Q. Is it proper ever to blow on hot foods or liquids to hasten their cooling?

A. It is better not.

Q. If itis necessary to remove a bone from the mouth while at the dinner table, should one use a fork, spoon or the napkin?

A. None of these items is in good taste. Merely use the thumb and forefinger, and lay the particle on the plate.

Country School Plans For Retarded Children's Week

Countryside Association for Retarded Children held its monthly meeting Friday evening, Oct. 19, at their school, the Countryside Farm School for Retarded Children, on route 22.

Plans and preparations were made for the part that the organization will play during the National Retarded Childrens week in November.

Two generous checks were presented to the association from interested organizations, the Community Womans club of Lake Zurich and the Womans auxiliary of The American Legion of Palatine.

Discussion was held as to the needs of the school and it was decided and voted to purchase desks for the classroom. These desks will be purchased immediately.

Janet Packard Marries Lawrence Knaack Oct. 6

Arrangements of gladioli and shasta mums against a background of ferns formed the setting for a candlelight ceremony Oct. 6 in which Miss Janet Packard, daughter of Mr. and Mrs. Glenn G. Packard of Des Plaines, former Mt. Prospect residents, and Lawrence W. Knaack, son of Mr. and Mrs. Harry H. Knaack of Long Grove, were united in marriage. The Rev. L. V. Stephan officiated at the 2 p.m. service during which Mr. Packard gave his daughter in marriage.

The bride wore a gown of imported re-embroidered lace and silk taffeta made with fitted bodice, capped sleeves, semi-mandarin neckline and lace peplum that continued into a short train. Her short, full illusion veil fell from a small crown of the lace re-embroidered with pearls.

Miss Violet Jeffery of Arlington Heights was maid of honor and Mrs. Robert Nelson of Long Grove, sister of the bridegroom, and Mrs. Louis Miller of Elmwood Park were bridesmaids. The attendants wore identically fashioned gowns of velveteen fashioned with fitted bodices, three-quarter sleeves and full cocktail-length skirts. The dresses were trimmed in matching satin, Miss Jeffery's in emerald green and the bridesmaids in humming bird green. Their flowers were crescents of deep bronze pompons with bleached oak leaves and wheat.

Harry C. Knaack was his brother's best man and ushers were Robert Nelson of Long Grove and Robert Kleiner of Arlington Heights.

Immediately following the service, a reception for 200 guests was held at the Arlington House where Mrs. Packard received in a brown wool and taffeta dress with champagne colored hat and a beige cimbidium orchid corsage. Mrs. Knaack was in a mauve rose taffeta dress with rose hat and pink cimbidium orchid corsage.

After a honeymoon in Florida and Jamaica, Mr. Knaack and his bride are residing in Arlington Heights where the bride is employed as a secretary at Arlington Heights high school and the bridegroom is in business with his father at Knaacks Motors.

Paula Stade Married to Herbert Hellmann

St. John Ev. Lutheran Church of Rodenburg, Roselle, was the scene of a double ring ceremony September 15 in which Paula Mae Stade, daughter of Mr. and Mrs. Edwin H. Stade of Bartlett, became the bride of Herbert Hellmann, son of Mrs. Max Hellmann of Addison. Rev. A. Lorenz officiated at the 4 o'clock service.

Leon Hicks of Barrington, sang "The Twenty Third Psalm," Perfect Love" and "The Lord's Prayer" accompanied by the bride's cousin Mrs. Verna Anderson of Roselle, at the organ. White gladioli and mums decorated the altar.

Miss Stade was escorted to the altar and given in marriage by her father. She wore her sister, Verna's wedding gown of white skinner satin fashioned with a sheer yoke and rosepoint lace with seed pearls, in a dropped shoulder effect, long sleeves and a full skirt with lace trim ending in a long train. Her rosepoint lace-edged veil was held in place by a lace and seed pearl cap. She wore a rhinestone necklace and earrings, a gift from the bridegroom, and carried a cascade bouquet of white carnations.

Matron of honor was Mrs. Verna Wetterman, sister of the bride, who wore a ballerina-length dress of aqua blue crystalette over deep aqua taffeta, fashioned with a tight bodice, dropped shoulder neckline and full skirt. Her cascade bouquet was of light pink carnations tied with aqua ribbon.

Bridesmaids were Mildred Hellmann, sister of the bridegroom, Mrs. Lorah Homfeldt of Elgin, and Mrs. Lauretta Voelkner, sister of the bride. They wore ballerina-length dresses of pink crystalette over coral taffeta and carried cascade bouquets of deep pink carnations tied with light pink ribbon.

Diane and Carol Stade served their sister as junior bridesmaids and wore dresses identical to the matron of honor. They also carried cascade bouquets of light pink carnations tied with aqua ribbon. All the attendants wore rhinestone chokers, their gift from the bride. Mrs. Mae Stade of Bartlett, aunt of the bride, made all the attendants' dresses.

Jetta Waterman, neighbor of the bride's family in Bartlett, and Larry Haseman, cousin of the bride, were minature bride and groom. Jetta's dress was identical to the bride's and she carried a white carnation cascade bouquet. She wore a heart locket necklace, gift from the bride. Larry wore a minature tuxedo.

Ted Larson of Addison was best man and ushers were Arvin Schultz of Addison, Eric Hellmann, brother of the bridegroom, also of Addison, and Edwin Stade Jr., brother of the bride, of Bartlett.

For her daughter's wedding, Mrs. Stade wore a dusty rose lace dress with black accessories and a corsage of white carnations and pink roses. Mrs. Hellmann, mother of the bridegroom, wore a light blue dress and a corsage of white carnations and pink roses.

A reception for 500 guests was held at the Addison VFW hall where a buffet supper was served.

The newlyweds are now at home in Addison after a honeymoon in the Ozarks. The bride, a graduate of Elgin high school, is now employed by the Addison cleaners and Mr. Hellmann who served with the army in Korea, is co-owner of the Pink Pony lounge and Addison cleaners in Addison.

Norma Bartizal And Lawrence Robinson Wed

In a 5 o'clock candlelight service August 18 in Presbyterian Church of Arlington Heights, Miss Norma Bartizal, daughter of Mr. and Mrs. John R. Bartizal, 611 E. Fairview, Arlington Heights, and Lawrence Edward Robinson, son of John L. Robinson of Joliet, were united in marriage by the Rev. Paul L. Stumpf.

"Entreat Me Not To Leave Thee" and "I Love Thee" were the selections sung by Miss Marguerite Searer during the service.

The bride wore a bombazine and lace gown and carried white orchids on a prayer bookk. Her veil was of Brussels lace brought from Paris by her father. Mr. Bartizal gave his daughter in marriage.

Mrs. LaVon Lynch of Greensboro, N. C. was matron of honor and wore a gown of russet crystalette and carried bronze and yellow pompons in a gold ring. Bridesmaids were Mrs. Catherine Lundal, sister of the bridegroom, Miss Mary Lu Wanner and Mrs Donna Bartizal, sister-in-law o the bride. All wore gowns identical to the matron of honor's gown and carried the same flowers.

Thomas Davies was best man and ushers were Willam and John Robinson and Dale Bartizal.

A reception for 200 guests was held at Sunset Ridge Country club after which the newlyweds left on a wedding trip to Canada. They are now residing at 2125 Ridge ave., Evanston.

The new Mrs. Robinson was graduated from Glenbard high school and Colorado college and taught first grade last year in Arlington Heights. Her bridegroom studied at George Washington university and is now a student at Northwestern law school.

Women Voters: Unite, Defeat Woodrow Wilson At The Polls

50 Years Ago

PALATINE — Every voter was a jolly good feller, Saturday afternoon, a hand shake or something in the line of refreshments, being a share of each according to the place where he happened to meet the County Republican nominees who were escorted around town by the local political chiefs. They came in automobiles with lots of chink; they left, minus a little money, but thinking they have Palatine's vote in their vest pockets. Oh for the time when voters are not bought with a drink, smoke, or hand shake but each measures the ability and worthiness of the candidates.

WHEELING — Wis. Cent. Ry. has built a big water tank and reservoir at depot, also a pumping station and large reservoir down by the river. The two will be connected by a 6-inch cast iron pipe laid beside the road. Now would be a good time for the village to get a system of water works.

MT. PROSPECT — Hy Grewe's barn burned and everything of the straw stack burned up. If it hadn't been for the Wheeling fire department the barn would have burned down.

ARLINGTON Heights — Henry Schuneman moved Saturday from his father's farm near Buttermilk Corners, to the old German school house now one of W. W. Guild's tenements. He got tired of farming and thinks he likes a job in the city better.

Editor Paddock took two of his daughters, Celatha Lucile and Alice Janette, also his two lady typesetters, Misses Alice Higgins and Lydia Scharringhausen, to see the famous religious play, Ben-Hur at the Auditorium, Chicago, Friday. All were highly entertained by the great spectacle and moral drama written by Gen. Lew Wallace.

The family talk had veered somehow to the subject of babies at a Milwaukee home the other evening and it was remarked that Nancy, the 8-year-old, had been born a full day aftr her family had expected her. Nancy's 10-year-old brother thought he saw an opening.

"Just like a girl," he scoffed. 'Always getting places late. How come you didn't show up on time?"

Nancy, woman fashion, thought about the matter for awhile.

'I would've got there earlier," she said, finally, 'but I didn't have a thing to wear."

Press agents must be a breed apart.

Just think, without a press agent, Elvis Presley might still be driving a truck. Wouldn't that be a dirty shame? Then what would we all talk about? Might be forced into discussing politics. And, that way lies bloodshed.

* * *

THE THING that got me going on this particular tack was the Magazine of Books in the Sunday paper. There was this book reviewer, see. She was reviewing this book that good old Faith Baldwin, the queen of the novelists, had batter out, see. The reviewer definitely thought the book was something less than deathless prose.

It seems that Miss Baldwin has written a book that is not fiction but a soul searching inspirational bunch of words about the life and times of Faith Baldwin. According to the gal reviewing the volume, Miss Baldwin's life and times are not as inspirational as Faith thought.

* * *

SHE HAS propounded such philosophy as not liking four letter words, blizzards reminding her of June, and her birthday is October first. You can see at a glance that the book is simply fraught. With what, I do not care to say.

Then we come to the ad in the same section which is obviously done by someone who flips lovely words for a living with the idea of selling something that no one really wants.

He says that this book is the inspired almanac of a famous and successful woman who is learning to face the day-by-day challenges of life. It seems that she has daily problems that beset every woman: sleepless nights, grief, loneliness, vanity.

ISN'T THAT fascinating of her? But this man who does the blurb feels that all this makes Faith a creature apart. Why, he even goes so far as to say that this is due for the best seller list any day now.

I may not be famous but the next time I can't sleep, do a little quie or noisy weeping, find myself alone, or feel that I am really a pretty good old bat after all, I am going to write it all down. It may take more time than taking an aspirin, grabbing a Kleenex, calling someone on the phone or taking another close look in the mirror, but it pays better.

'New Look' In Village Theatre

'Sabrina Fair' Delights Record Size Audiences

by CHARLES HAYES

Village Theatre, Inc., unwrapped its "new look" last weekend and with spectacular results.

Unprecedented numbers of residents poured into Arlington Heights junior high school to see community players present a smooth and delightful production of Samuel Taylor's romantic comedy, "Sabrina Fair," under sponsorship of PTA.

RUTH RAASCH

Typical reaction of suburbanites attending Village Theatre for the first time was reflected Saturday night in the comment of one gentleman during an intermission. He turned to his wife and said, with obvious surprise, "I never knew Arlington Heights had anything this good."

WELL, IT'S safe to say that scarcely anyone in Arlington Heights — even regular Village Theatre patrons — knew that the northwest suburbs had anything as good as the show presented to a record 1,200 persons Friday and Saturday.

I've seen a good many local theatre efforts in the northwest suburbs, but I've never seen a production any better than "Sabrina Fair."

What happened?

Perhaps Village Theatre members can best answer that. It's obvious to audiences, however, that there have been some changes made. There's fresh spirit, a new exuberance, and a determination to offer residents of the northwest suburbs a high standard of community theatre.

And by gosh, they've done it!

ONE THING remains unchanged, thank heaven, and that's Village Theatre's slick, professional staging. Maurice Geye outdid himself on "Sabrina Fair" with a set which compares favorably with many downtown productions and is certainly far superior to what one might ordinarily expect from "home talent."

And Village Theatre's "new look" is also reflected in some new faces.

I'M PARTICULARLY enthusiastic about an incredibly talented newcomer from Arlington Heights. She is Ruth Raasch, who made her third appearance in Village Theatre.

Suburbanites are sure to hear more of this delightful character actress, whose extraordinary talent and professional competence did much to make "Sabrina Fair" so successful.

Her characterization of Julia McKinlock was a highlight of the play, and one couldn't help but feel the audience perk up whenever she made a stage entrance. Village Theatre is indeed fortunate to have this likeable talent available for future productions.

ANOTHER "new face" is attractive Jane Miller, who played the title role of Sabrina Fairchild. Endowed with a stage charm and grace not often found in "hinterland" theater, she has the happy fortune of looking every bit the part of pert, pretty Sabrina.

Marshall Moses, in his first major Village Theatre role, did admirably as David Larrabee.

Much of the credit for his performance and the astounding fact that there wasn't really a "poor" performance in the lot, goes to director Mary Tindall.

"Sabrina Fair" is her second directorial duty; her first was the successful "Harvey" of last season.

MRS. TINDALL, who has an extensive background in dramatics, has taken the "fresh spirit" and "new exuberance" and molded it into first rate theatre.

Special mention should be made of a technical staff which made valid contributions to the play.

The plot of "Sabrina Fair" is a familiar one and doesn't need rehashing at this point. After successive runs as a play and, later, a motion picture featuring Audrey Hepburn, the story of the chauffeur's daughter who returns from Paris to woo and win the wealthy older son is well known.

And soon to be well known, too, is Village Theatre. If its high level of competence continues, it's destined to make a mark among community theatre efforts in the Chicago area.

AT ANY RATE, it's my guess that you'd better get your tickets NOW for the spring play, "The Tender Trap." Otherwise you're likely to find yourself, like a number of persons last weekend, faced with the prospect of SRO for a Village Theatre play!

Who said culture was dead in suburbia!?!

THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Inc., Arlington Heights, Ill.

Explains Action

The Palatine Enterprise this week reports the action of the Palatine village board in adopting a resolution to oppose annexation of Palatine to the Chicago Sanitary District. The "Fencepost" may today carry other letters both for and against the action of the Board. In any event, there is bound to be a difference of opinion.

This division of opinion is typically American. And I, for one, have been pleased with the fairness of Paddock Publications in reporting both sides so that all our citizens would have the benefit of all the facts.

That is the process the board followed in this question. Actually, in May of 1955 several of us on the board began a continuing study of whether or not we would benefit by annexation to the district. And, when the referendum had been called by the legislature we appointed a citizens' advisory committee to make a thorough and objective study of the problem.

We spent many days and nights weighing the advantages and disadvantages of this annexation. We met repeatedly as individuals and in groups with officials of the Sanitary District. Then we met in groups with representatives of our neighboring towns. We had session after session with our engineers. We studied one set of projected figures after another. We used the counsel of our attorney and our fiscal agent repeatedly. We discussed all aspects of it among ourselves both informally and in village board meetings. The combined time spent on this problem by village officials, engineers, attorneys, employees, and the citizens' committee could not be calculated.

But even after the citizens' committee recommended opposition to the annexation, the board wanted all the people to know the facts and have an opportunity to be heard. So we invited anyone interested, including representatives of neighboring towns and groups, to attend our meeting held Monday, October 8, to discuss the problem. At that time we accepted the report of our citizens' committee and after free discussion both from the audience and among the trustees, decided to hold final action until last night's meeting. In the intervening 2 weeks the board members had an opportunity to give the problem any necessary final study.

Obviously, this is a serious decision—or it wouldn't have taken so much time of so many people for so long to arrive at it. Without question, there are 2 sides to the picture, or the problem could have been resolved sooner.

The board's action to oppose annexation—to suggest that the voters vote "NO" on this question — was taken with a full awareness of both sides, but with the firm conviction that this action is in Palatine's best interests both now and for the future.

There is much to be said in favor of county-wide or even several county-wide facilities for handling sewage—providing it can result in county-wide benefits and savings to all the people.

Under the Chicago Sanitary District, Palatine would still have to maintain and service its present and future sewer mains and collection devices, including lift stations; we would still have to pay off the indebtedness of nearly $300,000 on our existing sewage treatment plant for the next 26 years, although it would be out of service as soon as the district installed a big interceptor main; we would be paying for our plant and sewer main maintenance plus the Sanitary District tax; under district control subdividers could go "whole hog" on developments around us without needing the big benefit of Palatine's sewer and treatment system; we would no longer have jurisdiction and control over the operation and cost of this vital public facility. These were the chief reasons for the decision of the board to oppose this annexation, just as have the village boards of Arlington Heights and Barrington. It is our carefully considered belief that we can continue to provide adequate sewer service and treatment completely on our own or in a more equitable and satisfactory way than this annexation. Moreover, any necessary expansion of our own facilities will be accomplished with no increase in sewer rates.

For those readers who have awaited a stand by the village board to determine their vote on this question, that stand has now been taken. For those who disagree with the stand the board has taken, all I can say is "God Bless America." Let the ballot-box speak.

HOWARD I. OLSEN,
Village President

All Will Suffer

As a local educator I read with dismay your front-page editorial with reference to the desecration of a grave on the night of September 23.

From earliest times, culture and religion have placed a seal of protection on the tombs of the departed. My own religion looks upon it as a very serious sin with eternal retribution that is terrifying. I'm sure that God and the court will carefully sift and weigh all the facts — the crime itself, the age of the defendants, the motives, premeditation and anything else which will effect a just decision at the trial.

WHICH BRINGS me to the point of my letter. The primary function of a newspaper is to gather the facts and disseminate it to its readers. It is neither the duty nor the right of a newspaper to proceed with its own trial of the accused. The Constitution guarantees to all citizens the right of trial by jury. When such a right is jeopardized by other 'trials" not sanctioned by law nor carrying with them the many safe-guards normally provided for the defendant, then it becomes the duty of the American public to take the steps necessary, slowly, perhaps, but surely, to defend itself.

* * *

ENGLISH statutes contain laws which deny their newspapers any legal opportunity for trial by the press. It has been a mark of the maturity of American newspapers that the public and its lawmakers have not found it necessary to enact similar laws in this country. With its great freedom the American press must continue to accept its great responsibilities.

If it neglects them, it will ultimately lose its freedom, and then all America will suffer.

Robert H. Doane,
Wood Dale.

Hats Off!

My son, age 10, just returned from Camp Reinberg. Some of the sixth graders of Palatine grade school enjoyed (and I do mean enjoyed) 5 days there. I think it was a wonderful experience for my son and I wouldn't have had him miss it for anything.

* * *

MY HAT goes off to Mr. Freeman, Mrs. Moss, Mr. Tuttle, Mr. Diekemper and anyone else involved. If any mother thinks her child was missing out on his arithmetic and spelling lessons, she should dismiss the thought and realize that one of the things her child learned may save his life some day. Their theme was Survival in the Cave Man Era. The wonderful memories to recall in his later years is worth more than learning 2 plus 2 equals 4. Learning to work and live together and giving and sharing are things you learn in camp life that make an honest, solid, unselfish adult.

I want to thank all the camp counselors and personnel for their time and effort and hope it will be a tradition for years to come that the sixth graders will continue to spend 5 days at Camp Reinberg.

Mrs. Ernest F. Dettinger

Harassed

We are 2 harassed housewives who are sick and tired of having our children kicking and screaming in and out of stores because of pony and rocketship rides, placed there to cause havoc with the parents.

The burden of shopping with your children is great enough without trying to drag them away with an armload of groceries from those horrible dime rides.

We call on all housewives to complain to store managers about these rides and to boycott their use.

Just Around The Corner From Patty McArdle

Megan 'Carried Away' With First Pair Of Toe Shoes

Dear Peg:

I suspect that long after children have grown up there remains in the minds of their mothers memories of little conversations and special experiences that are as vivid as the day they happened. One such experience occurred yesterday.

I think I shall never forget Megan's reaction, when Mr. Toepelman, the ballet master, handed her her first pair of pink satin toe shoes. Her face flushed with the excitement of the moment, she looked at me and a grin broke across her face, her nose crinkled, her eyes danced and a wiggle of pure joy ran from the top of her her head right down to her toes.

Mr. T. had to stop giving out shoes just to watch her. With passion, she hugged the tiny shoes to her chest, then planted a big kiss on the toe of each one! Never have I seen her so "carried away."

This was the day that she'd been looking forward to since her first ballet lesson 4 years ago. You may recall that she was just 3 when I enrolled her in Mrs. Wilson's Controlled Rhythm class, under the direction of Mr. Edd Toepelman. Even then, she gave her teacher complete attention and took her dancing very seriously. Unlike many children who become bored after the first year or 2, Megan's interest and enthusiasm increased. Each fall she would be anxious to start again. Due to her seriousness and her attentiveness, which enabled her to quickly grasp and execute new steps and exercises, Mr. T. has advanced her rapidly. I'm sure this action has been partly responsible for her lack of anything like boredom—she has always had to pay close attention to keep up with the others.

You may be thinking that a child 7 years old is too young for toe dancing (bulging muscles, flat feet, deformed legs etc.) and wondering why her teacher would select her to be in a class of children 10-13 years. I wondered too, until I had a talk with Mr. T. When to put children on their toes is an entirely individual question.

Age has little to do with it.

There are several students whom he will never encourage to study toe dancing and others who, though they may be 12 or 13 years old, have not had sufficient training in ballet to begin toe instruction. The things to take into account when considering whether or not a child is ready for toe dancing are: the child's build, the strength of her legs and feet, her coordination and balance, the amount of previous ballet instruction, the accuracy and precision with which she performs the prescribed positions and their combinations and the amount of that vague, endowed quality — a sort of "feeling" for music and dancing—called "talent."

The amount of "talent" that Megan has is left to be seen, but in the meantime we're having a wonderful time encouraging her, as long as she is so interested in ballet dancing.

My love,
Patty

400 GOP Stalwarts Cheer Stratton After Long Wait

by TOM BRENNAN

Republicans of the northwest townships gave a convincing demonstration of their loyalty to Gov. William G. Stratton Monday night.

They waited, 400 strong, until 11:40 p.m. at the VFW hall in Arlington Heights for the governor's caravan to creep down fog-shrouded highways from Zion.

Plainly pleased by the show of loyalty, the governor replied with a forceful 10-minute speech repeatedly interrupted by applause.

* * *

LASHING OUT at his Democratic opponent, Stratton charged that he is "an unknown candidate put up under suspicious circumstances" and again that Austin's candidacy is an attempt of Democratic "bosses" to put an "unknown puppet in the governor's chair to serve questionable interests."

Austin has "failed to present any program of statewide issue," declared the Republican incumbent. This, he explained, is because the Democrats "don't dare compare the accomplishments of my administration with the failures of my precedessor, Adlai E. Stevenson."

STRATTON grappled with the Hodge issue by stating that the state never before had such "effective action," referring to Hodge's removal from office, in any other emblezzlement case. Yet he reminded the partisan crowd that he is "not running to be attorney general, auditor or secretary of state."

The governor drew a hearty chuckle from the audience when he quipped that the Hodge case had given him so much extra work that "I've had enough to do with the auditor's office for some time."

Stratton cited as his chief accomplishments improved schools, highways, and institutions and added that legislative reapportionment has given suburbanites "better representation in Springfield than ever before."

SEN. EVERETT M. Dirksen was slated to be the other headliner at the rally but was unable to attend.

Other candidates who addressed the rally included 13th district Congressional candidate Marguerite Stitt Church, Elbert S. Smith, running for auditor, and candidates for county offices and the state legislature.

"We have never known times to be so good," declared Mrs. Church. "A change in the national administration in 1952 brought us a new faith in government and in ourselves."

Like other candidates, Mrs. Church urged the audience to "get out the vote" to offset the Democratic vote in Chicago.

Smith blasted the hearings of the Fulbright committee in Chicago last week as being politically-inspired. Democrats on the state level, he said, are campaigning "on the morbid political hope that a scandal will put them into office."

Arthur E. Simmons and John W. Carroll, both running for state representative from the new sixth district, spoke briefly of their backgrounds and asked for a large turnout at the polls November 6.

ANOTHER area candidate, however, struck out at the "Morrison hotel clique of political pirates."

He was Jackson L. Boughner, candidate for state senator in the new third district composed of Palatine, Barrington, Hanover and Schaumburg townships.

Boughner said that Rolling Meadows precinct workers had told him they were "not pushing" Gov. Stratton in their city because of his approval of a disconnection law passed in the last session of the legislature.

"I wouldn't be afraid to go to every home in Rolling Meadows and tell them that I'm for Stratton," commented Boughner.

OTHER CANDIDATES speaking and the office they are seeking included Francis Delaney, Chicago sanitary district trustee; Francis X. Connell, clerk of the circuit court; Benjamin Schwartz, Superior court judge, and Herb Frielund, county clerk. Cook county G. O. P. chairman Edward F. Moore introduced Gov Stratton. (AF

Trustee Nordburg Honored By Good Government Group

The Illinois Good Government Institute, according to Chairman J. P. Holland, has voted to honor Trustee William S. Nordburg of the Metropolitan Sanitary District of Greater Chicago with their "Distinguished Service Award" at a luncheon to be given October 24th at the dining rooms of the Chicago Real Estate Board.

In making the announcement, Holland stated, "The Economy record of our Sanitary District has won national acclaim - but what is not too well known is, that back in April 1947, Trustee Nordburg fought a "minority report" through to adoption. It projected a program of reforms. It was the genesis of the economy movement.

THE SERVICES of the District", Holland continued, "were increased and improved all along the line. Taxes were reduced - a most remarkable achievement - but what has brought greatest pride to all Chicagoland was the very recent acclaim by the American Society of Civil Engineers that our Metropolitan Sanitary District was "the Seventh Wonder of the Engineering World".

The Illinois Good Government Institute, according to Holland, is recommending the re-election of Trustee Nordburg. (POL

Local Stengel Supporters To Attend Potluck Supper

Arlington Heights' Stengel for Senator committee has organized a motorcade to tonight's address in Park Ridge on the hottest national issue of the day--"Security Through the H-Bomb Ban."

Speaker is Dr. William Davidon, chairman of the Atomic Scientists of Chicago and nuclear physicist at the federal government's Argonne National Laboratory.

DR. DAVIDON will be the only speaker at what is primarily a social evening, including a potluck supper, at the Northwest Suburban Citizens for Stevenson Headquarters, 610 Devon Ave. (at Talcott rd.), Park Ridge.

The local Stengel group, which is chairmaned by Mrs. Paul Moore, 634 S. Belmont, has arranged for transportation to the headquarters either from Arlington Heights or from the North Western commuter station in Park Ridge.

Thus, wives can be picked up here and meet their husbands--who will be picked up at the Park Ridge station--at the party, which starts at 6:30 p.m.

FOR A FREE ride from either place phone Mrs. Moore at Clearbrook 3-4990. Donations for the supper are $2.50. This may be paid either at the party or in advance to Walter H. Givens, 810 N. Harvard, treasurer of the Arlington Heights Stengel for Senator committee.

To help pay for local advertising in the campaign windup, Givens also is accepting Stengel contributions. (POL

How Can Stratton Shirk the Blame?

ELECT RICHARD B. AUSTIN GOVERNOR

HALT CORRUPTION RESTORE INTEGRITY to ILLINOIS GOVERNMENT

This Adv. Paid For By All Ill. Ind. Citizens Com. Austin For Gov. Soc. J. P. McMahon

Carpentier Cites Road Safety Under His Leadership

Secretary of State Charles F. Carpentier, Republican candidate for re-election, has reiterated his charge that his opponent in the forthcoming election advocates policies which would result in Illinois reverting "to the Middle Ages of highway safety."

Secretary Carpentier said his opponent wants to return the power to revoke, suspend or cancel drivers licenses to so-called "proper authorities."

"IT WAS NOT until I proposed to the 1953 General Assembly a law which would remove dangerous drivers from our highways before they took the lives of others or of themselves that we finally made a tremendous stride forward in an attempt to return sanity to our roads," Secretary Carpentier continued.

"My administration has presented Illinois citizens with highway protection through a model drivers license law which citizens of no other state in the union are afforded," concluded Secretary Carpentier. (POL

Adamowski Hits Opponent On Juvenile Delinquency

Benjamin S. Adamowski, Republican candidate for State's Attorney, has blased the incumbent state's attorney for mishandling the juvenile delinquency problem.

Adamowski referred specifically to the invasion of South Shore high school by 4 young hoodlums Oct. 27, 1954.

The delinquents were arrested by police after they had "cursed a teacher, disrupted a classroom and inflicted serious injury to one o fthe students."

"THE STATE'S attorney on Oct. 29, 1954 was credited with an amazing comment by the Chicago Daily News," said Adamowski.

"The comment was:

'Maybe something is wrong in our educational system. We have got to get some spine in our teachers."

"While the State's Attorney was berating the teachers, the case against the young hoodlums was being continued, first to Nov. 15—then to Dec. 8—then to Dec. 22—then to Jan. 25—then to Feb. 23—then to March 3, and finally was heard on March 4, 1955.

"THE ONLY penalty the State's Attorney was able to get against these young toughs was a tap on the wrist in the form of a fine,' Adamowski said.

"One of the young hoodlums is now in the state penitentiary because of his conviction in a murder in which he took part less than six months after this 'tap on the wrist' from the State's Attorney's office.

"This is a perfect example of the bombastic nonsense which has emanated from the State's Attorney's office in the past four years while the sorry performance of the incumbent is undermining the respect for law and order not only by the juveniles but by their parents as well.

"AS THE FATHER of 2 teenage sons, I can promise you 100 per cent cooperation with the teachers of Chicago and with religious and civic groups for the purpose of making some real progress in aiding the youth of this community to reach manhood and womanhood with a respect for our governmental process.

"The young people of Chicago and Cook County are our most valuable asset. The moral standards of the upcoming generation are as high, and their minds are as well-informed as those of any generation in history. We owe them leadership and guidance. Let's not lose our most precious resource."

Giant Rally, Parade Set For Chicago November 3

The world's longest stage — extending 2 miles in Madison street — a torchlighted parade of 50,000 marchers, a gigantic Chicago Stadium stage show, — and a turnout of more than half a million people will feature the All Chicago Jubilee and Salute to Stevenson and Kefauver November 3.

Plans now being shaped by the All Chicago committee, headed by Barnet Hodes as chairman and Mayor Richard J. Daley as honorary chairman, call for the greatest single demonstration of the 1956 election campaign in tribute to Presidential Candidate Adlai E. Stevenson and Vice Presidential Candidate Estes Kefauver.

* * *

TO ATTRACT the multitudes, Madison street, from Michigan avenue to the Chicago stadium will be converted into a canyon of light, color, music and fireworks, with acts mounted on mobile units providing a continuous stage show, block by block, starting at 5:30 p.m. The crowds also will see the parade of the candidates to the Stadium, escorted by an estimated fifty thousand marchers, with bands, floats, banners and torchlights.

At the Stadium, starting at 8:15, Broadway and Hollywood theatrical stars and personalities will entertain until Candidate Stevenson's final address of the campaign is heard from the stage of the Stadium over a nationwide TV and radio hookup. (POL

Daily News Endorses Austin

The Chicago Daily News has vigorously endorsed Richard Austin for Governor, declaring that "There has been a big, stinking mess in Springfield and the voters should register their outraged sentiment."

SAID THE News in its editorial: "In many respects, Stratton has been a good governor--an excellent governor. He has been an efficient administrator of most of the departments under his control. The state must always be grateful to him for his leadership in reapportionment. Many of his predecessors had attempted it but failed. But our criticisms are of a kind that are not readily balanced and offset. They point out a kind of callousness that invites the moral deterioration of government, no matter how prudent and efficient the governor may otherwise be. The defeat of Stratton involves the election of Richard B. Austin and we recommend it.

Total Registered Voters Drops 85,000 From 1952

Total Registered Voters-tempo ....

Illinois will have 9,588 precincts in the November 6 general election, an increase of 77 from the April primary, Secretary of State Charles F. Carpentier said this week.

Total estimated registration in the state, based on figures submitted by county clerks, stands at 5,217,858, a decrease of 85,663 from the general election of 1952., Secretary Carpentier said.

Cook county's registration of 2,610,000 is 134,671 less than four years ago, while downstate registration of 2,207,858 is an increase of 49,008.

Since April, the number of precincts under jurisdiction of the Chicago Board of Election Commissioners decreased by 47, and White county shows a decline of one.

Areas and counties which showed precinct gains are: Champaign, 4; Cook county outside of Chicago, 85; Kane, 6; Kankakee, 1; Kendall, 6; Lake, 4; the city of Bloomington, 1; Peoria county, 6; Richland, 3. city of East St. Louis 2; St. Clair, 1; Tazewell, 1; Whiteside, 3; Winnebago, 1; Woodford, 1. Tank truck salesmen **NORM GREENACRE, ED PROCHNOW, EARL COSMAN, GEORGE MOHR** and **AL PROCHNOW** of the **SCHIMMING OIL CO.** are rushing around like mad these days to fill the orders that have been pouring in by customers who want their home oil supply replenished before the real cold weather sets in. I advise you folks who haven't already done so, to also put your order in now at **SCHIMMING OIL** for a tankful of refinery fresh Conoco Super Heating Oil—the oil that contains anti-sludge and anti-smoke additives. But it's nice to know that just in case you should forget to do this you can depend on **GEORGE SCHIMMING** for 'round the clock emergency service.

TILLIE MENSCHING of the **LORRAINE-ANNE SHOP** tells me that car coats for ladies and teen age girls are one of the most popular fashion notes this season. And I can tell you that you'll find a wide selection of car coats at **LORRAINE-ANNE** in a variety of styles and colors as well as a complete line of women's handbags, costume jewelery and the latest in hats. If you're looking for slacks or foundation garments, **LORRAINE-ANNE** also carries an especially large stock of these items. In foundation garments, as in all other merchandise, this fine women's specialty shop handles only top brand names like Bali Bras, Playtex Bras and Girdles and Bestform Bras and Girdles.

Charles Klehm Donates Peonies To Garden For The Blind

A mass planting of hundreds of peonies in the Fragrant Garden on the grounds of the Chicago Lighthouse for the Blind will take place Friday, starting at 10:30 a.m. Members of the Woman's Board of the Chicago Horticultural society, dressed in their garden work clothes and bringing their favorite tools, will receive advice from Carl Klehm, Arlington Heights, on the best methods for planting peonies.

The peonies to be planted have been contributed by Charles Klehm and Son, Arlington Heights, and will include a variety named for a local resident, Emma Klehm.

The Womanis board has financed and is completing the Fragrant Garden for the Blind under the guidance of Harold O. Klopp, landscape architect of Palatine. (B7

New Air Force Enlistment Policy

The air force has announced a new policy, which went into effect October 1, 1956, and allows young men to enlist for a 6-month active duty period followed by 7½ years in the ready reserve.

Undertaken to stabilize the air force ready reserve strength for some years to come, the program authorizes the enlistment of a limited number of young men between the ages of 17 and 18½ years who are in their senior year in high school or are high school graduates.

Young men from the Arlington Heights area may obtain further information on this program by contacting the air reserve center at O'Hare air force base, Park Ridge, in person or by calling VAnderbilt 7-1151, Extension 384. Information may also be obtained from Sergeant Walter Mohnsen local air force recruiting representative. He is located at 620 Lee st., Des Plaines and can be reached by calling VA 4-5025. (WUS

Carabinieri Band At Chicago Stadium

The Chicago Stadium will be host to plenty of International color Nov. 9 and 10 when the Carabinieri band of Rome is presented in the West Madison street building.

The band will be traveling to the United States on diplomatic passports and will be accompanied by high ranking officers of the Carabinieri.

One of the oldest military organizations in the world, The Carabinieri is nearly 200 years old and its band is one of the most famous in all of Europe. It is not surprising that the Italian military should have the top European band because of the deep seated musical traditions of the Roman land.

Gentle Locust Isn't Such A Bad Fellow After All

by LELAND ELLIS TRUXELL

As I am writing this story, I hear the sound of the male cicada singing his love song from the trees. But before I found out he was a cicada and not a locust, I went through a period of indecision which led me to the encyclopedia. Now I know.

A locust, it seems, is a most destructive insect related to the grasshopper family. It belongs to the Orthopters insects which include grasshoppers and crickets. It attacks in swarms, and destroys all vegetation in its path. It has powerful hind legs and is a great hopper. Its eggs are laid in the ground in the fall of the year and when warm weather comes, they hatch. In this hemisphere they are found in the northeastern part of the United States and Canada. Another species which has proven very destructive has been found in parts of Texas, Colorado, Kansas, Nebraska, Oklahoma and other areas west of the Mississippi.

* * *

BUT THE CICADA appears to be a relatively harmless bug, though he does some damage. They have a proboscis adapted to better about the whole thing. For tervals of from 13 to 17 years, the 13 year cycle appearing in the south because of greater warmth. The male has four or five membranes across his abdomen with which, by vibrating them, he produces the song we have now been listening to for so long. The cicada lays its eggs in twigs or trees or shrubs. It is often called a locust, but is not a true one.

Locusts are good to eat, in case you meet up with some sometime and want to cut down on your food bill. They may be prepared by pounding them into small particles and baking them into bread, or, if you prefer them as a delicacy, you may fry them in oil. However, don't try the cicadas, for while they may be a rare treat, no mention of their use as a food was made in the material I read.

So now I feel better, knowing that the cicadas will not eat up all the shrubbery or deleaf the trees too badly. And you know, somehow or other, knowing that the sound they make is the love song of the male cicada, I feel dents have been accepted for mema while, I thought the noise was their jaws munching foliage.

Heart Group Sponsors Workshop For Nurses

For the fourth successive year the Chicago Heart association is sponsoring a series of 3 work shops for nurses in industry, for hospital and public health nurses and for school nurses, on 3 successive dates in November — Thursday, Nov. 8 and Tuesday, Nov. 13 in the Illinois room of the LaSalle hotel and Tuesday, Nov. 20 in the Embassy room of the Morrison hotel.

The meetings will attract several hundred nurses, representatives of each group, who come from all parts of the greater Chicago area, which includes communities and suburban districts. The sessions will start at 8:45 a.m. and continue until mid-afternoon, with special noon luncheons where additional speakers will be featured.

* * *

DOCTORS, nurses, medical consultants — all nationally known in the health field — will lead discussions in each workshop, and will give information and latest progress reports on newly found knowledge and treatment of the heart diseases, and newer concepts of the care of the heart patient.

Require Dedication

Des Plaines city council has given first reading to an ordinance requiring subdividers of land to be annexed to the city to dedicate 10 per cent of the land for public park and school use. An alternative would be for subdividers to pay the city an amount equal to the improved value of 10 per cent of the land.

Scouts Continue Drive To 'Get Out The Vote'

The nation's 4,175,134 cub scouts, boy scouts, explorers, and adult leaders will climax their nationwide Get-Out-the-Vote campaign beginning Saturday, Nov. 3.

On that day and on Monday, Nov. 5, they will call on a total of 35,000,000 homes and leave on front doorknobs a Liberty Bell hanger urging citizens to vote.

They have been conducting a nonpartisan campaign, without reference to any candidate or party. It has been sponsored jointly with Freedoms Foundation, Inc., of Valley Forge. (B10

How Disability Is Measured Under Social Security Laws

by JULIUS BERMAN
Northwest District Manager, Social Security Administration

Add: 2 autos travelling in opposite directions at high speed, 1 heavy rain, 1 wet pavement, 1 blowout.

Sum: Debris on the highway, material and human. No deaths. One driver recovers minus both legs and his right arm. The other, more fortunate, minus his left arm only.

Six months later both apply for the "disability freeze" under social security. Both have worked under social security long enough and recently enough to meet the work requirements (which we shall discuss and explain at a later time).

The claim of the man who lost his left arm is allowed. The claim of the man who lost his right arm and both legs is denied.

Error? Injustice? Influence? No.

To understand, one must first grasp the concept of how disability is measured under the Old-Age and Survivors Insurance system.

* * *

MOST OF THE few other existing disability programs measure incapacity by what has been lost.

This program does the opposite. It measures **what is left** —"residual capacity," if you prefer fancy language.

And it measures residual capacity not in terms of how many legs or arms or heartbeats are left to a worker, but in terms of what he has left that will enable him to earn a living.

Let's go back to our unfortunate accident victims. Let's see what they did for a living, and what they were equipped to do, both before and after the accident.

Harold, the man who lost both legs and his right arm, is a high school graduate. For the 6 years immediately before the accident, he made his living as a salesman.

But he was a very specialized kind of salesman. He sold coal — by telephone. His office consisted of a desk in his home. He never had to leave it to make a living.

* * *

HIS ACTIVITY consisted of telephoning customers, old and prospective, writing up their orders, and mailing the orders to the coal company. After his recovery he was able to carry on his work, with the aid of a telephone headset, with no appreciable impediment to his earnings.

In sum, his livelihood depended primarily on his voice, his telephone-sales ability, his ability to use the telephone and his ability to write the orders he received.

All these abilities remained with him despite the loss of three limbs. Therefore it had to be determined that his disability did not prevent him from engaging in substantial, gainful employment.

Dan, the man who lost only his left arm, quite coincidentally also worked for a coal company. He was 48 years old, had completed the sixth grade in school, and had earned his living, all of his adult life, as a manual laborer. For the ten years immediately before the accident he had been employed as a coal hiker.

* * *

WITH ONE ARM gone, what was left to Dan, in terms of abilities to earn a livelihood?

Nothing, immediately, because 2 good arms are required to hike coal. By training and experience he was qualified to do nothing else but similar manual labor requiring 2 good arms. Therefore it had to be determined that Dan's disability did prevent him from engaging in substantial, gainful employment.

Dan's story doesn't necessarily end with the allowance of his claim.

If at all possible, an attempt will be made to rehabilitate him — to teach him some skill which will enable him to again become self-supporting.

If and when such an effort is successful and Dan is able to earn substantial wages, his period of disability will be ended.

* * *

IN A WORD, this disability program was not designed to compensate people for pain or suffering or loss of limb. It was designed to compensate them for physical or mental disabilities which prevent them from earning a living.

Perhaps more importantly, it seeks to help people overcome their disabilities, wherever possible, and to return them to society as productive, self-supporting, citizens.

The specific type of protection offered by the disability feature of old-age and survivors insurance depends on the worker's age. We'll explain next week. B10)

Swept-Wing Dodge To Be Shown Oct. 30

Lower, longer and wider with far-reaching advances for smoother, quieter performance, the 1957 Swept-Wing Dodge passenger cars make their first apparance in dealer showrooms on Tuesday, October 30.

An all-new suspension system and newly designed frame give the 1957 Dodge a much lower center of gravity, providing road-hugging qualities formerly found only in high priced sports cars.

* * *

NOT ONLY is this a major contribution to highway safety, but it also enables Dodge to reduce car height by as much as 5 inches, so that the new Lancer hardtop stands less than 55 inches high.

The 1957 Dodge features swept-wing rear fenders comparable to the rudders of airplanes or racing boats. Keynote of the Dodge styling theme, they also have the definite functional purpose of stabilizing the car in crosswinds.

Horizontal steel torsion bars have replaced the upright coil type springs, and the new springing is achieved by slightly twisting these sturdy, straight bars. The torsion bars give a smoother softer ride, last longer, require less maintenance and occupy less space —a major factor in lowering the car's overall height.

* * *

DODGE'S NEW Torque-Flite push-button transmission gives livelier response in both acceleration and engine braking, and the smoothest kind of getaway performance.

Roof lines are thinner to accent the swept-wing look at the 1957 Dodge, but the roofs are stronger, yielding substantial improvement in driver visibility through use of 53 per cent more windshield glass.

The larger windshields wrap around at the bottom as well as the top, and on 1957 Dogde convertibles they also curve into the roof itself.

Fourteen-inch tubeless tires are standard on the new Dodge. The larger tires, mounted on smaller but wider safety-rim wheels, provide a double thread on the road surface for greater safety.

DODGE OFFERS a new line of engines for 1957. Displacement of the Red Ram V-8 has been increased to 325 cubic inches and the compression ratio to 8.5 to 1.

The trunk compartment of the new Dodge is more than 6 feet wide and provides substantially increased usable storage space. The seldom-used spare tire is now horizontally mounted, out of the way, at the rear of the trunk.

The life-guard safety door latch automatically secures doors against accidental opening. New recessed door handles pull out with the same simple action used in opening a drawer, and offered no hazard to fingernails. (BB

Gas Ass'n Director

Marvin Chandler, president and chief executive officer, Northern Illinois Gas Co., Aurora, has been elected a director of the American Gas association for a 2-year term ending October, 1958. The election was held during the 38th annual convention of the association at Atlantic City, N. J.

Offer Fellowships To Many Teachers

Expanded aid to outstanding high school physics, chemistry and mathematics teachers — with an eye to their encouraging more students to study the subjects and thus help check the nation's growing shortage of scientists — was announced today by Shell Companies Foundation, Inc.

The foundation this year provided Shell merit fellowships for 60 high school teachers at seminars conducted by Stanford and Cornell universities this past summer, H. J. Underwood, division manager, Shell Oil Company, said, "The first year's program was so successful that we plan to provide a sigificantly greater number of fellowships for 1957."

Requests for fellowship applications should be sent directly to the two universities. Teachers east of the Mississippi should write the department of education, Cornell University, Ithaca, N. Y.

Mathematics, physics or chemistry teachers with five years' experience and known leadership ability will be eligible

Arlington Man Reelected Treasurer Of American Safety Engineers

George F. Nuernberger, safety engineer for the A. B. Dick company, was installed Tuesday, Oct. 23, for his third term as treasurer of the American society of safety engineers.

The society, a professional organization of safety engineers, is dedicated to upholding the standards of the profession and using its abilities for human service in the nation, the state and the community. With 61 chapters in the United States, Hawaii and Canada, the society has a membership of 6,700.

Others who will take office - all for one year terms—include J. B. Johnson, secretary, managing director of the American society of safety engineers, who lives in Mt. Prospect.

* * *

MR. NUERNBERGER, who lives at 740 N. Beverley, Arlington Heights, has been safety engineer at A. B. Dick for 11 years, prior to which he was manager of the health and safety department, Allis-Chalmers manufacturing company.

A native of Wisconsin, Mr. Nuernberger was graduated from Marquette universiy in 1937 with the degree of bachlor of civil engineering.

During World War II he was a member of the advisory committee of the safety and security branch, sixth service command, and served as an industry representative on the conservation of manpower within war industries committee, U. S. department of labor.

He recently was named to the board of directors of the national safety council.

* * *

A MEMBER of the society since 1942, Mr. Nuernberger has held important chapter assignments and was general chairman of the Greater Chicago chapter in 1952-53.

He is a member of the American industrial hygiene association, a past president of the industrial safetymen's association of Chicago and has served on a number of sectional committees for the American standards association.

In Arlington Heights he is vice chairman of the plan commission, a trustee of the St. John Evangelical and Reformed church and a member of the Lions club. (BB

In Business, Better Late Than Never

It's a mite late to be learning this, but Wheeling and Rolling Meadows were 2 of the 4 north suburban towns which did more retail business in July than they did in June.

All the other area villages except those 2 and Algonquin and Niles showed varying drops in July from the previous month. Retail business totals are figured from the amount of local sales taxes collected.

* * *

WHEELING collected $1,552 in such taxes in July, compared with $1,507 in June, while Rolling Meadows revenues rose from $726 to $941 for the same period.

Evanston as usual lead the area suburbs with collections of $40,756 and Arlington Heights was sixth with $8,241, compared with $9,739 the month before.

Mt. Prospect took in slightly more than half of the Arlington total, or $4362. (BB

Illinois Spending Tops Last Year By One Per Cent

Spending by Illinois consumers and businessmen, as measured by the dollar volume of checks drawn on local banks, ran only 1 per cent ahead of a year ago during September.

This about matched the showing of all 45 midwest cities for which spending totals are reported by the Federal Reserve bank of Chicago.

Of the 12 reporting Illinois centers, the bank says, September comparisons ranged from minus 8 per cent in Alton to Danville's plus 18 per cent. Excluding the Chicago-area showing, which exceeded a year ago by about 1 per cent, the Illinois total ran 6 per cent above 1955.

* * *

FOR THE FIRST 9 months of 1956, however, both Chicago and the rest of the state topped the same period last year by about 7 per cent. Most Illinois centers bettered the midwest average in the January-September period.

Checkbook spending in Illinois during the past 3 months maintained the same margin of gain over 1955 as earlier this year. Centers which showed some improvement over the first half were Bloomington, Chicago, Quad Cities, East St. Louis and Quincy. (BB

Public Service Co. Tells Plan For New Line

Public Service company plans for a new 138,000 volt transmission line which will strengthen electrical service to local northwest communities were disclosed Monday by Harold W. Otto, division vice president.

The new 35-mile steel tower line will extend from the utility's existing Des Plaines substation near Rand road and the Soo Line railroad in a northerly direction along the Soo Line and terminate at the utility's generating station in Waukegan.

The route of the proposed transmission line will bring it in the proximity of Wheeling, Mundelein and Libertyville.

* * *

WITH ALL but a small portion of the right-of-way secured, construction of the new power supply line is scheduled to start next year, according to Otto. Completion is expected in 1958.

Otto said the new transmission line will provide local communities with another strong link to the integrated power system of Commonwealth Edison company and its Public Service company division. It is part of the utility's system-wide modernization and expansion program, which is designed to keep pace with increasing demands for electricity.

THE COMPANY also contemplates a future 138,000 volt line which will extend westwardly from the Des Plaines substation to connect with other points in its integrated high voltage system.

The cost of the Commonwealth-Public Service continuing construction program is now estimated at $600,000,000 for the 4-year period, 1956-1959. More than half of this amount is earmarked for transmission and distribution facilities.

THE UTILITY also is building 6 new generating units totaling 1,415,000 kilowatts of net capability. Among the units under construction are three 305,000 kilowatt turbine generators, the biggest ever ordered by the system.

Price Support To Stabilize Soybeans, Up $2 A Bushel

by L. H. SIMERL

Many people have asked about price prospects for soybeans.

These questions are a natural result of the large price advance after harvest last year and the big crop that farmers have just harvested.

The present soybean situation is much like that of a year ago, but there are some very important differences:

Soybean prices averaged slightly over $2.00 a bushel at harvest time in 1955 and about the same during the recent harvest. Prices for the 1955 crop rose spectacularly to over $3.00 in May. Many farmers are holding their 1956 crop, hoping for a repeat performance.

Both crops were record-breakers, but the 1956 crop is by far the greater, 470 million bushels compared with 371 last year. Carryovers of old beans were not important in either year, being 10 million bushels in 1955 and five million this year.

* * *

SEVERAL UNUSUAL developments lifted prices of the 1955 bean crop:

(1) crop yield prospects declined toward harvest time;

(2) the Department of Agriculture increased subsidized exports of soybeans and soybean oil;

(3) the supply of olive oil in Europe fell far below normal, and European buyers bought our soybeans and oil as a substitute;

(4) production of poultry and hogs was pushed to very high levels, making a large outlet for soybean meal; and

(5) the justified rise in soybean prices attracted speculation that pushed prices to even higher levels.

* * *

SOYBEAN yields this year were better than early prospects. The department of agriculture will continue to subsidize exports, but exports may not increase in the same propostion as production has increased. Supplies of most competing products in other countries are larger than they were last year.

However, the size of some important foreign oil crops (such as European olive oil, African peanuts and the Asian oilseeds) will not be known for another month or two. Since large amounts of products that compete with soybeans are shipped through the Suez Canal to Europe, any restriction on traffic through the canal would tend to lift prices of our soybeans.

Hog production is declining, and poultry production will probably increase much less than it did in the year just ended. This change will restrict the demand for soybean meal.

THE MOST important factor in soybean prices this year may be the price support program. The price support loan rate will average $2.15 a bushel. If buyers do not take the large supply at prices near or above the support level, farmers will put most of the excess under price support loans. Experiences with other crops indicate that average market prices are likely to be several cents below the price support loan rates before farmers place large amounts under loan.

The department of agriculture has announced that any soybeans acquired by price support loans will not be sold before next October 1 at less than the price support level plus carrying charges.

It has been profitable to hold soybeans for sale after harvest in seven of the ten years since World War II. The exceptions were the crops of 1948, 1952, and 1954. (Fm

FARM ADVISER CARL F. MEES accepts an editorial award from R. A. Jarnagin, Assistant Extension Editor, University of Illinois, Urbana. Mr. Mees received the award at the Annual Extension Banquet at the University of Illinois, October 17.

From the standpoint of information and interest, Mr. Mees' column was selected as one of the best 8 columns in the state. Farm and Home Advisers and Assistants from the 102 counties in the state are eligible to participate.

"Down on the Farm," the Farm Adviser's column has been carried regularly in all of Paddock's papers for the past 2½ years.

Lunch Breaks May Prevent Injuries

A mid-morning and mid-afternoon lunch break for busy corn pickers will help keep your husband off the accident list, says O. L. Hogsett, extension safety specialist, at the University of Illinois.

Studies of corn-picker accidents in a neighboring state show that these accidents reach a peak about 10 a.m. and 4 p.m. Many of the picker operators who were injured about these times said they were sleepy and getting bored with the job, or some said that the next meal was too far away to anticipate.

A tasty sandwich or two, some cake or cookies and a drink to fit the weather can break that long morning and afternoon. Even if it takes your best dessert to stop the picker, it's effort well spent if it helps to prevent an accident, says Hogsett. (Fmr

Pullets Lay Less On Oat Diet, Say Experts Who Know Theirs'

Apparently it doesn't pay to rely strictly on oats as the cereal in an all-mash ration for pullets.

An experiment at the Illinois agricultural experiment station, Urbana, showed that pullets laid fewer eggs and ate more feed when fed oats as the only cereal.

H. M. Scott, head of the poultry division at the University of Illinois, says this test shows that pullets probably cannot eat enough of such a bulky diet to keep up as satisfactory rate of lay.

* * *

ON THE OTHER hand, pullets fed a corn ration, a wheat ration and a mixed ration did about equally well in the test. Those fed the mixed ration at slightly more for each egg laid than did the others.

Pullets fed the corn and wheat rations both produced 294 pounds of eggs for each pound of feed they ate, compared with .273 for the pullets on the mixed ration. The oat-fed chicks produced .162 pound of eggs per pound of feed.

Rsearchers used 4 groups of 17 to 20 White Leghorn Pullets in the test. Each group was fed each of the 4 rations in rotation for 2 weeks. An adjustment period of a week was allowed at each change of feed. Fm)

Recharge Your Battery With Glass Of Milk

To repair a brick wall, a bricklayer needs a reserve supply of materials to work with.

Likewise your body needs a reserve of "building blocks" to repair broken-down tissues. In the body these building blocks are called amino acids. They make up the protein that builds muscles.

These amino acids are found in milk, Nature's most perfect food, according to R. G. Hansen, University of Illinois dairy biochemist. One quart of milk supplies from 50 to 200 per cent of these body building blocks.

* * *

AT LEAST 18 amino acids make up proteins. Some can be formed by your body, but at least 8 must come from the food you eat each day.

If you don't get enough of these 8 "essential" amino acids, Hansen warns, you'll actually destroy your body tissues.

Some protein foods are low in important amino acids and won't help to provide them no matter how much you eat, Hansen explains. Poor building block mixtures aren't stored in the body long enough to allow shortages to be made up.

* * *

BUT WHEN you drink milk, along with the other foods you eat, you'll get all the amino acids you need.

For example, cereal grains are usually low in lysine, a necessary building block. But milk proteins contain a lot of lysine. So both milk and cereals or bread at meals give you a better amino acid balance than cereals or bread alone.

Tropical Cotton Is Big Illinois Crop

Because Illinois is considered a northern state, travelers are astonished when they see fields of cotton in its southernmost counties.

They do not realize that Cairo, where the Ohio river empties into the Mississippi, is on the same parallel of latitude as the north boundaries of 3 cotton-growing states: Oklahoma, New Mexico and Arizona.

Cotton, a tropical plant which has been adapted to temperate regions where there is a growing season of 6 months or more, is the world's most important source of fiber. Man depends mainly upon cotton for his clothing and other textiles. Countless uses have been found for it and its by-products. It enters into the daily life of more of the world's peoples than any other product except salt.

* * *

WHEN Columbus discovered America he found cotton growing and being used in the West Indies but it was different from the kinds then grown in Spain, in Egypt, and in India where cotton has been cultivated and woven into cloth since 3,000 B.C.

The Aztecs in Mexico, the Mayans in Central America, the cliff dwellers in Arizona, and the prehistoric Incas in Peru, all made fabrics from the kinds of cotton native in the two Americas. More than 30 species are now recognized and classified according to the "staple" — the average length of the fibers produced — and the climatic and soil conditions required for their best growth.

As a farm crop in the United States — although it is not as important as livestock nor as important as corn, which is largely fed to livestock —cotton has long been the most important cash crop except during a few years when wheat outranked it. We grow more cotton than any other nation and use most of it as raw material for many industries.

* * *

A FIELD of cotton in bloom is beautiful. The tall "long staple" Sea Island cotton has yellow blossoms but the Upland cottons, which comprise ninety-some per cent of the crop in this country, have blossoms that are snowy white when they open, pink the second day, and then become purplish red.

When the petals fall off, each flower leaves a small green square and, in the center of that square, there is a little green capsule. That is a "cotton boll" and it grows until it is as big as an egg. Then it ripens and the husk, turned brown, opens like a milkweek pod and a fluffy white ball of fibers bursts out.

* * *

EACH BALL contains several dozen egg-shaped seeds and each seed is coated with thousands of long white hairs which are flat, twisted, and superior to all other natural fibers for spinning into threads.

Beginning with Eli Whitney's invention of the cotton gin for separating the seeds from the fibers, and culminating with the recent perfection of a machine to "pick" and gather cotton from the fields, there has been a complete revolution in the cultivation and utilization of this remarkable plant.

Moist Locations Hard On Paints

Some paints with an oil or gum base are likely to mold if used in moist locations.

K. H. Hinchcliff, extension agricultural engineer at the University of Illinois College of Agriculture, says that paints produced especially for use in such places usually do not contain these mold-encouraging materials.

Some waterproofing paints contain powdered iron that may cause a rust that could be confused with red mold, Hinchliff says. The only way to be sure what is causing the trouble is to examine the coating under a microscope.

* * *

TO PREVENT mold, you can use anti-fungus materials in basement paint. But you may also be able to cure some of the causes of the trouble. Using a fan or a commercial or homemade dehumidifier should help, the agricultural engineer suggests.

You can buy mold inhibitors to put in paint for basement use. Recommended inhibitors contain a 1 per cent solution of sodium pentachlorphonate. Less effective are bicarbonate of soda or borax solutions. (Fm

Palatine-Chicago Helicopter Run For Convention

One manufacturer of safety equipment exhibiting at the 1956 National Safety Congress and Exposition believes in practicing what it preaches. During the convention, which opened Monday at the Conrad Hilton hotel, the Sellstrom Manufacturing co. will use a helicopter to provide fast, safe transportation between its hotel exhibit and the firm's general offices and factory in Palatine.

The charter service supplying the helicopter estimates the run will take about 20 minutes each way, as against 75-90 minutes on the road. The 3-place helicopter will use the firm's parking lot alongside the plant for its Palatine landing field.

Sellstrom Manufacturing Co. moved to the northwest suburb and a new plant about 2 years ago Founded in 1923, it is a leading manufacturer of face and eye protection equipment for industry.

DOWN ON THE FARM

with Your Farm Adviser CARL F. MEES

With this dry weather continuing, it is very important that one applies a large amount of water to his evergreens. If this is not done and should it not rain before the ground freezes, one can almost be sure these shrubs will not survive the winter. Lack of water in evergreens causes winter burn. Last spring and early summer we saw a great deal of it. It will even be more serious this year, if you do not do something about it.

In watering shrubs, let the water run slowly for quite a period of time. It takes a great deal of water to wet the soil all around the shrubs.

If you do the watering now, it probably will be sufficient for your shrubs to carry them through most of the winter unless we don't get any rain or snow throughout most of the winter. Then, of course, it would have to be done periodically.

* * *

I HAVE HAD an inquiry relative to grinding or chopping up leaves, whether it would do harm to your lawn. This is an excellent practice. It will help make a good mulch for the lawn. During the dry, hot summers as the one we have just experienced, your lawn will stay much greener for it will hold the moisture better.

Some people have been concerned about oak leaves poisoning the ground. There is nothing to this theory because in the woods the oak leaves continue to fall each year and the tree grows again the next year. If it is not too shady there, the grass grows under the oak trees as well as any of the rest

It may be that if your leaves are too heavy it may cause you difficulty because of too much mulch at one time. Grind the leaves often. Do not wait until all of them fall.

So continue to grind up all of your leaves and let them serve as a good mulch for your lawn next summer. (Fm

Area Farmers May Continue To Request ACP Assistance

Farmers who need assistance in carrying out soil conservation work during the remaining few months of this year may continue to file requests for cost-sharing under the Agricultural Conservation Program, according to a statement by Carl M. Bormet, chairman of the local ASC committee.

Such requests will be considered under the 1956 program as long as funds are available.

* * *

WHEN THE BUDGET for 1956 has been reached, we shall immediately switch to the 1957 program. This is possible because the 1957 program officially opened on October 1 and it will be offered during the remaining months of this calendar year on the basis of the same practices, rates, and specifications effective for the 1956 program.

For practices completed during this period, actual payment thereon may be made out of either 1956 or 1957 funds depending on the status of our budget after performance has been determined.

* * *

BY HAVING both programs available, continued Bormet, we feel that we are in the best position to render the greatest possible service to our cooperators. The essential point for farmers to remember is that they should contact our office at the earliest possible date if they are interested in carrying out any of our authorized practices by December 31, 1956.

It is permissible, too, for farmers to sign up now for practices which they may desire to complete after January 1, 1957. However, a concentrated sign-up period for this specific purpose will be announced and held at a later date. (FM

Minerals considered necessary for human diets are: sodium, cobalt, chlorine, calcium, magnesium, potassium, manganese, zinc, phosphorous, sulphur, iron and copper.

Law On The Farm

Land for Highways

With increased planning for state and federal superhighways, many farmers in Illinois are wondering 'Can they take my farm?' The answer generally is "yes" — at least the amount needed for the road. This power to take private property for public use is known as eminent domain and is well established in the law.

The limitations on the power of eminent domain are also well established. The government must pay just compensation for the private property that it takes, and it can take only so much as it absolutely needs. If the government and the landowner privately agree on a price, the question of what is just compensation never gets to the courts.

* * *

IF THE QUESTION of value is taken to court, the owner can introduce evidence of various kinds, including testimony of real estate brokers on the sale price and use of nearby lands. "Just compensation" is defined by the courts to mean the amount that the property would bring at a fair sale when all of its uses are considered. If the landowner wishes, he may request a jury to inspect the premises and the area in order to decide on its value.

The landowner also has a right to show in court that more property is requested than is necessary. However, he will need clear and convincing proof to back up his challenge. Courts have given public agencies wide leeway in deciding how much land they need.

A LANDOWNER should thoughtfully consider the offer he receives for his land, as well as for damages to land not taken.

It may be more than he can get through court proceedings. In some cases it may be necessary to have condemnation proceedings anyway because the title is not clear or some of the owners are unknown. In these cases, and in any case where resort to the courts is contemplated, the landowner should consult an attorney.

Farm Ownership Loan Service Expanded Here

The farm ownership loan service which has enabled many farmers to buy, enlarge, or improve their farms with 40-year loans has recently been expanded to enable the Farmers Home Administration to serve the credit needs of a larger number of farm families, Robert C. Becker, the agency's county supervisor, explained today.

Under recent legislation loans may now be made primarily to refinance existing debts of owner-operators of farms no larger than family-type. In the past the agency only refinanced loans when the refinancing was incidental to the making of real estate loans for the purchase or improvement of family-type farms.

* * *

MR. BECKER said the loans for refinancing will help farmers who have adequate real estate security and who are otherwise in a sound position but who are unable to meet their present cedit obligations and need credit on more favorable terms and conditions than are currently available from other lenders.

When debts are refinanced by the Farmers Home Administration under this program, the repayments will be scheduled over periods up to 40 years according to the borrower's ability to repay. Interest, or interest plus insurance charges, will be 4½ per cent.

The regular credit services of the agency including loans for the purchase and improvement of family-type farms are continued.

* * *

PRIVATE lenders supply most of the funds for the agency's farm real estate loans under the insured loan program. The lender receives 3½ per cent interest and the Government charges an additional 1 per cent for insurance. The Farmers Home Administration makes, services, and collects the loans.

The new law also provides loans for developing and improving farms that are smaller than family-type. To be eligible an applicant must be an established farm owner, carrying on substantial farm operations and spending a major part of his time farming. He must also have a dependable source of outside income.

These loans will assist farmers who own small farms and rent additional land and small farm owners who depend on off-farm employment for part of their income. The credit can be used to improve land and buildings.

* * *

THE INTEREST rates and terms are the same as those for loans made for refinancing debts. Interest, or interest plus insurance charges will be 4½ per cent. The loans will be repayable over periods up to 40 years.

Like the loans that were already available, loans under the new authorities will be made only to applicants whose credit needs cannot be adequately handled by banks or

Aberdeen-Angus Registrations Top Beef Breeds

A gain in registrations of purebred Aberdeen-Angus cattle in 1956 has bolstered enthusiasm for the breed at a time when cattlemen in widely scattered areas are battling drought and unfavorable economic conditions.

Aberdeen-Angus registrations hit 186,771 at the close of the 1956 fiscal year, September 30, announces Frank Richards, secretary of the American Aberdeen-Angus Breeders' assn. This is the second highest annual registration in the history of the association. The Angus is the largest of the beef breeds to show a gain in registrations this year.

* * *

MORE significant in the growth of any breed of livestock is the number of new breeders entering the business each year, points out Mr. Richards. For the seventh consecutive year new breeders joining the American Aberdeen-Angus assn. have exceeded 2,000. This past 12 months the new lifetime memberships in the national organization totaled 2,371. Breed expansion pushed the adult memberships in the association to 32,286, maintaining its lead as the world's largest beef breed registry group. In addition, the association's junior members now number 3,131, of which 410 joined during the past year. (Fm

Play It Cool With Picker Warns Expert

If you "play the horses" and lose, it's money down the drain. But when you "play the picker" and lose, you may lose both money, a finger, hand or arm or your life, says O. L. Hogsett, extension safety specialist at the University of Illinois college of agriculture.

When you try to clean or adjust a picker while it's running, you're betting your hand, your arm or maybe even your life to save a couple of minutes.

* * *

YOU'RE doing the same thing when you don't put the power take-off shield on the picker. The few minutes it takes to attach shields can save many dollars and months of time if it prevents an accident.

The wise farmer won't bet something so valuable as a hand or arm when the most he can gain is a minute or two.

Your picker was designed and built with safety in mind — keep it that way. (Fm

Clever Clover 4-H Holds First Fall Meet

First fall meeting of the Clever Clover 4-H club was called to order at 8 p.m. at St. Peter Lutheran school, Arlington Heights, Friday, Oct. 19. Vice president Karen Adkisson, presided in the absence of the president, Mary Nielson.

Being the first meeting, the first order of business was election of officers. New officers for 1956-1957 are president, Karen Adkisson; vice president, Betsy Schulte; secretary, Mary Jane Shulse; treasurer, Darlene Yahnke; reporter, Betty Shulse; scrapbook chairman, Juanita Bleke; refreshment chairman, Karen Pickard; recreation chairman, Dawn Bouzee and project chairman, Pat Loechl.

This year the group has 3 leaders and one junior leader. They are Mrs. Clara Krambeer, Miss Marlne Krambeer, Mr. Edwin Yahnk, leaders, and Betty Shulse, junior leader.

It was stressed that all mothers should, if possible, attend two-thirds of the meetings. At this point each girl introduced herself and her mother. Miss Marlene Krambeer thn gave a few pointers about projects, dues, membership and parent co-operation. Each girl then signed up and registered for her projects with her mother's approval.

Refreshments of cider and donuts were served and the meeting adjourned at 9:15 o.m. (4-H

National Tops All Sales Marks

All previous sales records in the 57 year history of National Tea Co. have been surmounted, according to announcement by H. V. McNamara, the company's president.

Piling sales record upon sales record throughout 1956, the company has now accumulated nearly $38 million in increased sales for 40 weeks of operations, which is a new all-time high for the year to date, and the highest in the company's history.

* * *

SALES for the 4 weeks ending October 6, 1956, were likewise the highest for any normal four week period on record in the company's history, having been exceeded only by the final period of 1955, which included Christmas week, and which still stands slightly above the sales accomplishment for the past four weeks.

Consolidated sales for National Tea Co. for the four weeks ending October 6, totalled $48,596,029, which was an increase of $3,204,628 and a gain of 7.06 per cent over the same four week period of 1955.

* * *

NATIONAL TEA CO. stores in operation as of October 6, 1956, totalled 757 as compared with 730 stores in operation at the same time a year ago. For the year to date, the company has opened 52 new stores, of which 45 were new locations, and 7 were relocations to take the place of stores which have been closed as a result of the company's program of modernization and expansion.

For the balance of 1956, but primarily for 1957, the company anticipates 100 more new super markets, of which about 80 per cent will be entirely new locations.

Ready, Set, Glow!

We're testing and re-testing the lights at Old Orchard so we won't be caught in the dark when the big change to Central Standard Time comes this Saturday.

And we want to be ready to throw the switch and light up the Fair store when it opens early next week. The Fair is located at the south end of Old Orchard—just a hop, skip and a jump from Marshall Field's store which opened this week.

A lot of you have already visited Field's. We hope you'll be back to visit both of our big, new department stores when the Fair opens.

On each visit you can watch with us as Old Orchard grows and each of the 100 other retail stores and service establishments opens. We'll have simply everything at Old Orchard—all kinds of shops, a seven-story building, several restaurants, an auto showroom and ample parking—enough for 6,000 cars.

Frank Gaebel... "he's the most happy fella" at ROTHDALE, our new Skokie store

When Frank heard that we were opening a new store much closer to his home in Arlington, he was really overjoyed . . . not only could he save a little traveling time each day (he's quite a family man), but also the new store would be more accessible to his many friends . . . Frank's happier now in this modern, new store, and he's sure that all his friends will like it too, especially when they see the exciting new fall merchandise that he can show them . . . stop in and see him soon . . . you'll be glad that you did.

3 Bedroom Ranch
Hillside Home

With radio garage and surrounded by century old oaks on the shores of beautiful Lake Marian in the Woods. This is a private sand and gravel bottom spring-fed lake with 2 bathing beaches and excellent fishing.

As you enter this home going through the entry way and follow through to the large living room, your eyes immediately catch the beautiful view of the lake and the valley. This is seen through the floor to ceiling picture windows or if you wish a fuller view step to the door that leads out onto the balcony.

There are 3 light, airy bedrooms with shoulder high windows, large clothes closets with sliding doors, oak floors thruout. Tile kitchen with St. Charles' cabinets, double bowl sink, tiled bath with shower, linen closet, and tile floor.

Full basement with picture window facing the lake and valley. A door leading out upon a lawn spreading out to the lake shore where you have your own boat pier for swimming and fishing off your own property. A breezeway connects the house and garage.

School buses for the children. Shopping and transportation close by. Lake Marian is a community of restricted year round homes.

How We Do It

This is the first of a series to acquaint you with your Community Child Guidance Centers. Plans are going forward toward establishing a Center in the Northwest Suburban area. The names are fictionized. The places and incidents are real.

Helen Marks closed the door with a sigh, poured another cup of coffee and sat trying to recover her balance. These morning hassels! They had to stop! There must be a way! Flitting in the back of her mind was an idea — what was it she had heard? Guidance Center? I can't go on with this mad morning scramble tearing my nerves to pieces, she thought.

The following Saturday morning she attended the regularly weekly session of the Community Child Guidance Center at Haven School in Evanston. She first noted a good number of men among the group of people who sat in semi-circles facing a table. She hadn't realized that wathers were participating. Later she discovered that teachers from both private and public schools and University students were among the members of the group. The general atmosphere suggested panel discussions she recalled from her school days.

The parents receiving counseling today were sitting in the first row facing the table while the counselor and recorder, on the opposite side of the table, were facing the group.

As the discussion got under way with the counselor asking questions of the parents, Helen became aware of an acute and instantaneous feeling, "I am part of this group!" The father was protesting, "But those 2 kids fight and wrangle all the time. They dawdle dressing, fight over who gets the bathroom, are late for breakfast and my wife has to push and shove and yell to get them off to school. I leave just before the kids do, and she's a nervous wreck even then. They are impossible."

Helen nodded—"Exactly" and became aware of others around her doing the same thing. Here then, were common problems. These things happen in every home. Being interviewed wasn't at all embarassing as she had supposed. The close knit feeling of the group encompassed her.

The counselor asked the parents what they felt the children gained by this morning confusion. What is the purpose of this behaviour? Helen was to learn that the answer to this question is the structural aim of the Centers. The Counselor's deftly placed questions brought out that the parents considered 8-year-old Susan a good girl and 9½-year-old Carol a bit of a trouble-maker. It soon became obvious that both girls enjoyed the excitement of the morning confusion because both parents became so involved and were kept "busy" with the girls. Before making any recommendations, the counselor asked that the parents leave the room and the girls come in. As the change was taking place the counselor reminded the group that children are natural actors and love playing to the gallery. Experience has shown that a child's problem is sometimes more quickly cleared up in a group situation because the child learns that his problem is not different from the problems of others and that the whole community is concerned with his welfare.

The interview with the girls proved terribly exciting. Carol quickly showed she means to be the more important one by entering ahead of her sister and telling Susan to sit down. Susan showed impeccable manners throughout the interview, answering quietly whenever Carol gave her a chance. Most of the preliminary "get acquainted" questions were answered by Carol in a straightforward manner. Both girls were utterly charming. Asked why they quarreled, both girls became solemn and neither had a ready answer. When the counselor suggester perhaps they quarreled because it kept mother and father so busy with them, both girls glanced at each other with a tiny smile around their eyes and showed that knowing look. They were aware of the hidden purpose of their behaviour. When asked if they would like it if the counselor told mother and daddy to mind their own business and keep out of the quarrels, both girls looked a bit dismayed and doubtfully agreed. It was as if they were considering, "Then how will we keep them concerned with us?"

Heen was surprised at the willingness of the children to talk about their troubles in front of a group and realized that they really are not afraid to talk about themselves if they feel that the adults are sympathetic.

The children returned to the playroom and the parents returned to the group for recommendations as to what they could do.

Death Notices

IN MEMORIAM

In loving memory of our dear daughter and sister, Heidemarie, who passed away 1 year ago, October 28, 1955.
You are not forgotten, loved one,
Nor will you ever be;
Long as life and memory last
We will remember thee.
Joseph and Kathryn Wittje
Loving parents, and
brother Heinz.

CARD OF THANKS

Because so many memorials for Dr. E. A. Elfeld were received without address, his family takes this way of expressing their appreciation to them and to all who helped in any way during their short stay.

Lessons In English

by W. L. GORDON

Do not say, "You are right about him wanting to help us out." Say, "About his wanting to help us," and omit "out."

Avoid the expression, "usual custom." "Usual" is redundant, inasmuch as "custom" means a habitual or usual course of action.

Distinguished between "all together" (two words, meaning in concert) and "altogether" (one word, meaning wholly). "They sang all together." "This is altogether strange."

Do not say, "It is very handy to live near the stores." Say, "It is very convenient."

Do not say, "I have an idea that they have left the city." It is better to say, "I think that they have left the city."

Do not say, "He was bold enough to say it in front of me." Say, "He was bold enough to say it in my presence."

Acumen. Pronounce ah-kyumen, accent on second syllable.

Persiflage. Pronounce pur-hi-flahzh, accent first syllable.

Miscreant. Pronounce miss-kree-ant, accent first syllable.

Predecessor. Pronounce first "e" as in "press," not as in "preach," and accent third syllable.

Ere (before) and err (to do wrong). Pronounce "ere" as "air." Pronounce "err" as "uhr."

Refund (noun). The preferred accent is on second syllable, just as in the verb.

Access (admittance); excess (greater amount). Adaptation (adjustment); adoption (taking by choice). Pulmotor; one "l." Portable (capable of being carried); potable (drinkable). Likely, "ly;" likelihood, "li." Strategy; "egy," not "agy."

Word Study

"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

ALTRUISTIC; actuated by a regard for the welfare of others; benevolent. "His altruistic attitude towards those in need did not blind him to the needs of his own family."

MILIEU; environment; setting. (Pronounce mee-lyu, accent second syllable). "The cultural milieu hiwetgorsuh n friendswhichvgbmm through which his new friends traveled impressed John."

Concomitant (noun); that which accompanies (accent second syllable). "The concomitants of war are horrible."

DIDACTICALLY; in an instructive way, in the manner of a teacher. (Pronounce die-dak-tik-ahli, accent second syllable.) "His superior officer was offended because the man pointed out the obvious too didactically."

For a company breakfast, try this as a gay beginning: Cut grapefruit into halves, then remove the pulp from the shells. Then mix with crushed pineapple. Spoon the mixture back into the shells and garnish with a square of bright jelly.

In these days of calorie-counting, we've got to be careful not to deprive ourselves and our families of the energy foods we all need every day. A good job at work — at school — at home — is vitally dependent on plenty of energy.

There's no better (or more satisfying) source of energy than good, nutritious home baking. And this means energy - full, protein - rich Ceresota flour. Because Ceresota is UNBLEACHED, its natural goodness makes for fuller flavor, better texture, and finer appearance in your baked goods—every time.

Remember, among all leading brands, Ceresota is the only UNBLEACHED, NATURALLY WHITE flour. Yet it costs you not one penny more!

These cool mornings can really be cheery with "Swedish Braided Coffee Cake." You can bake this different breakfast surprise in the evening—then warm and serve in the morning.

Swedish Braided Coffee Cake

Ingredients
1 cup milk
½ cup sugar
1 teaspoon salt
2 small cakes yeast (or 2 pkgs. dry active yeast)
2 eggs
½ cup butter or shortening
1 teaspoon cardamon (ground)
5 cups Ceresota unbleached flour

Scald the milk, add sugar, salt, and butter. Cool to lukewarm. Add yeast and stir until dissolved. Add eggs and mix. Add flour and cardamon and mix well. Place on floured board and knead until smooth. Cover and let rise in warm place until doubled in buik. Punch down—let rise again until light. Divide into 3 equal portions. Roll each into a 14" long even strand. Braid gently and loosely beginning at middle. Work toward ends. Do not stretch. Place on greased cookie sheet. Cover and let rise until light. Brush on beaten egg and sprinkle with granulated sugar. Bake in 350° oven for about 40 minutes.
